MINUTES OF AUGUST 19, 2013 MEETING
KING KALAKAUA BUILDING
QUEEN KAPIOLANI CONFERENCE ROOM**

Present: Martha Im, Insurance Division; Gordon Ito, Insurance Commissioner; Ann Le Lievre, Insurance Division; Lori Lum, Watanabe Ing LLP, representing Property Casualty Insurers Association of America; Alison Powers, Hawaii Insurers Council; Bob Toyofuku, Commission to Promote Uniform Legislation; Tiffany Yajima, Ashford & Wriston LLLP.

Conference Call Participants: Alex Hageli, Property Casualty Insurers Association of America; Robert Joslin, Hawaii Public Adjusters; Bob Nash, State Farm Insurance Companies; Mark Sektnan, Property Casualty Insurers Association of America.

1. Call to order; public notice

Insurance Commissioner Gordon Ito called the meeting to order at 10:05 a.m. Public notice for this meeting was timely filed with the Lieutenant Governor's office on August 7, 2013.

Commissioner Ito opened the meeting by welcoming members and participants, and also reminded members that the Working Group is following the Sunshine Law. Discussion among members should occur in open hearing.

2. Approval of minutes of July 31, 2013 meeting

The minutes of the July 31, 2013 meeting were previously circulated to members for their review.

Alex Hageli stated a correction was needed on page 3 of the proposed July 31, 2013 minutes. He clarified that he did not state that the scope of Hawaii's Uniform Electronic Transactions Act (UETA) statute was broader than UETA. Rather, he raised as a point of discussion, language in Senate Concurrent Resolution 159 that seemed an overly broad statement regarding Hawaii's UETA statute excluding insurance documents and notices from its purview. He believed that Hawaii's UETA statute excluded insurance notices of cancellation only and not all insurance documents and notices.

Alex Hageli moved, and Bob Toyofuku seconded, to approve the minutes of the July 31, 2013 meeting as corrected. The motion passed unanimously.

3. Discussion of state laws regarding electronic notices

A. Working Group Representatives' positions on use of electronic notices and documents

Commissioner Ito stated that at the initial July 31, 2013 meeting, he asked Working Group representatives to submit their respective positions regarding use of electronic insurance notices and documents. Documents were circulated to the members of the working group, as well as other participants in advance of today's meeting. A copy of the following documents circulated are attached hereto and incorporated as part of the meeting minutes: NAIC Compendium of State Laws regarding Electronic and Digital Signature Law of General Application, attached as Exhibit A; Tennessee Department of Commerce and Insurance Bulletin dated January 26, 2012 regarding Electronic Notifications, attached as Exhibit B; 2011 Maryland Senate Bill 571 regarding Insurance – Delivery of Notices by Electronic Means, attached as Exhibit C; Memorandum from Alison Powers, Hawaii Insurers Council, dated August 9, 2013 regarding parameters of an electronic documents law in Hawaii with four attachments [Electronic Posting of Policies; Posting of Policy Documents – Benefits; 2013 Minnesota Bill H.F. No. 1587; Nevada draft law regarding electronic transmission of insurance documents], attached as Exhibit D; Letter from Mark Sektnan, Property Casualty Insurers Association of America, to Gordon I. Ito, dated August 9, 2013 with the following attachment: Electronic Documents in Insurance – Laws & Regulations Chart, attached as Exhibit E.

Alison Powers of Hawaii Insurers Council (HIC) stated HIC was in support of use of electronic insurance notices and documents, similar to the statutory language used by Minnesota or by Nevada. She noted that Nevada had not yet enacted legislation as proposed. Both Minnesota and Nevada have provisions that allow for posting of documents on websites, provided such documents contain no personally identifiable information.

Mark Sektnan of Property Casualty Insurers Association of America (PCI) stated PCI would encourage provisions that allow consumers to receive documents electronically in as easy and effective a way as possible. He noted that UETA has opt-in provisions. PCI would want provisions that are consistent with UETA. The website would need to be a secure, password protected site. For standard policy forms and endorsements with no personally identifiable information, PCI supports having documents in electronic format, with opt-out provisions to receive paper documents.

Bob Nash of State Farm Insurance Companies (State Farm) stated State Farm generally supports opt-in provisions; State Farm does however fully support opt-out provisions that would allow consumers to look at policy forms on the website.

Commissioner Ito raised the following question: if policy forms and endorsements are provided electronically or posted on the website, and subsequent changes are made to the forms or endorsements, how would the consumer know there

are changes to the form or endorsements? Bob Toyofuku asked if notice would be sent to the individual policyholder or if a mass notification would be sent out regarding any change?

Bob Nash stated that changes would be policyholder-specific and any change notifications are currently done by State Farm through paper notification.

B. Minnesota Law and other state laws

Discussion regarding the Minnesota law ensued. Alison Powers represented that there are two (2) parts to the Minnesota statute: 1) the standard policy form and standard endorsements, that have no personally identifiable information, would be posted on the website and the policyholder must opt-out to receive the documents and endorsements in paper form; and 2) documents with personally identifiable information are in paper form and the policyholder must opt-in to receive them in electronic form.

Commissioner Ito asked how a policyholder would be able to confirm that the policy or endorsement is accurate.

Bob Nash stated for those who favor opt-out, or receiving documents electronically, the notice of change to a policy would be opt-in. To receive standard policy forms, policy holders would opt-out to receive them in paper format.

Alex Hageli stated the Model Law, like Minnesota, requires the insurer to provide the policyholder the policy or endorsement in the method by which the policyholder requests. If there is a standard policy and endorsement with no personally identifiable information, the policyholder would be provided a link to the standard form policy and endorsement purchased. The Model Law on which the Minnesota law is based would have everything else as an opt-in. If policyholders want paper copies of standard policies and endorsements, there would be no charge.

Commissioner Ito asked if electronic transmission of notices and documents would be appropriate in certain circumstances, such as with uninsured/underinsured motorist (UM/UIM) coverage. If an individual chooses not to purchase UM/UIM coverage, this would not be in the standard policy form. As there would be personally identifiable information in such a policy, a consumer would need to opt-in to receive the policy in electronic format. Alison Powers agreed that coverage issues for UM/UIM motorists in a policy would contain personally identifiable information, therefore, the election form would not be available on the website and a policyholder would need to opt-in to have access to an electronic version of the policy. Bob Toyofuku added that the declaration page of a policy would be specific to an individual; therefore, a policyholder would need to opt-in.

When asked for clarification of the terms “opt-in” and “opt-out”, it was stated that for purposes of the discussion, to “opt-in” means there is a conscious choice by the policyholder to obtain any documents or notices electronically. The consumer must

affirmatively assent to receive the documents electronically. When a policyholder chooses to "opt-out", they will receive the document or notice in hard copy or paper form.

Bob Toyofuku shared that a number of states have enacted UETA. He wrote to the Commission to Promote Uniform Legislation, and will be in contact with the chair of the original UETA drafting committee, to obtain information regarding both the industry and consumer perspectives on use of electronic transmission of insurance documents. He will also contact his counterpart in Minnesota to discuss the pros and cons of having documents and notices in electronic format.

Discussion ensued regarding UETA having been passed in 1999 and the many changes since then. Younger consumers want documents by electronic means and do not want a hard copy mailed to them. The other perspective to consider is the termination of coverage without notice. It was pointed out that even when a policy premium is mailed, the premium notice is often overlooked as some individuals do not realize the bill is included along with the policy in the thick mailing envelope.

Alex Hageli suggested Bob Toyofuku also speak with Kansas and Missouri as those two states enacted the same law as Minnesota this year. Alison Powers stated the Minnesota law is very new, implemented on August 1. The Minnesota statute, based on the industry Model Law, has both opt-in and opt-out language, and is a separate law from UETA. The opt-in language in the Model Law is the state version of the federal Electronic Signatures in Global and National Commerce Act (E-SIGN) law. Virginia is the state with the oldest opt-out version, enacted in 2011.

PCI opposes language that would have any proposed law be completely opt-in. State Farm is okay with either an opt-in or opt-out provision in any proposed law for Hawaii. HIC expressed wanting the standard policy form and endorsements be an opt-out option.

Robert Joslin raised the question of whether having electronic versions of insurance policies and other documents would result in re-writing the Insurance Code. Alex Hageli shared that Minnesota, Kansas, and Missouri laws are the Federal E-SIGN law tailored to the state insurance code. The Model law these three (3) states based their laws on specifically applies to the insurance industry. Hawaii law already applies to banks and financial institutions. Having language in place in the Insurance Code will avoid any confusion that insurers are allowed to provide documents in electronic format.

Further considerations were raised as to the problems consumers in Hawaii, especially the elderly, may face with electronic insurance documents and notices such as cancellations and non-renewals. Some individuals are in areas with poor cell phone receptions and internet access. It was brought up that only those who opt-in will receive electronic notices. Policyholders would be asked to provide an email address, which would remind the individual that they requested electronic policies.

The percentage of policyholders requesting electronic documents varies. For PCI, over 50% of their policyholders are requesting electronic versions. State Farm represented the preference for electronic documents may stem from a “green” issue and wanting to preserve the environment. Consumers requesting lower premiums if they choose for electronic documents is really a ratings issue.

Commissioner Ito stated that a cursory review of the Minnesota law shows the only line of insurance not allowed in electronic format is health. Most of the law addresses property and casualty. It was not clear if the law applied to life.

HIC stated they are not opposed to narrowly applying any Hawaii law to property and casualty only. State Farm stated electronic delivery with opt-in provisions would be appropriate for property and casualty, as well as life, but that health insurance would be entirely different.

4. Possible discussion topics and presentations for future meetings

All participants in the call today will be provided a copy of the Model Law, as well as the Minnesota, Missouri, and Kansas laws. All materials to be circulated should be sent to Martha Im, with a cc to Ann Le Lievre, in advance of the next meeting. Martha's contact information remains the same.

Members will discuss the scope of use of electronic insurance documents and notices for the next meeting, whether use should be limited to property and casualty only, or to both property and casualty and life. Representatives from the life insurance industry will be invited to the next meeting to provide input.

It is anticipated that the Working Group will have a better sense of everyone's positions on this issue, and at the next meeting, the Working Group may take a vote on any recommendations to the Legislature if there is enough information.

5. Submission of testimony by interested parties and members of the public

Interested parties and members of the public may submit testimony to the Working Group by: mail (335 Merchant St #213, Honolulu, HI 96813), fax (808-586-2806), or email (ins@dcca.hawaii.gov).

6. Next meeting

The Working Group agreed to schedule the next two (2) meetings in anticipation of submitting a recommendation and draft report to the Legislature.

The next meeting will take place on Tuesday, September 3, 2013 at 11:00 a.m. Hawaii time. Anticipated topics of discussion will focus on other states' use of electronic

notices, and discussion of a draft report. If there is no consensus, discussion will focus on how to frame the report.

The fourth meeting of the Working Group is scheduled for September 16, 2013 at 10 a.m. Hawaii time.

7. Adjournment

The meeting was adjourned at 11:00 a.m.

RE: Electronic Notifications

DATE: January 26, 2012

The Insurance Division of the Department of Commerce and Insurance ("Division") has received recent inquiries from insurers as to whether electronic mail messages are allowable to comply with statutorily required notification to policyholders. The purpose of this bulletin is to offer the Division's interpretation of whether electronic mail messages constitute effective notice under the Tennessee insurance law, codified in Title 56 of Tennessee Code Annotated (the "Law").

Insurers are directed several times in the Law to notify policyholders of cancellation, conditional renewal, and nonrenewal events and in certain circumstances of premium increases. Each of these directives are specific in requiring insurers to either "mail" or "deliver" notice to their insureds *at the address shown in the policy* prior to or within a time after the occurrence of one of the above named events. After having reviewed the various laws requiring notice and in considering their intent, the Division interprets effective notice as required under the Law to include electronic mail messages to policyholders **where the policyholder's electronic mail address is on file with the insurer and where the policyholder elects to receive communications through electronic mail.**

The Division understands that allowing electronic mailings in place of physical mailings could result in significant cost savings to the insurers, which may then presumably be passed on to insureds. However, physical mailings delivered through the United States Postal Service do provide safeguards not available to electronic mailings; for example, a policyholder who moves will leave a change of address with the post office and will have his mail forwarded, even where he forgets to change his address with his insurance company. The delivery of certain notifications to the policyholder, such as cancellation, are of paramount importance for consumer protection.

In order to ensure that those consumer protections contemplated by the statutory notice requirements are upheld, the Division will require that policyholders be given the option

Memorandum To All Licensed Insurers

Page 2 of 2

to continue to receive hard copy mailings of notice requirements or other communications. Further, the Division will require that the insurer make a disclosure to any policyholder electing to receive communications electronically, either in the language of the policy itself or in a separate disclosure form presented for the policyholder's signature. The policyholder's signature may include an electronic signature as contemplated by the Uniform Electronic Transactions Act found at Tennessee Code Annotated, Section 47-10-101, et seq. This disclosure must contain the following or substantially similar language:

"The policyholder electing to allow for notices and communications to be sent to the electronic mail address provided by the policyholder should be aware that the insurer rightfully considers this election to be consent by the policyholder that all notices may be sent electronically, including notice of nonrenewal and notice of cancellation. Therefore the policyholder should be diligent in updating the electronic mail address provided to the insurer in the event that the address should change."

An insurer's failure to grant a request from a policyholder to continue to receive hard copy mailings of communications from the insurer or an insurer's failure to provide the above disclosure where required could result in the Division taking action against the insurer's license pursuant to the authority of Tenn. Code Ann. § 56-2-305.

This Bulletin should not be construed to apply to any notice required to be given to enrollees in the TennCare program.

Any questions about the intent of this Bulletin should be directed to the Insurance Division, 4th Floor, Davy Crockett Tower, 500 James Robertson Parkway, Nashville, Tennessee, 37243, and/or telephone number (615) 741-2176.

MEMORANDUM

TO: Electronic Insurance Notices and Documents Working Group

FROM: Alison Powers, Executive Director

RE: Parameters of an electronic documents law in Hawaii

Hawaii Insurers Council (HIC) has distributed information from the Working Group that comprised of a list from NAIC on electronic document laws in other states, provisions from Tennessee, and provisions from Maryland. This memo is eight (8) days from the distribution of these documents and the following represents input from most of the HIC members.

Of the fifteen insurer members of HIC, I have had input from nine or 60%. There are several recurring themes as outlined below and a general statement on the issue:

E-documents is an important issue to our member companies because they are facing increasing demand from their customers to interact electronically. Customers have become accustomed to dealing through electronic means in many aspects of their lives including online banking, electronic bill payment, general mobile applications, and text communications. They have come to expect that they can interact with their insurance company in the same manner. Many of our customers no longer want paper for their files and prefer to be able to access a secure self-service website at their convenience. They often complain when an insurance company is unable to accommodate them in this way. Therefore, our member companies believe it is important that any recommendation of the Working Group preserves an environment where they can provide service to meet today's modern electronic standards.

1. Law should be simple and stand alone, contained in the insurance code, but subject to UETA.

2. Amend UETA law to allow e-documents for property and casualty insurers.
3. Opt-in requirements of the law while providing consumer protections, should not be overly burdensome to the consumer or to the insurer so as to negate or reduce savings from e-documents. A majority of insurance documents would fall under opt-in requirements. Examples of opt-in type documents would be a declarations page that includes the insured's personal identifiable information as well as coverage limits and premiums, and a bill for the premium.
4. In addition to an opt-in requirement we would like to see language that would allow insurers to post certain documents on a website. Provisions contain consumer protections and would apply to documents that do not contain personally identifiable information such as policies and endorsements. According to PCI, laws containing these provisions exist in the following states: AL, AK, AZ, FL, IL, KS, MI, MN, MO, OK, TX, and VA.

Attachments "A" and "B" listed below outline these provisions and benefits for consumers. Attachments "C" and "D" are examples of language we prefer for e-documents and include web-site language.

We submit the following documents for review by the Working Group:

- A. "Electronic Posting of Policies"
This one page document outlines the provisions that would apply to documents posted on a website.
- B. "Posting of Policy Documents – Benefits"
This one page document describes benefits for consumers and insurers by utilizing website posting of policy documents.
- C. Minnesota law. This law passed in 2013 and contains provisions in "A" above, on website documents.
- D. Nevada draft law. This law did not pass, however, is a clean and straightforward approach. It also contains provisions in "A" above.

Thank you and I look forward to the next meeting on August 19.

Electronic Posting of Policies

Standard property and casualty insurance policies and endorsements that do not contain personally identifiable information may be mailed, delivered, or posted on the insurer's Web site.* If the insurer elects to post insurance policies and endorsements on its Web site in lieu of mailing or delivering them to the insured, it must comply with all of the following conditions:

- (a) The policy and endorsements must be easily accessible and remain that way for as long as the policy is in force;
- (b) After the expiration of the policy, the insurer must archive its expired policies and endorsements and make them available upon request;
- (c) The policies and endorsements must be posted in a manner that enables the insured to print and save the policy and endorsements using programs or applications that are widely available on the Internet and free to use;
- (d) The insurer provides notice, in the manner it customarily communicates with an insured, at the time of issuance of the initial policy forms and any renewal forms of a method by which insureds may obtain, upon request and without charge, a paper or electronic copy of their policy or endorsements;
- (e) On each declarations page issued to an insured, the insurer must clearly identify the exact policy and endorsement forms purchased by the insured; and
- (f) The insurer provides notice, in the manner it customarily communicates with an insured, of any changes to the forms or endorsements, and of the insured's right to obtain, upon request and without charge, a paper or electronic copy of such forms or endorsements.

Posting of Policy Documents – Benefits

POLICY CONTRACTS ARE WELL-SUITED FOR ONLINE POSTING

- The vast majority of policy forms are standard forms that are publicly filed
- The standard policy form language does not contain personally identifiable information or other items that are unique to individual consumers
- Market research shows that most consumers do not read the forms
- Consumers wanting paper contracts would still be available at no cost

BENEFITS FOR CONSUMERS

- This change in law would allow consumers to review policy forms online of other insurers
- This could lead to better information for consumers shopping for insurance
- Electronic downloads can be searchable documents
- Policy forms and endorsements often exceed 50 pages
- Availability online would reduce mailing, printing, paper and other costs
- Personal auto insurance is a highly competitive market where cost savings can result in lower prices for consumers
- Only the standard forms are allowed to be posted on a website
- Consumers can still obtain from the insurer forms at no charge if they are unable to obtain it from the website
- Archived forms must be available for at least five (5) years
- Other states have passed or are considering similar legislation

1.19 Sec. 2. [60A.139] ELECTRONIC NOTICES AND DOCUMENTS.

1.20 Subdivision 1. Terms defined. In this section, the following words have the
1.21 meanings given them:

1.22 (1) "delivered by electronic means" includes:
1.23 (i) delivery to an e-mail address at which a party has consented to receive notices or
1.24 documents; or

2.1 (ii) posting on an electronic network or Web site accessible via the Internet, mobile
2.2 application, computer, mobile device, tablet, or other electronic device, together with
2.3 separate notice of posting, which must be provided by electronic mail to the address at
2.4 which the party has consented to receive notice or by any other delivery method that
2.5 has been consented to by the party; and

2.6 (2) "party" means a recipient of a notice or document required as part of an insurance
2.7 transaction including, but not limited to, an applicant, an insured, a policyholder, or an
2.8 annuity contract holder.

2.9 Subd. 2. Requirements. Subject to subdivision 4, a notice to a party or other
2.10 document required under applicable law in an insurance transaction or that is to serve as
2.11 evidence of insurance coverage may be delivered, stored, and presented by electronic
2.12 means so long as it meets the requirements of the Uniform Electronic Transactions Act,
2.13 chapter 325L.

2.14 Subd. 3. Equivalent to other required methods. Delivery of a notice or document
2.15 in accordance with this section is considered equivalent to a delivery method required
2.16 under applicable law, including delivery by first class mail; first class mail, postage
2.17 prepaid; certified mail; certificate of mail; or certificate of mailing.

2.18 Subd. 4. Conditions for electronic delivery. A notice or document may be
2.19 delivered by electronic means by an insurer to a party under this section if:

2.20 (1) the party has affirmatively consented to that method of delivery and has not
2.21 withdrawn the consent;

2.22 (2) the party, before giving consent, is provided with a clear and conspicuous
2.23 statement informing the party of:

2.24 (i) a right or option of the party to have the notice or document provided or made
2.25 available in paper or another nonelectronic form;

2.26 (ii) the right of the party to withdraw consent to have a notice or document delivered
2.27 by electronic means and any fees, conditions, or consequences imposed in the event
2.28 consent is withdrawn;

2.29 (iii) whether the party's consent applies:

2.30 (A) only to the particular transaction as to which the notice or document must be
2.31 given; or

2.32 (B) to identified categories of notices or documents that may be delivered by
2.33 electronic means during the course of the parties' relationship;

2.34 (iv)(A) the means, after consent is given, by which a party may obtain a paper copy
2.35 of a notice or document delivered by electronic means; and

2.36 (B) the fee, if any, for the paper copy; and

3.1 (v) the procedure a party must follow to withdraw consent to have a notice or
3.2 document delivered by electronic means and to update information needed to contact
3.3 the party electronically;

3.4 (3) the party:

3.5 (i) before giving consent, is provided with a statement of the hardware and software
3.6 requirements for access to and retention of a notice or document delivered by electronic
3.7 means; and

3.8 (ii) consents electronically, or confirms consent electronically, in a manner that
3.9 reasonably demonstrates that the party can access information in the electronic form that
3.10 will be used for notices or documents delivered by electronic means to which the party has
3.11 given consent; and

3.12 (4) after consent of the party is given, the insurer, in the event a change in the
3.13 hardware or software requirements needed to access or retain a notice or document
3.14 delivered by electronic means creates a material risk that the party will not be able to
3.15 access or retain a subsequent notice or document to which the consent applies:

3.16 (i) provides the party with a statement of:

3.17 (A) the revised hardware and software requirements for access to and retention of a
3.18 notice or document delivered by electronic means;

3.19 (B) the right of the party to withdraw consent without the imposition of a fee,
3.20 condition, or consequence that was not disclosed under clause (2); and

3.21 (ii) complies with clause (2).

3.22 Subd. 5. **Content or timing not affected.** This section does not affect requirements
3.23 related to content or timing of a notice or document required under applicable law.

3.24 Subd. 6. **Verification or acknowledgement of receipt.** If a provision of applicable
3.25 law requiring a notice or document to be provided to a party expressly requires verification
3.26 or acknowledgement of receipt of the notice or document, the notice or document may
3.27 be delivered by electronic means only if the method used provides for verification or
3.28 acknowledgement of receipt.

3.29 Subd. 7. **Failure to obtain consent.** The legal effectiveness, validity, or
3.30 enforceability of a contract or policy of insurance executed by a party may not be denied
3.31 solely because of the failure to obtain electronic consent or confirmation of consent of the
3.32 party in accordance with subdivision 4, clause (3), item (ii).

3.33 Subd. 8. **Withdrawal of consent.** (a) A withdrawal of consent by a party does not
3.34 affect the legal effectiveness, validity, or enforceability of a notice or document delivered
3.35 by electronic means to the party before the withdrawal of consent is effective.

4.1 (b) A withdrawal of consent by a party is effective within a reasonable period of
4.2 time after receipt of the withdrawal by the insurer.

4.3 (c) Failure by an insurer to comply with subdivision 4, clause (4), may be treated, at
4.4 the election of the party, as a withdrawal of consent for purposes of this section.

4.5 **Subd. 9. Prior consent.** If the consent of a party to receive certain notices or
4.6 documents in an electronic form is on file with an insurer before the effective date of
4.7 this act and, pursuant to this section, an insurer intends to deliver additional notices or
4.8 documents to the party in an electronic form then, before delivering the additional notices
4.9 or documents electronically, the insurer shall notify the party of:

4.10 (1) the notices or documents that may be delivered by electronic means under this
4.11 section that were not previously delivered electronically; and

4.12 (2) the party's right to withdraw consent to have notices or documents delivered
4.13 by electronic means.

4.14 **Subd. 10. Property and casualty policies and endorsements.** Notwithstanding any
4.15 other provisions of this section and of section 60A.08, subdivision 3, standard property and
4.16 casualty insurance policies and endorsements that do not contain personally identifiable
4.17 information may be mailed, delivered, or posted on the insurer's Web site. If the insurer
4.18 elects to post insurance policies and endorsements on its Web site in lieu of mailing or
4.19 delivering them to the insured, it must comply with all of the following conditions:

4.20 (1) the policy and endorsements must be accessible and remain that way for as long
4.21 as the policy is in force;

4.22 (2) after the expiration of the policy, the insurer must archive its expired policies and
4.23 endorsements for a period of five years and make them available upon request;

4.24 (3) the policies and endorsements must be posted in a manner that enables the
4.25 insured to print and save the policy and endorsements using programs or applications that
4.26 are widely available on the Internet and free to use;

4.27 (4) the insurer provides the following information in or simultaneously with each
4.28 declarations page provided at the time of issuance of the initial policy and any renewals
4.29 of that policy:

4.30 (i) a description of the exact policy and endorsement forms purchased by the insured;

4.31 (ii) a method by which the insured may obtain, upon request and without charge,
4.32 a paper copy of the policy; and

4.33 (iii) the Internet address where the policy and endorsements are posted; and

4.34 (5) the insurer provides notice, in the manner it customarily communicates with an
4.35 insured, of any changes to the forms or endorsements, the insured's right to obtain, upon

5.1 request and without charge, a paper copy of such forms or endorsements, and the Internet
5.2 address where such forms or endorsements are posted.

5.3 Subd. 11. **Oral communications.** Except as otherwise provided by law, if an oral
5.4 communication or a recording of an oral communication from a party can be reliably
5.5 stored and reproduced by an insurer, the oral communication or recording may qualify
5.6 as a notice or document delivered by electronic means for purposes of this section. If a
5.7 provision of this title or applicable law requires a signature or notice or document to be
5.8 notarized, acknowledged, verified, or made under oath, the requirement is satisfied if the
5.9 electronic signature of the person authorized to perform those acts, together with all other
5.10 information required to be included by the provision, is attached to or logically associated
5.11 with the signature, notice, or document.

5.12 Subd. 12. **Effect or other law.** This section may not be construed to modify, limit,
5.13 or supersede the provisions of the federal Electronic Signatures in Global and National
5.14 Commerce Act, Public Law 106-229, as amended.

5.15 Subd. 13. **Application.** This section does not apply to:

5.16 (1) a nonprofit health service plan corporation licensed under chapter 62C;
5.17 (2) a health maintenance organization licensed under chapter 62D; or
5.18 (3) a health carrier, as defined under section 62A.011, subdivision 2, that is affiliated
5.19 with a nonprofit health service plan corporation licensed under chapter 62C or a health
5.20 maintenance organization licensed under chapter 62D.

6.27 or after a loss, the insured has willfully and with intent to defraud, concealed or
6.28 misrepresented any material fact or circumstance concerning this insurance or the subject
6.29 thereof, or the interests of the insured therein.

6.30 This policy shall not cover accounts, bills, currency, deeds, evidences of debt, money
6.31 or securities; nor, unless specifically named hereon in writing, bullion, or manuscripts.

7.2 originate from any of the perils excluded by this policy.

7.3 This company shall not be liable for loss by fire or other perils insured against in
7.4 a commercial policy caused, directly or indirectly, by terrorism, unless an endorsement
7.5 specifically assuming coverage for loss or damage caused by terrorism is attached to
7.6 the policy.

7.7 Other insurance may be prohibited or the amount of insurance may be limited by so
7.8 providing in the policy or an endorsement, rider or form attached thereto.

7.9 Unless otherwise provided in writing added hereto this company shall not be liable
7.10 for loss occurring:

7.11 (a) while the hazard is increased by any means within the control or knowledge of
7.12 the insured; or

7.13 (b) while the described premises, whether intended for occupancy by owner or
7.14 tenant, are vacant or unoccupied beyond a period of 60 consecutive days; or

7.15 (c) as a result of explosion or riot, unless fire ensue, and in that event for loss by
7.16 fire only.

7.17 Any other peril to be insured against or subject of insurance to be covered in this
7.18 policy shall be by endorsement in writing hereon or added hereto.

7.19 The extent of the application of insurance under this policy and the contributions to be
7.20 made by this company in case of loss, and any other provision or agreement not inconsistent
7.21 with the provisions of this policy, may be provided for in writing added hereto, but no
7.22 provision may be waived except such as by the terms of this policy is subject to change.

7.24 valid, unless granted herein or expressed in writing added hereto. No provision, stipulation

7.28 this company shall, upon demand and surrender of this policy, refund the excess of paid
7.29 premium above the customary short rates for the expired time. This policy may be canceled
7.30 at any time by this company by giving to the insured a written notice of cancellation with
7.31 or without tender of the excess of paid premium above the pro rata premium for the expired
7.32 time, which excess, if not tendered, shall be refunded on demand. Notice of cancellation
7.33 shall state that said excess premium (if not tendered) will be refunded on demand.

7.34 If loss hereunder is made payable, in whole or in part, to a designated mortgagee or
7.35 contract for deed vendor not named herein as insured, such interest in this policy may be
7.36 canceled by giving to such mortgagee or vendor a ten days' written notice of cancellation.

8.1 Notwithstanding any other provisions of this policy, if this policy shall be made
8.2 payable to a mortgagee or contract for deed vendor of the covered real estate, no act or
8.3 default of any person other than such mortgagee or vendor or the mortgagee's or vendor's
8.4 agent or those claiming under the mortgagee or vendor, whether the same occurs before or
8.5 during the term of this policy, shall render this policy void as to such mortgagee or vendor
8.6 nor affect such mortgagee's or vendor's right to recover in case of loss on such real estate;
8.7 provided, that the mortgagee or vendor shall on demand pay according to the established
8.8 scale of rates for any increase of risks not paid for by the insured; and whenever this
8.9 company shall be liable to a mortgagee or vendor for any sum for loss under this policy
8.10 for which no liability exists as to the mortgagor, vendee, or owner, and this company shall
8.11 elect by itself, or with others, to pay the mortgagee or vendor the full amount secured
8.12 by such mortgage or contract for deed, then the mortgagee or vendor shall assign and
8.13 transfer to the company the mortgagee's or vendor's interest, upon such payment, in the
8.14 said mortgage or contract for deed together with the note and debts thereby secured.

8.15 This company shall not be liable for a greater proportion of any loss than the amount
8.16 hereby insured shall bear to the whole insurance covering the property against the peril
8.17 involved.

8.18 In case of any loss under this policy the insured shall give immediate written notice
8.19 to this company of any loss, protect the property from further damage, and a statement
8.20 in writing, signed and sworn to by the insured, shall within 60 days be rendered to the
8.21 company, setting forth the value of the property insured, except in case of total loss on
8.22 buildings the value of said buildings need not be stated, the interest of the insured therein,
8.23 all other insurance thereon, in detail, the purposes for which and the persons by whom the
8.24 building insured, or containing the property insured, was used, and the time at which and
8.25 manner in which the fire originated, so far as known to the insured.

8.26 The insured, as often as may be reasonably required, shall exhibit to any person
8.27 designated by this company all that remains of any property herein described, and, after
8.28 being informed of the right to counsel and that any answers may be used against the
8.29 insured in later civil or criminal proceedings, the insured shall, within a reasonable period
8.30 after demand by this company, submit to examinations under oath by any person named by
8.31 this company, and subscribe the oath. The insured, as often as may be reasonably required,
8.32 shall produce for examination all records and documents reasonably related to the loss, or
8.33 certified copies thereof if originals are lost, at a reasonable time and place designated by
8.34 this company or its representatives, and shall permit extracts and copies thereof to be made.

8.35 In case the insured and this company, except in case of total loss on buildings,
8.36 shall fail to agree as to the actual cash value or the amount of loss, then, on the written

9.1 demand of either, each shall select a competent and disinterested appraiser and notify the
9.2 other of the appraiser selected within 20 days of such demand. In case either fails to
9.3 select an appraiser within the time provided, then a presiding judge of the district court
9.4 of the county wherein the loss occurs may appoint such appraiser for such party upon
9.5 application of the other party in writing by giving five days' notice thereof in writing to
9.6 the party failing to appoint. The appraisers shall first select a competent and disinterested
9.7 umpire; and failing for 15 days to agree upon such umpire, then a presiding judge of the
9.8 above mentioned court may appoint such an umpire upon application of party in writing
9.9 by giving five days' notice thereof in writing to the other party. The appraisers shall then
9.10 appraise the loss, stating separately actual value and loss to each item; and, failing to
9.11 agree, shall submit their differences, only, to the umpire. An award in writing, so itemized,
9.12 of any two when filed with this company shall determine the amount of actual value and
9.13 loss. Each appraiser shall be paid by the selecting party, or the party for whom selected,
9.14 and the expense of the appraisal and umpire shall be paid by the parties equally.

9.15 It shall be optional with this company to take all of the property at the agreed or
9.16 appraised value, and also to repair, rebuild or replace the property destroyed or damaged
9.17 with other of like kind and quality within a reasonable time, on giving notice of its
9.18 intention so to do within 30 days after the receipt of the proof of loss herein required.

9.19 There can be no abandonment to this company of any property.

9.20 The amount of loss for which this company may be liable shall be payable 60 days
9.21 after proof of loss, as herein provided, is received by this company and ascertainment of
9.22 the loss is made either by agreement between the insured and this company expressed in
9.23 writing or by the filing with this company of an award as herein provided. It is moreover
9.24 understood that there can be no abandonment of the property insured to the company, and
9.25 that the company will not in any case be liable for more than the sum insured, with interest
9.26 thereon from the time when the loss shall become payable, as above provided.

9.27 No suit or action on this policy for the recovery of any claim shall be sustainable in
9.28 any court of law or equity unless all the requirements of this policy have been complied
9.29 with, and unless commenced within two years after inception of the loss.

9.30 This company is subrogated to, and may require from the insured an assignment
9.31 of all right of recovery against any party for loss to the extent that payment therefor is
9.32 made by this company; and the insurer may prosecute therefor in the name of the insured
9.33 retaining such amount as the insurer has paid.

9.34 Assignment of this policy shall not be valid except with the written consent of
9.35 this company.

9.36 IN WITNESS WHEREOF, this company has executed and attested these presents.

No policy of industrial insurance that has been in effect for at least 70 days or that has been renewed may be cancelled by the insurer before the expiration of the agreed term or 1 year after the effective date of the policy or renewal, whichever occurs first, except on any one of the following grounds:

(a) A failure by the policyholder to pay a premium for the policy of industrial insurance when due, including the failure of the policyholder to remit an amount due because of an endorsement for a deductible;

- (b) A failure by the policyholder to:
 - (1) Report any payroll;
 - (2) Allow the insurer to audit any payroll in accordance with the terms of the policy or any previous policy issued by the insurer; or
 - (3) Pay any additional premium charged because of an audit of any payroll as required by the terms of the policy or any previous policy issued by the insurer;
- (c) A material failure by the policyholder to comply with any federal or state order concerning safety or any written recommendation of the insurer's designated representative for loss control;
- (d) A material change in ownership of the policyholder or any change in the policyholder's business or operations that:
 - (1) Materially increases the hazard for frequency or severity of loss;
 - (2) Requires additional or different classifications for the calculation of premiums; or
 - (3) Contemplates an activity that is excluded by any reinsurance treaty of the insurer;
- (e) A material misrepresentation made by the policyholder; or
- (f) A failure by the policyholder to cooperate with the insurer in conducting an investigation of a claim.

- 2. An insurer shall not cancel a policy of industrial insurance pursuant to paragraph (a) of subsection 1 except upon 10 days' written notice submitted by the insurer to the policyholder.
- 3. Except as otherwise provided in this subsection, an insurer shall not cancel a policy of industrial insurance pursuant to paragraph (b), (c), (d), (e) or (f) of subsection 1 except upon 30

days' written notice by the insurer to the policyholder. An insurer is not required to provide a written notice to a policyholder pursuant to this subsection if the policyholder and the insurer consent to the cancellation of the policy of industrial insurance and to the reissuance of another policy of industrial insurance effective upon a material change in the ownership or operations of the insured. If the policyholder corrects the condition to the satisfaction of the insurer within the period specified in the policy of insurance, the insurer shall not cancel the policy.

4. Any written notice submitted to a policyholder pursuant to this section must be given by first-class mail addressed to the policyholder at the address of the policyholder set forth in the policy of industrial insurance ~~or, if the insurer and the policyholder have agreed to conduct business through electronic transmission pursuant to section 7 of this act, delivered by electronic transmission to the policyholder~~. Evidence indicating that a written notice specified in this section has been mailed *or delivered* is sufficient proof of notice.

5. The provisions of this section do not prohibit, during any period in which a policy of industrial insurance is in force, any change in the premium rate required or authorized by any law, regulation or order of the Commissioner, or otherwise agreed upon by the policyholder and the insurer.

6. ~~Except as otherwise provided in this subsection and subsection 9, if an insurer and the policyholder have agreed to conduct business through electronic transmission pursuant to section 7 of this act and the insurer has provided electronic notice of cancellation of a policy to the policyholder pursuant to subsection 4, the insurer shall also provide notice to any representative, agent or broker of the policyholder. The notice must be delivered, mailed or~~

~~transmitted not more than 72 hours after electronic notice has been transmitted to the policyholder. This notice must include the name of the policyholder, the number of the policy and the date on which the policy is terminated. An insurer is not required to comply with this subsection if the representative, agent or broker of the policyholder is an employee or an exclusive agent of the insurer.~~

7. ~~Failure by an insurer to provide the notice required by subsection 6 to any representative, agent or broker of the policyholder does not affect the validity of any notice of cancellation provided to the policyholder pursuant to subsection 4.~~

8. ~~A representative, agent or broker of the policyholder may waive the notice required by subsection 6.~~

9. ~~If the insurer delivers the notice required by subsection 4 or 6 5 through electronic transmission, the insurer shall retain evidence of the electronic notification to the policyholder and the representative, agent or broker of the insured for 1 year after the date of the transmission.~~

10. ~~As used in this section, "electronic" means relating to technology having electrical, digital, magnetic, wireless, optical, electromagnetic or similar capabilities.~~

11. For the purposes of this section, any policy of industrial insurance that is written for a term of more than 1 year, or any policy of industrial insurance with no fixed date of expiration, shall be deemed to be written for successive periods of 1 year.

Sec. 11. This act becomes effective on July 1, 2013.

Aloha Commissioner Ito:

Per your request at the first meeting of the SCR 159 Electronic Insurance Notices and Documents Working Group, please find attached a chart of state laws and regulations governing electronic insurance documents. Currently, 14 states have such policies in place.

PCI broadly supports the adaption of state insurance codes to accommodate the realities of today's marketplace wherein much business is conducted electronically. Where currently prohibited, we support amending state law to allow insurers to electronically deliver all insurance documents, including notices of cancellation and nonrenewal.

PCI appreciates the opportunity to serve as a member of the working group. We look forward to working with you.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark".
