Call to Order: There being a quorum present, Chairperson Akasaki called the meeting to order at 8:32 a.m.

Chairperson Akasaki introduced and welcomed Mr. Isemoto who is appointed as a member of the Board on an interim basis.

Agenda: The agenda for this meeting was filed with the Office of the Lieutenant Governor, as required by Hawaii Revised Statutes (“HRS”) section 92-7(b).

Minutes: It was moved by Mr. Konishi, seconded by Mr. Leong, and unanimously carried to approve the Applications Committee meeting and Executive Session meeting minutes of February 8, 2016, and the Board Meeting and Executive Session meeting minutes of January 29, 2016 as circulated.

The meeting was taken out of order and continued with “HRS Chapter 91, Adjudicatory Matters”.

Chapter 91, HRS,
Adjudicatory
Matters:

Chairperson Akasaki called for a recess from the Board’s meeting at 8:34 a.m. to discuss and deliberate on the following adjudicatory matters pursuant to HRS chapter 91.

1. Settlement Agreements
 - a. In the Matter of the Contractors’ Licenses of Hurst & Seibert, Inc., and Lynn S. Hurst; CLB 2015-341-L

After discussion, this matter was deferred for amendments requested by the Board.

- b. In the Matter of the Contractors’ Licenses of American Technologies, Inc. doing business as American Restoration and Interiors, and Gary P. Moore; CLB 2014-339-L

Respondent American Technologies, Inc. doing business as American Restoration and Interiors (“Respondent American Technologies”) and Respondent Gary P. Moore (“Respondent Moore”) are licensed in the C-19 classification. The licenses were issued on or about December 11, 2003; and is due to expire or forfeit on or about September 30, 2016. At all relevant times herein, Respondent Moore was the Responsible Managing Employee for Respondent American Technologies.

RICO alleges Respondent American Technologies was issued a citation by the California Contractors State License Board based on work performed by subcontractors. Respondent was assessed a \$1,500.00 fine. RICO alleges Respondent failed to timely report the citation.

If proven at an administrative hearing, the allegations would constitute violations of the following law:

- HRS section 436B-19(15) (failure to report disciplinary action within thirty days).

Respondents agree to pay an administrative fine, jointly and severally, in the amount of \$500.00.

After discussion, it was moved by Mr. Konishi, seconded by Mr. Lee, and unanimously carried to approve the Settlement Agreement Prior to Filing of Petition for Disciplinary Action and Board's Final Order in the above case.

- c. In the Matter of the Contractors' Licenses of Horizon Retail Construction, Inc., and Jon E. Henderson;
CLB 2015-216-L

After discussion, this matter was deferred for amendments requested by the Board.

- d. In the Matter of the Contractor's License of Thomas E. O'Leary, dba O'Leary Construction; CLB 2014-323-L

Respondent Thomas E. O'Leary dba O'Leary Construction ("Respondent") was licensed as a "B" General building contractor on or about April 5, 2013, and the license is due to expire on or about September 30, 2016.

RICO alleges that on or about April 9, 2013, Respondent employed or utilized an unlicensed person to perform work that required a license.

If proven at an administrative hearing, the allegations would constitute violations of the following law:

- HRS section 444-17(17) (entering into a contract with an unlicensed contractor involving work or activity for the performance of which licensing is required under chapter 444).

Respondent does not admit to violating any law or rule, but agrees to pay an administrative fine in the amount of \$1,000.00.

After discussion, it was moved by Mr. Lee, seconded by Mr. Konishi, and unanimously carried to approve the Settlement Agreement Prior

to Filing of Petition for Disciplinary Action and Board's Final Order in the above case.

2. Board's Final Orders

None.

Following the Board's review, deliberation and decisions in these matters, pursuant to HRS chapter 91, Chairperson Akasaki announced that the Board was reconvening to its open meeting at 8:38 a.m.

Executive Session:

At 8:39 a.m., it was moved by Mr. Lee, seconded by Mr. Konishi, and unanimously carried to enter into executive session to consult with Rodney J. Tam, deputy attorney general, on questions and issues pertaining to the Board's powers, duties, privileges, immunities, and liabilities pursuant to HRS section 92-5(a)(4).

At 9:22 a.m., it was moved by Mr. Suehiro, seconded by Mr. Lee, and unanimously carried to move out of executive session and to reconvene to the Board's regular order of business.

Amendments to Agenda:

It was moved by Mr. Konishi, seconded by Mr. Leong, and unanimously carried to approve the following amendments to the agenda:

Executive
Session:

At 9:29 a.m., it was moved by Mr. Suehiro, seconded by Mr. Lee, and unanimously carried to enter into executive session pursuant to HRS section 92-5(a)(1) to consider and evaluate personal information relating to individuals applying for professional or vocational licenses cited in HRS section 26-9, and to consult with Rodney J. Tam, deputy attorney general, on questions and issues pertaining to the Board's powers, duties, privileges, immunities, and liabilities pursuant to HRS section 92-5(a)(4).

At 10:11 a.m., it was moved by Mr. Suehiro, seconded by Mr. Matsuzaki, and unanimously carried to move out of executive session and to reconvene to the Board's regular order of business.

After discussion, it was moved by Mr. Lee, seconded by Mr. Suehiro, and unanimously carried to approve Mr. Falevai for a conditional license, subject to fulfilling the following prior to the issuance of a conditional license: make the first payment today to RICO toward the satisfaction of the judgement; payment of his financial matters; and monthly verification from RICO that he is complying with the terms of his agreement to satisfy the judgment.

Should Mr. Falevai be issued a conditional license, his license is subject to compliance with the terms of the agreement until such time that the judgment is satisfied; and semi-annual updates from RICO evidencing compliance with the terms of the agreement.

Executive
Session:

At 10:15 a.m., it was moved by Mr. Suehiro, seconded by Mr. Kamai, and unanimously carried to enter into executive session pursuant to HRS section 92-5(a)(1) to consider and evaluate personal information relating to individuals applying for professional or vocational licenses cited in HRS section 26-9, and to consult with Rodney J. Tam, deputy attorney general, on questions and issues pertaining to the Board's powers, duties, privileges, immunities, and liabilities pursuant to HRS section 92-5(a)(4).

At 10:25 a.m., it was moved by Mr. Mochida, seconded by Mr. Lee, and unanimously carried to move out of executive session and to reconvene to the Board's regular order of business.

After discussion, it was moved by Mr. Polischek, seconded by Mr. Kamai, and unanimously carried to defer Mr. Mihelcic's application for licensure in the "A" classification pending the submittal of a revised project list verifying four years of on-site supervisory experience in the broad scope of the "A" General engineering classification. Mr. Mochida added that qualifying experience does not include design or electrical work.

Executive
Session:

At 11:43 a.m., it was moved by Mr. Konishi, seconded by Mr. Mochida, and unanimously carried to enter into executive session pursuant to HRS section 92-5(a)(1) to consider and evaluate personal information relating to individuals applying for professional or vocational licenses cited in HRS section 26-9.

At 11:51 a.m., it was moved by Mr. Suehiro, seconded by Mr. Mochida, and unanimously carried to move out of executive session and to reconvene to the Board's regular order of business.

The Board found that Mr. Klein's project list verified four years of on-site supervisory experience in the C-5 Cabinet, millwork, and carpentry remodeling and repairs classification and asked him if he would like to accept approval of the C-5 instead of the "B". Mr. Klein stated that he will pursue licensure in the "B" classification and will not accept the C-5 classification.

After discussion, it was moved by Mr. Leong, seconded by Mr. Polischeck, and unanimously carried to defer Mr. Klein's application for licensure in the "B" classification pending the submittal of additional "ground-up" projects that may date back beyond ten years.

Recess:

Chairperson Akasaki called for a short recess at 11:52 a.m.

Committee
Reports:

1. Examination Committee:
Aldon Mochida, Chairperson

The Contractors Examination Summary for January 2016 was distributed to the Board for their information.

2. Recovery/Education Fund Committee:

The Recovery Fund Litigation Report for January 23, 2016 to February 19, 2016 prepared by Ronald Michioka, Esq., the Board's Recovery Fund Attorney, was distributed to the Board for their information.

3. Legislation Committee:
Peter H. M. Lee, Chairperson

Mr. Lee presented the Legislation Committee Report. A summary was distributed to the Board for their review and comment.

H.B. No. 129 – This bill allows the Board to accept equivalent knowledge, training, or experience, including self-employment and unlicensed experience, in lieu of a specific experience requirement for licensure, if the Board investigates and makes a detailed written finding available for public inspection. The Board is opposed to this bill because it already has the authority in its administrative rules to accept equivalent knowledge, training, and experience; and requiring disclosure of detailed information regarding an applicant’s qualifications may violate HRS chapter 92F. In addition, the Board already does take unlicensed activity into account when considering experience for applicants.

On January 29, 2016, the House Committee on Labor & Public Employment (“LAB”) held a hearing on H.B. No. 129. The Board submitted testimony in opposition.

LAB passed this measure with amendments to address concerns raised by International Union of Elevator Constructors. LAB amended this measure by clarifying that the reasonably equivalent knowledge, training, and applicant experience licensing substitutes that the CLB may accept under this measure does not apply to elevator mechanics under HRS chapter 448H.

H.B. No. 129, H.D.1 was referred to the House Committee on Consumer Protection and Commerce (“CPC”) on February 2, 2016. On February 10, 2016 the CPC held a hearing on H.B. No. 129, H.D.1. The Board submitted testimony in opposition.

On February 11, 2016, the CPC deferred H.B. 129 H.D.1.

H.B. No. 130 – This bill prohibits the “A” and “B” general contractors from doing any work it is not licensed in and defines “incidental and supplemental”. The Board strongly opposes this bill because all general contractors automatically hold certain specialty contractors which allow them to perform the broad scope of their work and the Board’s Final Order Upon Remand in the DC 50 case already defines “incidental and supplemental” work.

On January 29, 2016, the House Committee on Labor & Public Employment (“LAB”) held a hearing on H.B. No. 130. The Board submitted testimony in strong opposition. LAB deferred this measure.

4. Rules Committee:
Tyrus Kagawa, Chairperson

None.

5. Investigation Committee:
Kent Matsuzaki, Chairperson

None.

6. Scope of Activity Committee:
Nathan T. Konishi, Chairperson

Michael LaCasse – Requests a determination on which license classification is required to perform the following types of electrical testing: circuit breaker testing, transformer testing, cable testing, and relay testing and calibration.

The Board deferred this matter at its January 29, 2016 meeting pending the receipt of additional information on the work that is performed; specifically whether there is testing in place, removal of any breakers, removal and replacement after testing, and whether there is any energized testing.

Mr. LaCasse provided the requested information and was present at the meeting. He related that insurance companies are forcing people to get this type of maintenance testing done.

Ryan Takahashi from the Hawaii Electricians Market Enhancement Program Fund testified that although he is not familiar with this type of business, if it is related to NEC, this work would require the C-13 license.

Mr. La Casse stated that this is not simple testing and shared that there was an incident where the wrong test was used to test the circuit for power sharing and it knocked out the board.

Orgo-Thermit Inc. – Requests a determination whether a license is required to perform “Initial or Preventative Grinding” on the HART Light Rail Project. Three qualified operators and the Autech VM8000 Rail Grinder will perform the rail grinding work. The new rail needs to be ground to remove all mill scale and any anomalies from the mill. This process also extends the overall life of the rail and provides better conductivity for signaling.

Arnold Wong from the Ironworkers Local Union 625 Stabilization Fund stated that the rail is structural steel and that grinding of the steel rail should require a C-48 Structural steel contractor’s license.

Eric Carson – (1) Requests a copy of the law or regulation that states if a door or window is installed in a block frame (non-nail on frame) that the product needs to be installed by someone with a C-22 glazing license; (2) Is a C-22 Glazing and tinting contractor’s license required to install wood clad doors that have wood frames and aluminum tracks in condos as replacement product? (3) Can a contractor install doors that require a C-22 license by working under another license and is not affiliated with the business?

Dwayne Arelliano, District Council 50/Glaziers Union testified that this work requires a C-22 license.

Royal Contracting Company – Requests a determination on which license classification is required to screen dirt for topsoil. Mr. Leong recused himself from the discussion on this matter.

The Board thanked those who testified on these scope items.

Executive
Session:

At 1:17 p.m., it was moved by Mr. Konishi, seconded by Mr. Lee, and unanimously carried to consult with Rodney J. Tam, deputy attorney general, on questions pertaining to the Board's powers, duties, privileges, immunities, and liabilities pursuant to HRS section 92-5(a)(4).

At 1:21 p.m. it was moved by Mr. Lee, seconded by Mr. Polischek, and unanimously carried to move out of executive session and to reconvene to the Board's regular order of business.

Michael LaCasse – Recommendation: The C-13 Electrical contractor's license is required to perform the circuit breaker testing, transformer testing, cable testing, and relay testing and calibration described in Mr. LaCasse's January 15, February 11, 2016 e-mails and the information provided at today's meeting.

Orgo-Thermit Inc. – Recommendation: A contractor's license is not required to perform "Initial or Preventative Grinding" on the HART light rail project.

Eric Carson – Recommendation: Defer this matter pending the receipt of additional information on the work that is being performed; specifically, a description of the project, the cost and extent of the window and/or door work in relation to the total cost or extent of the project, and more information on the product that is being installed.

Royal Contracting Company – Recommendation: A contractor's license is not required to perform the screening of dirt for topsoil.

It was moved by Mr. Suehiro, seconded by Mr. Lee, with Mr. Leong recusing himself on the Royal Contracting inquiry, and unanimously carried to approve the above recommendations.

7. Conditional License Report:
Charlene L.K. Tamanaha, Executive Officer

a. Charles B. Gierhart, RME, Makena Homes LLC
"B" General Building

Mr. Gierhart and Makena Homes LLC were sent a letter offering them an opportunity to appear before the Board to discuss the conditional licenses that were issued on October 21, 2013.

The letter was returned and the Board re-sent the letter to the forwarding address stated on the returned letter. The letter sent to the forwarding address was also returned.

After discussion, it was moved by Mr. Lee, seconded by Mr. Suehiro, and unanimously carried to withdraw Mr. Gierhart's and Makena Homes LLC's conditional licenses for failure to comply with the terms of the conditional license agreement.

8. Applications Committee:
Daryl Suehiro, Chairperson

It was moved by Mr. Kagawa, seconded by Mr. Lee, and unanimously carried to approve the license applications in the following categories as attached to the meeting minutes.

- a. Request for Change in Business Status
- b. Request for Waiver of Bond Requirement
- c. Applications for Licensure

Owner-Builder Exemption Applications

- a. Danny Grosshouser
- b. James L. Mileur
- c. Jesse Matthews
- d. Loren Avedon – L.R. Avedon Trust
- e. Perpetua Achew
- f. Honma-Pasco Family Trust

After discussion, it was moved by Mr. Suehiro, seconded by Mr. Lee, and unanimously carried to approve the above owner-builder exemption applications (a – f).

Correspondence: New Reporting Standards for Financial Statement Preparation

Members reviewed an inquiry whether the Board accepts contractor's financial statements that are reported on by the CPA under the new reporting standards for financial statement preparation, as opposed to the compilation standards. The Board deferred this matter at its January 29, 2016 meeting to further research this inquiry.

The Board consulted with the State's Board of Public Accountancy, and were informed that financial statement preparations are not as reliable as compiled, reviewed, and audited financial statements.

After discussion, it was moved by Mr. Konishi, seconded by Mr. Polischeck, and unanimously carried not to accept the new reporting standards for financial statement preparation; and will continue to only accept compiled,

reviewed, and audited financial statements.

Other Business: None.

Industry Concerns: None.

Next Meeting: Friday, March 18, 2016

Adjournment: There being no further business to discuss, the meeting was adjourned at 1:27 p.m.
