b) APRNs Recognized Prior to October 1, 2009 in other states

Any person recognized by other state boards as an APRN or similar designation prior to October 1, 2009, whose recognition was granted based on a master's degree in nursing **or** a current certification for specialized and advanced nursing practice from a national certifying body recognized by the Hawaii Board of Nursing shall be eligible to be recognized as an APRN in this State. When you apply for recognition, you are to provide proof that all nurse licenses, recognitions, and prescriptive authorities or similar designations held by you in any state or U.S. jurisdiction are unencumbered.

c) Hawaii APRNs Recognized Prior to October 1, 2009

Those who are already recognized in this State as APRNs will not need to meet the new October 1, 2009 requirements.

APRN Prescriptive Authority

The current requirements to prescribe non-controlled substances shall apply until new rules are adopted by the Board of Nursing.

APRNs are not allowed to prescribe, procure or dispense controlled substances until the Board of Nursing has formally adopted rules, the formulary, and procedures.

After the Board of Nursing adopts rules and procedures, information will be made available to APRNs regarding the requirements of the Board and applicable state and federal laws to prescribe both non-controlled and controlled substances. It is anticipated that the rules will be in place in 1 year.

Once recognized, the APRN is responsible for notifying the Hawaii Board of Nursing of any disciplinary action taken against any nursing license/APRN recognition in any other state or U.S. jurisdiction within 30 days of the action.
