The Executive Officer further reported that the Governor has appointed Wendee Wilson to fill the public member vacancy. Ms. Wilson has been confirmed by the Senate. Ms. Wilson served as a board member on the Massage Therapy Board for two full terms.

The Governor has not yet appointed anyone to fill the vacant industry position.

Applications

United Auto Remarketers LLC - Motor Vehicle Dealer (deferred from March 4, 2014 meeting)

Board members reviewed the additional information submitted.

After discussion, it was moved by Mr. Touchi, seconded by Mr. Johnsen, and unanimously carried to approve the application for a dealer's license for United Auto Remarketers LLC.

June 2014 License Renewals

The Executive Officer reported that renewals will "go live" on May 5th and that manufacturers and distributors can now renew on-line. A postcard reminder will be mailed out and, upon request, a hard copy of the renewal application can be mailed to the licensee. It is suggested that everyone renew as early as possible to avoid any problems. There is a dependency relationship between manufacturers/distributors and the franchise dealers; there is also a dependency relationship between dealers and salespersons. If the dependency is terminated due to non-renewal of one party, then even if the other party renewed on time, that renewal will not be processed. On-line renewals are the quickest way to renew; a receipt is emailed to the licensee. In addition, help is available via chat or phone assistance.

2014 Legislative Session:

None.

Open Forum:

Jeff Crabtree, attorney for consumers in auto cases, addressed the Board with continued concerns about consumers not being able to get their ownership certificates for their vehicles from the dealers. It appears that there are more problems with used car sales and ownership certificates. Mr. Crabtree referenced §437-12, HRS. He stated that dealers believe they have the right to possess the title. However, in some cases, there

are delays in the dealers getting the title. After the consumer goes to his office, he then is usually able to unwind the sale. In addition, should the matter get to the point of a lawsuit, the consumer carries the burden. He did state that as far as the military, that appears to be getting better.

The Executive Officer stated that the Board is prohibited from discussing the matter because it is not on the agenda. The Chair instructed the Executive Officer to place this matter on the agenda for the next Board meeting.

Dave Rolf, HADA, stated that buy/sells recently occurred in the State and there were delays in the licensing process. He stated that because it stops commerce, there is a real concern because in his opinion regulation should never impede commerce. He suggested that the Board consider legislation to allow a temporary dealer's license so that a dealer can operate while the paperwork follows.

Mr. Short stated that applicants that want to do business in the State need to follow the instructions and dot their "i's" and cross their "t's" when filling out the application form so that there are no delays in processing.
