DECISION AND ORDER NO. 201  
(Rate Order)

WHEREAS, the Cable Television Division, Department of Commerce and Consumer Affairs of the State of Hawaii (the "State") became certified to regulate basic cable service rates and associated charges as of May 12, 1994, and has followed regulations prescribed by the Federal Communications Commission (the "FCC"), 47 C.F.R. Part 76, Subpart N ("FCC Rules"), and by the State's Department of Commerce and Consumer Affairs, sections 16-133-40 to 53 of the Hawaii Administrative Rules (the "Department Rules"), for the regulation of the basic service tier and associated equipment, installations, services and charges; and

WHEREAS, by letter dated May 12, 1994, the State notified Daniels Communications Partners Limited Partnership dba Hawaiian Cablevision Company (the "Company")<sup>1</sup> that the Company's rates for the basic service tier and associated charges for equipment and installation for its cable system were subject to regulation by the State; and

WHEREAS, the Company gave the State notice that effective as of July 14, 1994, the Company would restructure its rates to comply with revised rate regulation rules adopted by the FCC that became effective on May 15, 1994 (the "Amended Rules"); and

---

<sup>1</sup>By Decision and Order No. 174 issued on October 2, 1995, the State approved the transfer of the cable communications franchise held by Daniels Communications Partners Limited Partnership dba Hawaiian Cablevision Company to Time Warner Entertainment Company, L.P.

WHEREAS, after reviewing the Company's initial rate justification (FCC Form 393), the State, in Decision and Order No. 164, established the Company's maximum permitted rates for the basic service tier and associated equipment and installations; and

WHEREAS, in connection with justifying the Company's rate adjustment for regulated equipment and installation services, the Company submitted its FCC Form 1205 to the State on March 2, 1995 (hereinafter referred to as "Rate Filing")<sup>2</sup> for year ending December 31, 1994, and in response to State's request submitted supplemental information filed on May 14, 1996; and

WHEREAS, pursuant to 47 C.F.R. section 76.933(a)-(b) and section 16-133-44(b) of the Department's Rules, the State issued a written order on March 29, 1995, to extend the rate review period to complete its review of the Company's Rate Filing; and

WHEREAS, pursuant to 47 C.F.R. section 76.933(c) and section 16-133-44(c) of the Department's Rules, the State issued a written order on May 3, 1995, directing the Company to keep an accurate account of all amounts received by reason of the rates in issue and on whose behalf such amounts were paid; and

WHEREAS, the State retained a financial consultant to assist it in the streamlined rate review process; and

WHEREAS, the State prepared a proposed rate order, a copy of which was provided to the Company prior to the issuance of this Rate Order; and

WHEREAS, the State reviewed the Rate Filing, and other evidence and information submitted by the Company; and

WHEREAS, the Company has the burden of proving that its proposed adjustment is in conformance with the FCC Rules;<sup>3</sup> and

---

<sup>2</sup>The Rate Filing submitted for the Company's system at Lahaina, Maui covers Community Unit Identification number CUID HI0002.

<sup>3</sup>See 47 C.F.R. Section 76.937(a), and Section 16-133-46 of the Department's Rules.

WHEREAS, an operator may use the FCC Form 1205 to update its charges for equipment and installation services on an annual basis, and it is the official form used by regulators to determine whether an operator's regulated rates for equipment and installations are reasonable under the Amended rules;<sup>4</sup> and

WHEREAS, in its Rate Filing the Company seeks to justify adjustments to the maximum permitted rates for its regulated equipment and installations from the rates set forth in Decision and Order No. 164; and

WHEREAS, after reviewing the Company's Rate Filing, and supplemental information submitted by the Company, there are no adjustments necessary to the Company's proposed maximum permitted rates for regulated equipment and installations; and

WHEREAS, this Rate Order does not address the Company's FCC Form 1240 filed on October 7, 1996;<sup>5</sup>

NOW, THEREFORE, IT IS HEREBY ORDERED THAT:

1. The Company's proposed maximum permitted rates for regulated equipment and installations are approved, and the Company's maximum permitted rates, exclusive of franchise fees and taxes, for regulated equipment and installations as of June 29, 1995 and continuing up to the effective date of the Company's subsequent adjustment implemented in accordance the FCC Rules, shall be as follows:<sup>6</sup>

---

<sup>4</sup>FCC instructions state that, if an operator has already unbundled equipment and installation charges at cost, the operator must wait one year from the date the operator unbundled its equipment and installation charges before updating such charges. In connection with its FCC Form 393 filing, the Company stated that it first unbundled its rates as of September 1, 1993.

<sup>5</sup>The reasonableness of the Company's proposed adjustments under said FCC Form 1240, will be reviewed in a subsequent separate review.

<sup>6</sup>Adjustments to regulated equipment and installation rates only become effective once approved by the State or once the review period for such approval has lapsed. See 47 C.F.R. section 76.933. In accordance with the FCC Rules, the State extended its review period for the Company's Rate Filing to June 28, 1995. Thus, the Company could not have implemented an increase until June 29, 1995. According to the Company's tariffs filed with the State, the Company adjusted its actual rates for regulated equipment and installations effective as of September 1, 1995.

2. The Company may not increase its rates for regulated equipment and installations above the maximum permitted rates indicated herein, nor may it institute charges for any other types of service, equipment or installation associated with the basic service tier without first complying with applicable law or regulation, including the Amended Rules and FCC orders.<sup>7</sup>

3. The Company may charge rates less than the maximum permitted rates indicated herein, as long as such rates are applied in a uniform and nondiscriminatory way, pursuant to applicable federal, state, and local laws and regulations.

---

<sup>7</sup>By that certain Social Contract between Time Warner Cable and the FCC, the Company and other systems of Time Warner Cable, may establish as of January 1, 1996, blended rates for hourly service charge, installations, remote control devices, non-addressable converters, addressable converters, other customer equipment, and customer tier changes, by geographic region e.g., Hawaii. The FCC will review and set such rates, and enforcement of the FCC's rate decisions is left to the local franchising authorities. In the event the local franchising authority finds that the operator's equipment and installation charges exceed those permitted by the FCC, the local franchising authorities may order refunds of excess charges as necessary to comply with the equipment and installation charges permitted by the FCC. See Social Contract for Time Warner, pp 7-8, attached to In the Matter of Social Contract For Time Warner, Memorandum and Order, FCC-95-478 (rel. November 30, 1995).

4. This Rate Order is not to be construed as a finding that the State has accepted as correct any specific entry, explanation or argument made by the Company not specifically addressed herein.

5. The State reserves all rights it has under FCC Rules including the right to review the Company's FCC Form 1240 filed October 7, 1996, and to establish reasonable rates for the basic service tier in the event the State determines that the proposed rates or charges are unreasonable under FCC Rules, including any modifications or amendments to such rules.

6. The State reserves the right to modify this Rate Order if, at any time, it determines that information the Company provided to the State is incorrect or misleading in any material manner, or that the Company is not in compliance with this Rate Order.

7. This Rate Order is issued as of the date hereof.

DATED: Honolulu, Hawaii February 27, 1997.
