

## **NOTICE OF PUBLIC HEARING**

APPLICATION OF LAIE WATER COMPANY, INC.  
FOR APPROVAL OF RATE INCREASES,  
REVISED RATE SCHEDULES, AND CHANGES TO ITS TARIFF

### **Docket No. 2016-0229**

The STATE OF HAWAII PUBLIC UTILITIES COMMISSION ("Commission"), pursuant to Hawaii Revised Statutes §§ 269-12 and 269-16, HEREBY GIVES NOTICE that it will hold a public hearing relating to the Application of LAIE WATER COMPANY, INC. ("LWC"), filed on September 1, 2016 (with Errata to the Application and Exhibits filed on October 7, 2016), for Commission approval of rate increases, revisions of rate schedules, and changes to its tariff. The public hearing will be held as follows:

**Monday, November 7, 2016, at 6:00 p.m.**

Laie Elementary School Cafeteria  
55-109 Kulanui Street  
Laie, Oahu

LWC is a public utility that provides water utility services, including the gathering, storage, transmission, distribution, and other provision of water, within its authorized service area in Laie, on the island of Oahu.

LWC seeks the Commission's approval for a January 1, 2017 through December 31, 2017 test year net revenue increase of \$901,953 for its water operations, which amounts to an approximate increase of 79% over the pro forma revenue amount of \$1,145,913 at present rates for the 2017 test year. LWC states that the proposed revenue increase would provide LWC with an opportunity to earn an 8.27% rate of return on its prudently incurred costs for utility assets and its prudently incurred expenses.

LWC seeks a rate increase to the fixed monthly charges and usage charges for its current residential and non-residential customer categories. LWC's proposed rates combine the current residential and non-residential customer categories into a single residential and non-residential customer category. LWC's application states that it seeks to put the proposed water rates into effect upon the date of authorization by the Commission.

LWC's present and proposed charges are as follows:

**PRESENT RATES**

<b><u>Residential Service</u></b>	<b><u>Present Rate</u></b> Per month or per 1000 gallons

<b><u>Monthly Water Usage Charges For All Customer Classes (Residential and Non-Residential Classes)</u></b>	<b><u>Proposed Rate</u></b>
13,000 or less gallons per month	\$4.99 per 1000 gallons
Over 13,000 under 30,001 gallons per month	\$6.51 per 1000 gallons
Over 30,001 under 75,001 gallons per month	\$7.26 per 1000 gallons
Over 75,001 gallons per month	\$7.79 per 1000 gallons

LWC additionally requests that the Commission: (1) approve LWC's proposed revisions to its Tariff No. 1 ("Tariff") by incorporating a new Section 7.2 of its Rules and Regulations relating to the requirements for contribution-in-aid-of-construction ("CIAC") (the proposed new Section 7.2 replaces the current Section 7.2, regarding the Water System Facilities Charge, and includes information about when, as a condition of receiving service to a New Customer Facility or a Substantially Modified Customer

Facility, a customer or developer may be required to pay a nonrefundable CIAC); (2) amend certain additional Rules and Regulations in its Tariff, including, without limitation, updating the tap-in/connection charge from \$3,100 to \$4,200 for any new or replacement connection; and (3) grant such other and further relief, including any interim rate increase, as may be just, reasonable, and equitable. LWC is not seeking to modify the flat monthly rate or tap-in/connection charge for its flat monthly rate customer .

The Commission will investigate whether the proposals in the Application, including revisions to its rate schedules, are just and reasonable. The total revenue requirement for the 2017 calendar test year will not exceed the \$901,953 amount over revenues at present rates that LWC requests. However, the increase in rates and charges to be finally approved by the Commission, if any, may be higher or lower than LWC's proposed rates and charges noted herein.

Copies of LWC's Application are available for public review through (1) the Commission's electronic Document Management System, accessible at <http://dms.puc.hawaii.gov/dms/>, Docket Quick Link 2016-0229, or (2) at Laie Water Company, Inc.
