YB requested an effective date of May 5, 2020, for the changes to its sailing schedule.

In Order No. 37128, filed on May 4, 2020, the Commission temporarily and conditionally approved Young Brothers' emergency request to change its sailing schedule as set forth in Transmittal No. 20-0003 for a 30-day period.<sup>7</sup> During that 30-day period, the Commission required YB to provide additional information to the Commission based on questions raised by the Consumer Advocate, which included updates on YB's financial condition and actions it is taking to minimize impacts on Neighbor Island customers.

On May 22, 2020, YB submitted a report providing the Commission with information about its financial condition pursuant to Order No. 37128.<sup>8</sup>

DISCUSSION

A.

Legal Standard

In Transmittal No. 20-0003, Young Brothers cited HAR §§ 16-601-111 and -112 and §§ 16-605-5, -30, -40, and -41 as the relevant authority for the Commission's review of its requested relief. In Order No. 37128, the Commission found that it had the authority to grant the requested relief in an expedited manner, pursuant to Hawaii Revised Statutes ("HRS") § 271G-17(b), which states that "[t]he [C]ommission may in its discretion and for good cause shown allow [a tariff] change upon notice less than that herein specified or modify the requirements of this section with respect to posting and filing of tariffs either in particular instances or by general order applicable to special or peculiar circumstances or conditions." HAR § 16-605-41(a) further states:

**Short notice tariff filing.** (a) The commission may grant a request for a change or addition to tariffs on less than forty-five days' notice if it finds that an emergency exists and the applicant carrier has proven that any delay in implementing the change or addition will result in substantial damage to the carrier or its shipper. The carrier shall include in its application a full statement of the need for implementing the change or addition on less than forty-five days' notice.

As noted above, in Order No. 37128, the Commission directed YB, by May 22, 2020, to file a report with the Commission

(served on the Consumer Advocate) detailing the information that the Consumer Advocate requested in its Statement of Position regarding Transmittal No. 20-0003.<sup>12</sup> The Commission stated that it would review this information, along with the updated information regarding YB's financial condition filed in Docket No. 2019-0117 (and any additional information it may find necessary to request from YB regarding its financial condition), to determine whether the sailing schedule changes approved pursuant to Transmittal No. 20-0003 were justified in continuing beyond the thirty (30) day period set forth in Order No. 37128.<sup>13</sup>

Commission's Decision

YB's original Transmittal No. 20-0003 filing emphasized that cargo volumes have increasingly declined since Governor Ige's March 23, 2020, "State at Home" proclamation.<sup>14</sup> In YB's latest

<sup>14</sup>Transmittal No. 20-0003 at 6. On May 18, 2020, Governor Ige issued his Eighth Supplementary Emergency Proclamation, amending and restating all prior COVID-19 related State emergency proclamations to support ongoing State and County responses, until June 30, 2020. May 28, 2020, letter to the Commission, YB states that its "financial situation is still extremely dire, and the continuation of the adjusted sailing schedule is critical and necessary to help mitigate against the impending cash shortfall and the severe losses that Young Brothers is projecting to suffer through at least 2020."<sup>15</sup> However, as noted above, on June 3, 2020, YB filed its Transmittal No. 20-0003 Modification Request, which would (1) change its sailing between Honolulu and Hilo from a Tuesday departure from Honolulu, to a Saturday departure from Honolulu, such that the barge arrives in Hilo on Monday, (2) add a second weekly sailing to Kaunakakai, and (3) change its arrival in Kaunalapau to Wednesday (instead of Sunday).<sup>16</sup>

Given this update, and pursuant to HRS § 271G-17(b) and HAR § 16-605-41(a),<sup>17</sup> the Commission approves (1) through June 11, 2020, the sailing schedule changes established via Order No. 37128, originally set forth in Tariff Transmittal No. 20-0003; (2) a 30-day extension, effective June 12, 2020,<sup>18</sup> of the sailing

<sup>16</sup>Transmittal No. 20-0003 June 3 Modification Request at 1-3.

<sup>17</sup>The Commission notes here the emergency conditions, related to both the COVID-19 Pandemic and YB's current financial situation, under which the May 28 Extension and June 3 Modification Requests arise.

- Monday afternoon departure from Honolulu, and a Tuesday morning arrival in Kahului; and
- Thursday afternoon departure from Honolulu, and a Friday morning arrival in Kahului;<sup>19</sup> and

(3) Effective June 12, 2020, YB's requested new sailing schedule adjustments, set forth in its Transmittal No. 20-0003 June 3 Modification Request, for 30 days, which (a) change YB's sailing between Honolulu and Hilo from a Tuesday departure from Honolulu, to a Saturday departure from Honolulu, such that the barge arrives in Hilo on Monday, (b) add a second weekly sailing to Kaunakakai, and (c) change YB's barge arrival in Kaumalapau to Wednesday (instead of Sunday). However, as raised in the Consumer Advocate's June 3 SOP, the Commission also directs YB to file with the Commission (and serve a copy on the Consumer Advocate) a report detailing the costs associated with the sailing schedule changes set forth in YB's Transmittal No. 20-0003 June 3 Modification Request, as approved in this Order, by June 29, 2020.

The Commission approves the temporary sailing schedule extension and adjustments set forth above, and will assess whether to extend the sailing schedule pending receipt of information regarding whether YB will receive the financial support it requests during the upcoming Legislative session, scheduled to open on June 15, 2020,<sup>20</sup> which could serve to put YB in an improved position to re-expand its sailing schedule, services, and make additional improvements, to better serve its customers.
