

NOTICE OF ACTIONS – Special Review of Teach-Out Proposals
 American Psychological Association - Commission on Accreditation
Spring 2019

At its meeting held from April 4-7, 2019, the the American Psychological Association’s Commission on Accreditation reviewed proposals from programs offering to teach-out students from the formerly-operational, APA-accredited Clinical Psy.D. programs at Argosy University. The Commission approved teach-out proposals from five programs that were not previously APA-accredited. These programs have been granted “accredited, inactive” status, which will allow them to teach-out impacted students from Argosy University’s APA-accredited Clinical Psy.D. programs. Should the “accredited, inactive” teach-out programs wish to accept new, non-Argosy students into a program created as a function of the teach-out, they must separately apply for initial accreditation.

For additional information regarding periodic review, including accreditation statuses and decision options, please see Section 8 of the [Accreditation Operating Procedures of the Commission on Accreditation \(AOP\)](#).

Programs approved to Teach-Out students from APA-accredited Argosy University Clinical Psy.D. programs

Granted “Accredited, Inactive” Status
