INSURANCE FRAUD INVESTIGATION

The Insurance Fraud Investigations Branch (Fraud Branch) conducts a statewide program to prevent, investigate, and prosecute insurance fraud cases and complaints relating to all lines of insurance, except workers' compensation insurance. The Fraud Branch reviews referrals submitted by the insurance industry, other agencies, and the public and opens investigations in all cases where it suspects that a crime may have been or is currently being committed. State law requires that any insurer or insurer's employee or agent, who believes it has received a fraudulent claim, refer the case to the Fraud Branch within 60 days.

The Fraud Branch employs special deputy attorneys general to initiate criminal prosecutions. By employing deputies trained in criminal prosecution, all cases receive prompt attention and representation in the criminal justice system. The branch includes 10 employees, including prosecutors, investigators, and administrative staff.

During FY 2021-2022, the Fraud Branch received 478 referrals from insurance companies, various agencies, and the public. Of those accepted for prosecution, criminal indictments were obtained against 15 individuals with a fraud amount totaling \$68,630.00 for the fiscal year. The Fraud Branch obtained \$3,732.00 in restitution, with \$8,655.00 payable to the Crime Victim Compensation Fund, and \$1,000.00 in fines payable to the State of Hawaii. There were also probation service fees in the amount of \$2,000.00 and miscellaneous fees of \$1,810.00 collected, and \$3,000.00 payable to the State General fund.

In addition to their duties and obligation to prevent, investigate, and prosecute insurance fraud cases and complaints, the Fraud Branch assisted the C&E Branch in reviewing licensee applications and renewals. Specifically, the Fraud Branch assisted in screening applications and renewal applications for producer licenses for criminal convictions and administrative action histories.

The Fraud Branch works to prevent insurance fraud through disseminating brochures and conducting presentations and making copies of its informational brochure available to the public. However, due to COVID restrictions and the safety of the community, all meetings or classes attended during this past year have been online. Likewise, all presentations or informative gatherings by the Fraud Branch were suspended. The online classes, discussions or seminars we participated in included those sponsored by the National Insurance Crime Bureau, the International Associations of Auto Theft Investigators and the National Association of Attorneys Generals.

RATE AND POLICY ANALYSIS

The Rate and Policy Analysis Branch (RPA Branch) analyzes and approves or disapproves rate filings for property, casualty, motor vehicle, inland marine, surety, credit life and disability, long-term care, and Medicare supplement insurance. The RPA Branch also reviews policy form filings for workers' compensation, motor vehicle, credit life and disability, long-term care, Medicare supplement, temporary disability, and title insurance.

During fiscal year 2021-2022 (FY 2022), the RPA Branch reviewed approximately 3,479 filings. This figure represents a 6% decrease in the volume of filings over the prior fiscal year. The filing fees were eliminated in FY 2022. Filings fees will be reduced by 50% in FY 2023.

RPA Branch utilizes the NAIC filing application known as System for Electronic Rate and Form Filing (SERFF), a state-of-the-art system for filing submittal, document management and review access. First introduced in 2001 to a modest number of participating insurers in Hawaii, by 2013, 100% of insurers were using SERFF which eliminated paper filings altogether. By 2019, Hawaii moved toward greater transparency for life and health filings by enabling SERFF Filing Access (SFA), an on-line portal through which the public may view SERFF filings. In 2020, property and casualty filings were also made available through SFA.

Act 104, Session Laws of Hawaii 2004, established article 30 of chapter 431, HRS, which permits Hawaii to join with other states to regulate designated insurance products through an interstate insurance product regulation compact now known as the Insurance Compact. The Commission for the Insurance Compact became effective May 2006 with 26 member states. Bylaws and operating procedures have been adopted with input by members states, as well as product standards for life, annuity, disability income and long-term care. All standards are audited every 5 years by Compact members. At the close of FY 2022, there are 46 compacting states including Puerto Rico and DC, over 250 filing companies, and over 102 product standards. The Compact approved 886 filings for Hawaii in FY 2022.

LONG-TERM CARE INSURANCE: Pursuant to Act 233, SLH 2007, insurers transacting long-term care insurance business on or after January 1, 2008 are required to comply with model disclosure standards and actuarial rate-making standards. The majority of insurers with rates and forms on file in Hawaii no longer actively sell stand-alone long-term care insurance, though they continue to service existing policyholders. Requests for premium increases for policies issued before 2008 continue to be large, but the current rate review process resulted in reducing those premium increases by approximately \$611,000. Combination products of life or annuity with a long-term care rider are increasingly available and are an alternative to traditional, stand-alone long-term care plans.

MEDICARE SUPPLEMENT INSURANCE: There are 13 insurers offering Medicare Supplement plans in Hawaii. The majority have added new plans as allowed by Medicare Access and CHIP Reauthorization Act of 2015 (MACRA), and many provide a wide selection of plans. Throughout FY2022, there was a modest increase in rates due to pent-up demand for services and the lingering effects of COVID-19 on the senior population. Overall, the rates for this product remain stable.

MOTOR VEHICLE INSURANCE: The COVID-19 pandemic which started in the latter half of FY 2020 significantly altered the driving habits of the entire state. Toward the end of FY 2022, some employers phased out telework and schools resumed in-person learning. Even so, the return to pre-COVID-19 driving volume has not yet materialized and auto rates remained largely discounted. Estimated savings as a result of rate review are \$19 million. On the horizon, the Division expects that both inflationary pressures and the return to pre-COVID-19 driving volume will exert upward pressure on future rates. RPA Branch issues and posts an annual Vehicle Premium Publication as a guide to consumers who take an interest in shopping for the best rate.

HOMEOWNERS INSURANCE: Hawaii continues to enjoy a robust Homeowners, Renters and Condominium insurance market. The exception continues to be within highest-risk Lava Zones 1 and 2 where Hawaii Property Insurance Association (HPIA) is the insurer of last resort. The lava events in 2014 and 2018 on Hawaii island continue to impact the availability of insurance and the rates remain high due to the significant cost of reinsurance. RPA Branch issues and posts an annual Homeowners Premium Publication as a guide to consumers who take an interest in shopping for the best rate.

HURRICANE INSURANCE: Hawaii has seen very little change in the total number of hurricane insurers in

REPORT OF THE INSURANCE COMMISSIONER OF HAWAII

Hawaii. The concerns over climate change and a hardening re-insurance market will continue to exert upward pressure on hurricane insurance rates.

WORKERS' COMPENSATION: Hawaii is a state that provides has some of the strongest worker protections in the country. The workers' compensation line of insurance continues to see modest rate increases for several years now and reflects a trend that is different from the rest of the nation. On November 1, 2021, revisions to the National Council on Compensation Insurance workers' compensation loss costs were approved with an overall increase of 8.2 percent, to reflect projected experience and statutory benefits for January 1, 2022.

OTHER PROPERTY & CASUALTY INSURANCE: Rate filing review in other property & casualty lines of insurance resulted in an estimated savings of \$698,000. Trending rate increases are in the areas of cyber insurance products and liability insurance products of all types. Cyber products are purchased to combat the ever-increasing threat of cyber-attacks which cause data breaches, ransomware demands and massive disruption to operations. Companies who apply for cyber insurance should be aware that underwriting is strict and the company must have adequate cyber security measures in place before the insurer will agree to insure the risk.

REPORT OF THE INSURANCE COMMISSIONER OF HAWAII

CAPTIVE INSURANCE

Established in 1998, the Captive Insurance Branch provides dedicated resources to help the Insurance Commissioner monitor, regulate, and develop captive insurance companies licensed under article 19 of chapter 431, Hawaii Revised Statutes (HRS).

Since the enactment of Hawaii's enabling captive legislation in 1986, Hawaii has established an exceptional worldwide reputation in this complex, cutting-edge area of insurance and risk financing. Hawaii is considered to be the premier domicile in the Pacific. The State is ranked eighth in the world and fifth in the United States based on the number of active licenses.

The rising number of states that have become captive domiciles (approximately 35 states) and an increase in international captive domiciles has created a competitive market for states to become home to new captive insurers. Consequently, new captive formations are being distributed among more states and international jurisdictions. Further, as many mid-size to large companies already utilize a captive insurance company, the market for companies capable of forming a captive is contracting. Despite these obstacles, the Captive Insurance Branch issued 17 new captive licenses in 2021 with nine (9) captives closed through dissolution, mergers, or re-domestication. During the 2021 calendar year, total assets were approximately \$29.5 billion, combined total capital and surplus was approximately \$7.1 billion, and total gross written and assumed premiums were approximately \$12.3 billion combined.

Hawaii has implemented several strategies to meet the challenges in this current environment, including providing more timely and relevant information to prospective and current captive organizers using internet and other digital technologies. Hawaii will maintain its prudent regulatory approach toward captives and continue to participate in developing national and international insurance standards. The Captive Insurance Branch will also review initiatives that provide potential opportunities for Hawaii's captive insurance industry.

Hawaii continues to attract captives from Fortune 500 companies in the United States and a growing number of Japan-based corporations that normally have few business contacts in the United States. These captives add millions of dollars in investments held in Hawaii and managed by local Hawaii banks and financial institutions. As of December 31, 2021, total investments held in Hawaii was \$1.6 billion. Hawaii's captive industry also supports many specialized local professional services from the sectors of public accounting, legal, claims administration, and other insurance-related services. The Captive Insurance Branch will continue to work with the public and private sectors by providing educational expertise and resources to support the long-term development and refinement of this niche business in Hawaii.

The following is an aggregated summary of information about Hawaii's captive insurance industry as of December 31, 2021 and 2020, respectively:

FINANCIAL SURVEILLANCE AND EXAMINATION

The Financial Surveillance and Examination Branch conducts financial analyses and examines Hawaii-domiciled insurance companies, agencies, health maintenance organizations, and mutual benefit societies, to confirm their financial condition, solvency and compliance with applicable laws and regulations. To safeguard consumer interests and maintain the integrity of the insurance industry, the Financial Surveillance and Examination Branch also:

- Licenses more than 1,300 domestic, foreign and alien insurers.
- Processes and collects more than \$216 million in Premium tax and Surplus Lines tax on behalf of the General Fund and Workers' Compensation levies on behalf of the Department of Labor & Industrial Relations.
- Processes and administers the Qualified High Technology Business Investment Tax Credits and Low Income Housing Tax Credits claimed against Insurance Premium taxes.
- Authorizes and monitors accredited and trustee reinsurers.
- Registers purchasing groups and foreign risk retention groups.
- Regulates self-insurers.

- Monitors market share and competitive standards of mergers and acquisitions.

The Insurance Division is subject to periodic review by the NAIC Financial Regulation Standards and Accreditation Program (FRSAP) which requires state insurance departments to regulate domestic insurers' corporate and financial affairs. The Financial Surveillance and Examination Branch introduces legislation and administrative rules to ensure that the Insurance Division has adequate statutory and administrative authority, and the resources necessary to satisfy its regulatory obligation. An independent FRSAP review team conducts a comprehensive review of all accredited state insurance departments at least once every five (5) years to ensure their compliance with NAIC standards. First accredited by the NAIC FRSAP in 1996, the Insurance Division has been re-accredited in 2001, 2006, 2011, 2016 and 2021.
