Executive Officer's
Report:

Conferences/Seminars/Meetings

2016 NCSBN Annual Meeting, August 17-19, 2016, Chicago, Illinois
The EO stated the Chair, herself and Ms. Kodama will be attending.

Board Member Orientation, August 30, 2016. 8:30 a.m. – 12:30 p.m., State Capital Auditorium

The EO reported that Ms. Napoleon will be attending.

NLC Cohort Meeting, September 22, 2016, Rosemont, Illinois – EO

The EO reported initially she was not going to attend, however because we are very concerned with the fiscal impact, she will attend so she can ask questions and gather more information at this meeting. She is currently working with NCSBN staff on getting them statistics of the number of Hawaii licensees by state so they can determine the fiscal impact on Hawaii. She has seen one other state has increased their license fees as a way to offset cost, so this is something that may still be possible if the Board is still interested. Right now no state is allowed to require an application form or fees for anyone who has a compact license, which would also mean no collection of the Hawaii State Center for Nursing fees.

The DAG asked didn't they at one time say they would provide funding?

The EO stated, yes, but now they are saying you have to pay to join the compact. Besides that, part of your license fees also goes to pay for investigation cost. So if a complaint is filed against someone, RICO will still have to conduct and pay for an investigation.

Regulation 2030 Meeting, October 2-3, 2016, Chicago, Illinois

The EO reported the Chair will be attending.

International Nurse Regulator Collaborative Symposium, October 4-5, 2016, Chicago, Illinois

The EO reported that Ms. Napoleon will be attending.

2016 NCSBN Scientific Symposium, October 6, 2016, Chicago, Illinois

The EO reported that Ms. Napoleon will be attending.

2016 Legislature – Status Report

The EO reported on the following:

HB 2707, HD1, SD2, CD1 – Relating to Medical Marijuana (Act 230, SLH 2016, approved by the Governor on July 1, 2016)

The EO reported part of this bill now allows APRNs to qualify patients for medical marijuana. So a question came up about the Exclusionary Formulary. On the current exhibit it states..., "The Exclusionary Formulary shall consist of: Medical marijuana as restricted in HRS section 329-121"... No one, not even physicians can write a prescription for medical marijuana because it is a Schedule I.

Attached is a draft proposed Exclusionary Formulary that adds a clarification for medical marijuana. It is still included in the Exclusionary Formulary, but it clarifies that APRNs can now qualify a patient.

APRN with Prescriptive Authority, Exclusionary Formulary

The Board reviewed a draft of a proposed Exclusionary Formulary that adds clarification for medical marijuana and the Joint Formulary Advisory Committee.

Upon a motion by Mr. Joslyn, seconded by Ms. Kodama it was voted on and unanimously carried to approve the proposed draft of the Exclusionary Formulary and post it onto the Board's webpage.

CDC Checklist for Prescribing Opioids for Chronic Pain

The Board reviewed a "Checklist for prescribing opioids for chronic pain" prepared by the CDC.

The EO asked if due to the concern regarding over prescribing of opioids, if this is something the Board would like to have posted to their webpage for APRNs with prescriptive authority?

Upon a motion by Mr. Joslyn, seconded by Ms. Kodama it was voted on and unanimously carried to post the CDC Checklist for Prescribing Opioids for Chronic Pain onto the Board's webpage.

Information on 2016 Legislative Measures Posted on BON's Web Page:

- 2016 Legislation
- Act 183, SLH 2016 Relating to Advance Practice Registered Nurses – Certify Cause of Death

The EO reported she had a summary of the 2016 Legislative Measures posted onto the Board's webpage. It is a summary of all the bills that passed this legislative session that affects nursing. She also had posted a separate one for Act 183 related to APRNs – Certify Cause of Death.

Amendments to Title 16, Chapter 89 – Status Report

The EO reported she is still proofing the draft.

Continuing Competency Program

The EO reported she is working on drafts of information to be posted on the Board's webpage pertaining to providers of CE and recognized national certifying organizations. She will try to have the drafts ready for the Board's review by the October meeting.

Hawaii State
Center for Nursing:

Mr. Reichhardt stated they are still looking for a program lead, which will include 30% time involved with the Academic Progression for Nursing Program initiatives.

LPN Scope of Practice Questions

The Board reviewed and discussed an email inquiry and after careful consideration, responded to the questions as follows:

1. What is the LPN's scope of practice in private duty/personal care?

The scope of practice of a nurse, as defined in Hawaii Revised Statutes §457-1.5 is the same in any setting:

§457-1.5 Practice of nursing. (a) Nursing is a scientific process founded on a body of professional knowledge. It is learned profession based on an understanding of the human condition across the lifespan of a client and the relationship of a client with others and within the environment. It is also an art dedicated to caring for others. The practice of nursing means assisting clients in attaining or maintaining optimal health, implementing a strategy of care to accomplish defined goals within the context of a client-centered health care plan, and evaluating responses to nursing care and treatment. Nursing is a dynamic discipline that is continually evolving to include more sophisticated knowledge, technologies, and client care activities. Nursing applies evidence-based practice to promote optimal client outcomes.

(b) The scope of nursing practices established in this chapter and by the rules of the board shall serve as general guidelines and are not intended to address the appropriateness of the use of specific procedures in any particular work setting or to grant permission to implement specific procedures in any particular work setting.

2. What can and what can't LPN's do?

The LPN's scope of practice is defined in HRS 457-2 as follows:

"The practice of nursing as a licensed practical nurse" means the performance of those acts commensurate with the required educational preparation and demonstrated competency of the individual, whereby the

individual shall be accountable and responsible to the consumer for the quality of nursing care rendered. The foregoing may include, but shall not be limited to: implementation of basic nursing procedures in the plan of care; observing and caring for individuals at all levels of the health spectrum, giving counsel and acting to safeguard life and health and functioning as a part of the health care team, under the direction of a dentist, physician, osteopathic physician, registered nurse, osteopath, or podiatrist licensed in accordance with chapter 448, 453, 457, 460, or 463E, or under the orders of a physician assistant licensed pursuant to chapter 453, practicing with physician supervision as required by chapter 453, and acting as the agent of the supervising physician; administration of treatment and medication as prescribed; promotion of health maintenance of individuals, families, or groups; or teaching and supervision of auxiliary personnel.

In addition, HRS 457-2.6 also states:

§457-2.6 Licensed practical nurse. Practice as a licensed practical nurse means the directed scope of nursing practice, regardless of compensation or personal profit, that takes place under the direction of a registered nurse, advanced practice registered nurse, licensed physician, or other health care provider authorized by the State, and is guided by the scope of practice authorized by this chapter, the rules of the board, and nursing standards established or recognized by the board including but not limited to:

- (1) The National Council of State Boards of Nursing Model Nursing Practice Act, Article II, Scope of Nursing Practice, Section 3; and
- (2) The National Council of State Boards of Nursing Model Nursing Administrative Rules, Chapter Two, Standards of Nursing Practice, Sections 2.3.1 through 2.3.3; provided the NCSBN shall have no legal authority over the board and shall have no legal authority or powers of oversight of the board in the exercise of its powers and duties authorized by law.

3. For example can the LPN do home assessments?

An LPN may not perform assessments. They may evaluate and inform the RN provided the RN is directly supervising the LPN.

4. Can LPN's delegate tasks to personal care assistants (unlicensed assistants)?

Although only an RN may delegate nursing care tasks to unlicensed assistive personnel pursuant to HRS 457-7.5, it was the Board's informal interpretation that an LPN that is directly under the supervision of an RN may delegate nursing care tasks, functions and activities to unlicensed assistive personnel.

5. Does the LPN need a RN manager to be supervising private duty/personal care clients?

Yes, see HRS 457-2.6 above.

In accordance with Hawaii Administrative Rules §16-201-90, the above interpretation is for informational and explanatory purposes only. It is not an official opinion or decision and is thus, not binding on the Board.

The Board was provided with a copy of an insert from the Working Solutions July 2016 issue for their information with topics such as:

- ✓ Lightning Safety Tips for Employees;
- ✓ Emotional Intelligence in Customer Service;

Delegation

The EO reported that she received an inquiry on “delegation” and after doing some research of the nurse practice act, she found the NCSBN/ANA Joint Statement on Delegation that also includes the Decision Tree for Delegation of Nursing Assistive Personnel and the ANA Principles of Delegation.

The Board reviewed HRS 457-7.5 and HAR 16-89-100 and it was the consensus of the Board to recognize the NCSBN/ANA Joint Statement on Delegation that also includes the Decision Tree for Delegation of Nursing Assistive Personnel and the ANA Principles of Delegation.

The EO stated that she will contact NCSBN and get their permission to post the information on the Board's web page.
