Chapter 91, HRS,
Adjudicatory
Matters:

Chairperson Akasaki called for a recess from the Board's meeting at 8:36 a.m. to discuss and deliberate on the following adjudicatory matters pursuant to HRS chapter 91.

1. Settlement Agreements

a. In the Matter of the Contractors' Licenses of Mainland-Pacific, Ltd., dba Mainland-Pacific Builders and Michael K. Coates, RME; CLB 2015-63-L

RICO received a complaint alleging that Mainland-Pacific, Ltd., dba Mainland-Pacific Builders (Respondent "MPL") with Michael K. Coates as the RME ("Respondent Coates") performed work on a project located in Waikiki and assisted an unlicensed entity to also perform work on the same condominium project.

If proven at an administrative hearing before the Board, the allegations would constitute violations of the following laws:

- HRS section 436B-19(6) (aiding and abetting an unlicensed person to directly or indirectly perform activities requiring a license); and
- HRS section 436B-19(16) (employing, utilizing, or attempting to employ or utilize at any time any person not licensed under the licensing laws where licensure is required).

Respondents do not admit to violating any law or rule but agree to pay a fine in the amount of \$7,500.00.

After discussion, it was moved by Mr. Kamai, seconded by Mr. Mochida, and unanimously carried to approve the Settlement Agreement Prior to Filing of Petition for Disciplinary Action and Board's Final Order in the above case.

b. In the Matter of the Contractors' Licenses of S & A Industries, Inc., and Maiser M. Aboneeaj; CLB 2013-483-L

RICO received a complaint alleging that S & A Industries, Inc. ("Respondent S & A") and Maiser M. Aboneeaj, RME ("Respondent Aboneeaj") failed to follow the licensing laws related to responsible managing employees. It is alleged that Respondent Aboneeaj was not in residence in Hawaii for periods of time while the project was under construction.

If proven at an administrative hearing before the Board, the allegations would constitute violations of the following statutes and rules:

- HRS section 436B-19(17) (violating chapter or applicable licensing laws); and
- HAR section 16-77-71(a)(4) (RME shall be in residence in the State during the period a project is under construction).

Respondents do not admit to violating any law or rule, but agree to pay an administrative fine, jointly and severally, in the amount of \$75,000.00.

After discussion, it was moved by Mr. Kamai, seconded by Mr. Konishi, and unanimously carried to approve the Settlement Agreement Prior to Filing of Petition for Disciplinary Action and Board's Final Order in the above case.

2. Board's Final Orders

None.

Following the Board's review, deliberation and decisions in these matters, pursuant to HRS chapter 91, Chairperson Akasaki announced that the Board was reconvening to its open meeting at 8:39 a.m.

Executive Session:

At 8:40 a.m., it was moved by Mr. Kamai, seconded by Mr. Konishi, and unanimously carried to enter into executive session pursuant to HRS section 92-5(a)(1) to consider and evaluate personal information relating to individuals applying for professional or vocational licenses cited in HRS section 26-9, and to consult with Rodney J. Tam, deputy attorney general, on questions and issues pertaining to the Board's powers, duties, privileges, immunities, and liabilities pursuant to HRS section 92-5(a)(4).

At 9:39 a.m., it was moved by Mr. Konishi, seconded by Mr. Mochida, and unanimously carried to move out of executive session and to reconvene to the Board's regular order of business.

Recess:

Chairperson Akasaki called for a short recess at 9:40 a.m.

The Board reconvened at 9:42 a.m.

Appearances Before the Board:

- a. Kevin R. Close, RME
BCP Construction of Hawaii Inc. (Additional classification)
C-1 Acoustical & insulation

Executive
Session:

At 9:43 a.m., it was moved by Mr. Mochida, seconded by Mr. Suehiro, and unanimously carried to enter into executive session pursuant to HRS section 92-5(a)(1) to consider and evaluate personal information relating to individuals applying for professional or vocational licenses cited in HRS section 26-9, and to consult with Rodney J. Tam, deputy attorney general, on questions and issues pertaining to the Board's powers, duties, privileges, immunities, and liabilities pursuant to HRS section 92-5(a)(4).

At 9:54 a.m., it was moved by Mr. Suehiro, seconded by Mr. Leong, and unanimously carried to move out of executive session and to reconvene to the Board's regular order of business.

After discussion, it was moved by Mr. Leong, seconded by Mr. Mochida, and unanimously carried to defer Mr. Close's application for licensure in the C-1 classification pending the submission of additional projects that he supervised his own crews and not subcontractors.

- b. Joseph R. Dyess, RME

"B" General Building

Mr. Dyess was not present.

- c. David L. Pickens (Individual) (Reactivate)
"B" General Building

Mr. Pickens had informed the Board before his appearance that he was going to withdraw his application.

- d. Matthew C. Driggers (Individual)
"B" General Building
C-60 Solar power systems

Executive
Session:

At 9:55 a.m., it was moved by Mr. Konishi, seconded by Mr. Mochida, and unanimously carried to enter into executive session pursuant to HRS section 92-5(a)(1) to consider and evaluate personal information relating to individuals applying for professional or vocational licenses cited in HRS section 26-9, and to consult with Rodney J. Tam, deputy attorney general, on questions and issues pertaining to the Board's powers, duties, privileges, immunities, and liabilities pursuant to HRS section 92-5(a)(4).

At 10:06 a.m., it was moved by Mr. Suehiro, seconded by Mr. Mochida, and unanimously carried to move out of executive session and to reconvene to the Board's regular order of business.

After discussion, it was moved by Mr. Polischeck, seconded by Mr. Suehiro, and unanimously carried to defer Mr. Driggers' application for licensure in the "B" classification pending the submission of additional "ground-up" projects

verifying four years of supervisory experience, and withdraw his application for licensure in the C-60 classification pursuant to his request.

Mr. Driggers stated that he has spent six months on trying to get his license so asked the Board to either deny or approve his application.

Mr. Polischek replied that the Board is giving him a chance to get his license by submitting additional information. He asked Mr. Driggers to add more detail to each project. Chairperson Akasaki told Mr. Driggers that the Board told him what he needs to submit. Mr. Driggers asked to write a revised description of his work and have Mr. Polischek review it. Mr. Polischek agreed to take a quick look at one project description to give him an idea of whether that is the information the Board is seeking.

6. Scope of Activity Committee:
Nathan T. Konishi, Chairperson

Jesse Dunning – Mr. Dunning is requesting a determination on whether a C-15b Telecommunications and/or a C-68TN Communications tower contractor may perform grounding work on communication towers.

Mr. Dunning stated that the “grounding” on cell sites he is referring has nothing to do with power. It is not about installing an electrical system. The grounding is to protect the system from potential lightning strikes and to keep static charges from building and causing damage to the equipment and causing interference in the frequencies that the calls and data are on.

Mr. Suehiro stated that grounding is considered electrical work and cannot be performed by the C-15. The C-13 is required to install the rod in the ground and ground the tower and perimeter fence around the cell tower.

DAG Tam stated that the Board is being consistent with its prior determination that “grounding and bonding” should be done by the C-13 Electrical contractor.

Mr. Dunning stated that his point is if there is going to be any discussion on cell phone tower work. He felt that the Board should create a new classification just for cell tower work as it does involve multiple classifications. Various communication companies are contracting work to unlicensed mainland contractors and it is hurting the licensed contractors in Hawaii who are able to do the work. Executive Officer Ito related that this discussion is limited to his inquiry pertaining to whether a C-15 or C-68TN may perform grounding on cell towers. His concerns regarding creating a new classification for cell tower work only will be discussed later in the agenda, under “Correspondence”.

Mr. Dunning inquired about coaxial grounding and bonding to the ground buss bar or to the tower. On page 146 of the specs he provided, the outer shield of the coaxial cable and elliptical waveguide must be bonded to the tower. Mr. Suehiro replied that it is still considered grounding and bonding that must be performed by a C-13.

Mr. Dunning stated that “grounding” questions are included in the C-15 exam, so why should they be tested on it if they are not able to do it? Executive Officer Tamanaha related that being tested on grounding doesn’t necessarily

mean that you are being tested to install; it may be that it is required knowledge because it is related to C-15 work.

Mr. Dunning stated that the point he is trying to make is that this industry should be regulated correctly because Hawaii contractors cannot compete with unlicensed mainland contractors. Executive Officer Tamanaha related that utility companies can use their own employees if they are doing the work in-house and they don't need to use a licensed electrician. Mr. Dunning stated that mainland communication companies do not do their own work; they contract work to unlicensed mainland contractors. The Board indicated that unlicensed activity is under the Regulated Industries Complaints Office jurisdiction, and suggested that Mr. Dunning file a complaint with that office.

Mr. Dunning also felt that a classification for cell towers should be created where an exam is required. DAG Tam responded that requiring an exam does not solve the problem of unlicensed mainland contractors coming here to do work. Mr. Dunning agreed that it does not, but he is talking about cell phone work as a new trade. Mr. Polischek related that cell phone tower work needs subcontractors, because the C-68TN can only build the tower. Executive Officer Tamanaha explained that the Board does not create new classifications just because of new technology. New technology work is usually already covered in existing classifications.

Mr. Suehiro stated that it appears that their clients need to be educated on the trades involved in cell phone tower work. Mr. Dunning stated that his apprentice can do the tower work, but he is not a licensed electrician. The available employees in his industry who are at the journeyman level are generally not licensed electricians, so it will be difficult for him to hire someone who can do the tower work and also be a licensed electrician.

The Board indicated that the problem is competition and all licensees have to go through the same thing and hire subs to do work they are not licensed to do themselves. The Board cannot roll all the classifications involved in cell tower work into a new classification. There is an existing licensing scheme where different work performed on cell towers fall under different classifications.

Recommendation: All grounding and bonding work must be performed by the C-13 Electrical contractor. Thus, neither the C-15 Telecommunications nor the C-68TN Communications tower contractor is allowed to perform grounding work on communication towers.

After discussion, it was moved by Mr. Kagawa, seconded by Mr. Suehiro, and unanimously carried to approve the above scope recommendation.

7. Conditional License Report:
Charlene L.K. Tamanaha, Executive Officer

- a. John Cook Associates Inc.
Mark A. Olson, RME
“B” General Building
- b. Rickey E. Bishop, RME
Hawaii Energy Connection LLC
C-13 Electrical

Mr. Olson and John Cook Associates Inc. are reapplying for the “B” and thus experience is not an issue. The Board reviewed his financial situation.

Mr. Bishop was on a conditional status since 2013 and did provide documents as requested by the Board.

After discussion, it was moved by Mr. Kagawa, seconded by Mr. Suehiro, and unanimously carried to approve Mr. Olson for a conditional license, subject to submittal of semi-annual updates on his financial situation, and to approve removing the conditional status on Mr. Bishop’s license.

8. Applications Committee:
Daryl Suehiro, Chairperson

It was moved by Mr. Kagawa, seconded by Mr. Leong, and unanimously carried to accept the recommendations made by the Applications Committee on items E-1 through E-141.

Owner-Builder Exemption Applications

- a. Pepito Borce
- b. Roddy Kevin Stafford
- c. Davin Seguerre

After discussion, it was moved by Mr. Konishi, seconded by Mr. Suehiro, and unanimously carried to approve the owner-builder exemption applications for a. and b. above and to defer Ms. Seguerre's application pending additional information.

Correspondence:

- a. Inquiry on contract disclosure requirement, HAR section 16-77-80(a)(6)

This inquiry is concerning clarification and what it means in HAR section 16-77-80(a)(6) that states: "A clear statement of the risk of loss of any payments made to a sales representative (printed in distinct capital letters next to the owner's signature line)".

The Board indicated that the sales representative only sells services. If the consumer makes the check payable to the salesperson and the salesperson does not pay the contractor, the consumer is still responsible for paying the

contractor. The Board came to a consensus that this disclosure notifies the consumer that if they make payments to a salesperson (i.e., issues a check payable to salesperson), there is a risk that the salesperson may not pay the contractor and the consumer will be responsible for paying the contractor.

- b. Information on cell phone sites to incorporate into the C-68TN Communication tower classification

This matter was discussed under Agenda Item No. 6, Scope of Activity Committee.

Other Business: None.

Next Meeting: Friday, June 19, 2015

Adjournment: There being no further business to discuss, the meeting was adjourned at 12:03 p.m.
