Executive Officer's  
Report:

a. Guard Employee Registration Statistics

Total applications received as of 11/11/13	9,341
Total licensed	8,338
Applications with deficiencies	933

The Board thanked Mr. Chang for reviewing the Guard Employee registration applications and as of 11/11/13, there are 0 applications to be reviewed and there have been close to 10,000 applications.

The Executive Officer informed the Board that the following notice as to how employers can screen guard registration applications to help expedite the application process was sent to the Ad Hoc Committee for distribution:

MEASURES TO EFFECTUATE A FASTER  
TURNAROUND OF GUARD EMPLOYEE APPLICATION

The following are time-saving measures you or your employers can take that will assist the Board's review and remove impediments to processing that will result in faster turnaround and registrations:

- 1) Applicants/employers can perfect their submittal packages by making certain all required documents are submitted (training certificate, verification of high school or equivalency).
- 2) If you or your employee answers "Yes" to questions 3, 4, or 5 of the application, insure that all the documentation required on pages 2 and 3 of the "Requirements & Instructions – Guard Registration" is submitted.

- 3) Applicant/employee must answer "Yes" if they have any criminal convictions. If any conviction is revealed, a deficiency or deferral will be sent requesting the required documentation and statements if not originally submitted. Sending deficiencies, awaiting documentation to clear the deficiency, and Board review may add approximately 4 weeks to the process.
- 4) If the high school educational documentation is in question, use the "Statement of Educational Background" form. Remember it must verify at least 4 years of work experience. If you or an employee has only worked with an employer for 2 years, the applicant/employee must obtain as many statements from former employers needed to verify at least 4 years. The forms must be signed and notarized.
- 5) Fee for the guard registration is \$73.00. If your company is submitting fees for employees, use separate checks. Using a single check for multiple employees may result in delays if one applicant does not "clear" the review.

Vice Chairperson Yabuta opined that the initial impact of applicants was 9,000 and there will be another hit again at renewal. The Executive Officer added that the Licensing Branch will be dealing with fees only if Senator Baker removes the Continuing Education requirement for this renewal. The renewals can be done online and the department is currently looking into whether the applicant can scan and send their CE certificates online also. The computer can randomly select renewal applications for audit purposes.

The Executive Officer informed the Board that the industry requested a meeting on September 27, 2013 with the Director of the Department of Commerce and Consumer Affairs regarding the backlog of applications. On September 26, 2013, the Licensing Branch announced that they had cleared the backlog of applications for guard employees. The industry was told that if they are aware of upcoming events requiring the hiring of additional guard employees, that they should start as early as is possible in submitting their guard employee registration applications.

b. Examination Reference Materials

The Executive Officer requested a list of references from the licensee board members that will enable an examination update. The Executive Officer also informed the Board that while a testing contractor would be preferable, it is also cost prohibitive due to the number of applications received and potential exam candidates. Mr. Akiona asked if the Board could look at the present exam. The Executive Officer responded that the present exam must be redone because of the outdated reference materials. Mr. Chang volunteered to do the research on finding current references.

Act 208 (SLH 2010)  
and Any Matters  
Relating to its  
Implementation:

a. Curriculum Review Committee

- 1) Guardsmark, LLC  
State of Hawaii Security guard Training Course Curricula

The Board reviewed the amended curricula submitted by Guardsmark, LLC and it was moved by Mr. Galas, seconded by Vice Chairperson Yabuta, and unanimously carried to approve the Guardsmark, LLC curriculum.

b. Email requesting Board determination if Active Reserve Navy (military) Police are exempt from the requirements of Act 208.

The Board reviewed the October 2, 2013 e-mail requesting that Active Reserve Navy (Military) Police be exempt from the Hawaii

State guard employee registration requirements of Act 208 (SLH 2010) and Hawaii Revised Statutes (“HRS”) chapter 463.

Mr. Galas informed the Board that active reserve navy police is a temporary status and when the individual is off post, he does not have a duty to respond. Therefore there should be no exemption to the requirements of Act 208 (SLH 2010) when off federal property. Vice Chairperson Yabuta stated that if this individual is on federal property, he is exempt from the requirements of Act 208 (SLH 2010).

After further discussion it was moved by Mr. Galas, seconded by Mr. Chang, and unanimously carried that based solely upon the information provided, Active Reserve Navy (military) Police are **not** subject to the guard registration requirements of Act 208 or HRS chapter 463 while working as a current active military reserve (military police) employee. However, the Board also determined that because the arrest powers on or off duty are limited solely to infractions related to the employment of a military police reservist, the reservist is subject to the guard registration requirements of Act 208 and HRS chapter 463 when acting as a guard outside of the military reserve police employment.

c. Continental Academy Certificate of Accreditation

The Executive Officer asked if the Board would accept the certificate of accreditation from Continental Academy as proof of a high school education for the guard employee registration requirement since the Board accepts foreign certificates. Continental Academy is an online alternative school and is not recognized by the United States Department of Education and/or the Florida Department of Education. The Executive Officer added that the Board’s policy has been that the school should be recognized or approved by either the federal or state department of education.

It was moved by Mr. Galas, seconded by Vice Chairperson Yabuta, and unanimously carried to not accept the Continental Academy as proof of a high school education for the guard employee registration as it is not recognized or approved by a state or by the federal department of education.

d. Notice to Guard Employee Registration Applicants Who Filed Applications Prior to July 1, 2013

The Executive Officer informed the Board that the department will be sending the following notice to applicants who have not responded to the deficiency notices and who were allowed to continue working provided they submitted their applications prior to July 1, 2013:

Notice to Guard Employee Registration Applicants who filed  
Applications Prior to July 1, 2013

On June 26, 2013, the Board of Private Detectives and Guards (“**Board**”) issued an “Important Announcement Regarding Guard Registration Application Filed Before July 1, 2013 Under HRS Section 463-10.5 (Act 208 (SLH 2010))” (“**Guidelines**”). Under these Guidelines, if an individual submitted an application to register as a guard before July 1, 2013 and attested that the applicant met all of the registration requirements, that applicant was allowed to continue working as a guard after July 1, 2013 subject to the Board’s completion of its review of the application.

After reviewing your application, the Board determined that you have not met all of the registration requirements because your application was either incomplete or contained some deficiencies. The Board subsequently sent you a “Notice of Deficiency” to your last known address on file and informed you of these deficiencies. See attached. To date, our records indicate that you have not addressed or cured these deficiencies.

This is to inform you that you have **fourteen (14) calendar days** from the date of the attached notice of deficiency to cure your deficiencies. If you fail to timely submit the requested information, **your ability to continue working as a guard shall terminate immediately**, and you may be guilty of engaging in unregistered guard activity if you continue working as a guard beyond the 14 day period. In addition, you will not be issued a guard registration card and DCCA will place a notation entitled “Uncured Deficiency – Unable to Continue to Work” in your file until you qualify for registration. This status may be disclosed to the public (including your employer).

If you have any questions regarding your application or deficiencies, please call DCCA’s Licensing Branch at (808) 586-3000. Please mail all requested information to the address above.

The applicants will be given 2 weeks notice and if there is still no response, then a note will be entered into the system stating that the individual is unable to work.

It was moved by Mr. Galas, seconded by Mr. Akiona, and unanimously carried to notify applicants that they are no longer able to work as a guard if they do not respond to the deficiency notice within two weeks of this notice.

The Executive Officer informed the Board that applicants are given one year to complete an application before it is considered abandoned. Mr. Chang asked if employers can call for status. The Executive Officer responded that a notation will be placed on the applicant’s file. Deputy Attorney General Tam suggested that the notice be posted on the Board’s website

e. Ad Hoc Committee Report

The Executive Officer informed the Board that the Ad Hoc Committee has already approved the following Continuing Education Curriculum for Act 208 which will hopefully be required for the 2016 renewal if Senator Baker’s legislation is successful:

**Wrap up**

Mr. Chang stated that professional image training is critical and that every continuing education curricula should address communication skills training.

The Executive Officer stated that Senator Baker is in favor of removing the CE portion of the Act 208 requirements entirely only if she can be assured that the employer is doing the necessary training. The industry and the Board does not want to repeal continuing education for the guard employees entirely; but is in favor of repealing it for the 2014 renewal. Deputy Attorney General Tam asked if the 4 hours is sufficient. The Board's consensus was that 4 hours every 2 years is sufficient. The Executive Officer stated that Senator Baker would like the Board

to submit a general concept of the bill she will introduce to the legislature.

It was moved by Mr. Galas, seconded by Vice Chairperson Yabuta, and unanimously carried to propose to amend Act 208 and HRS Chapter 463-10.5, by repealing the sunset provision in Section 8, the CE requirement in 2014 and the required 8 hours every 2 years to 4 hours every 2 years.

Due to a lack of quorum with Board members traveling, the Board canceled the December 12, 2013 meeting.
