

FREQUENTLY ASKED QUESTIONS

ELECTRICIANS & PLUMBERS

ELECTRICIANS

Q: What are the requirements for licensure?

A: 1) Provide verification of the following:

<u>TYPE OF LICENSE</u>	<u>LICENSE TYPE CODE</u>	<u>REQUIREMENTS</u>
Journey Worker Electrician	EJ	5 years but not less than 10,000 hours in residential or commercial wiring <u>and</u> satisfactory completion accepted by a University of Hawaii Community College offering an appropriate program of study of 240 hours of electrical academic coursework.
Supervising Electrician	ES	4 years experience as a licensed journey worker electrician or equivalent.
Journey Worker Industrial Electrician	EJI	4 years but not less than 8,000 hours <u>and</u> satisfactory completion accepted by a University of Hawaii Community College offering an appropriate program of study of 200 hours of electrical academic coursework.
Supervising Industrial Electrician	ESI	3 years experience as a licensed journey worker industrial electrician or equivalent.
Journey Worker Specialty Electrician	EJS	3 years but not less than 6,000 hours <u>and</u> satisfactory completion accepted by a University of Hawaii Community College offering an appropriate program of study of 120 hours of electrical academic coursework.
Supervising Specialty Electrician	ESS	2 years experience as a licensed journey worker specialty electrician or equivalent.
Maintenance Electrician	EM	1 year electrical maintenance wiring <u>and</u> satisfactory completion accepted by a University of Hawaii Community College offering an appropriate program of study of 80 hours of electrical academic

coursework or 2 years of schooling in the trade with not less than 1,000 hours of hands-on lab exercises.

- 2) Pass the Board's examination.

Q: How do I submit my electrical academic coursework material for review to the Honolulu Community College if it is not on the list of Approved Academic Coursework (http://cca.hawaii.gov/pvl/news-releases/ep_announcement/) Required by HRS 448E-5?

A: Provide the following when submitting material for academic course work review:

- 1) Verification of Completion: Honolulu Community College requires official verification of completion documents that you completed training through an apprenticeship program, collegiate program of study, Military training, or a combination of each.
- 2) Program and Course Description: Provide detailed program and course descriptions from your respective training program. These documents are used to determine if the appropriate electrical content areas as defined by Hawaii Revised Statutes, §448E-5(b), minimum requirements, are included as part of the training program.
- 3) Contact Information: Name, primary phone, mailing address, email address
- 4) Submit all documents and associated fees for review to:

Email: honcet@hawaii.edu

or

Mail to: Honolulu Community College
Attention: Non Credit Registration Office
874 Dillingham Boulevard
Honolulu, HI 96817

License Fee:	\$225.00 if licensed between July 1 and June 30 of the 1 st year of the triennium (2012, 2015, 2018); \$150.00 if licensed between July 1 and June 30 of the 2 nd year of the triennium (2013, 2016, 2019); \$75.00 if licensed between July 1 and June 30 of the 3 rd year of the triennium (2011, 2014, 2017).
Renewal Fee:	\$225.00

Q: What plumbing code is being used in the current plumbers' examinations?

A: The 2006 Uniformed Plumbing Code ("UPC").

Q: When do licensed plumbers renew their licenses?

A: Licensed plumbers are required to renew their licenses on or before June 30 every three years: 2012, 2015, 2018 etc.

Q: Are plumbers required to meet continued competency requirements to renew their licenses?

A: Prior to the June 30, 2009 renewal of the license, and prior to every license renewal thereafter, all licensed plumbers must meet continued competency requirements to renew their license.

Q: What is required of plumbers to show proof of completing the continued competency requirement?

A: The licensee shall submit (1) a copy of a certificate from a University of Hawaii Community College evidencing attendance at an update course of the "UPC" or (2) a copy of a score report from Prometric verifying successful passage of the continued competency exam on the updates to the "UPC".

Q: Does the Board accept any other Uniform Plumbing Code update course at another institute other than at any of the State's Community Colleges?

A: Currently, the University of Hawaii Community College system is the only institution approved to develop and teach these courses. Further inquiries regarding equivalency of courses should be directed to the Honolulu Community College.

Q: If a plumber is newly licensed between June 30, 2014 and June 30, 2015 is that plumber licensee required to meet the continued competency requirement to renew the licensee's license?

A: No. Plumbers licensed within one year of the renewal date are not required to submit proof of meeting the continued competency requirements.

ELECTRICIANS & PLUMBERS

Q: If an electrician or plumber licensee fails to restore a license w/in one year of the renewal date, will that licensee be made to reapply and retake the licensing examination?

A: Yes. To avoid having to reapply and retake the examination, it is highly recommended that you restore your license within one year of the date of forfeiture.

Q: What agency has jurisdiction over permitting requirements and electrical or plumbing codes?

A: The various County Building Departments. (Honolulu, Hawaii, Maui, Kauai)

Q: Does Hawaii have reciprocal agreements with other states?

A: No. All applicants must meet the same licensing and examination requirements.

Q: Can a licensed electrician or plumber offer to perform or enter into a contract to perform electrical or plumbing work?

A: No. An electrical or plumbing contractor's license is required. There is only one exception when a licensed electrician or plumber may offer to perform or enter into a contract to perform electrical or plumbing work and that is if the project for which the aggregate contract price for labor, materials, taxes, and all other items is not more than \$1,000 and it does not require an electrical or plumbing permit.
