MEMORANDUM

TO: Naturopathic Physicians

FROM: Board of Naturopathic Medicine

SUBJECT: March 20, 2019 Formulary Update

At its publicly noticed meeting on March 20, 2019, the Board of Naturopathic Medicine made administrative updates to the Formulary as reflected in the attached document.

The formulary for naturopathic physicians was established as, and remains 'inclusive', meaning that medications, drugs, and therapies contained within the formulary represent what a naturopathic physician **can** prescribe, dispense, and administer and not what they **cannot**. In other words, it is not within the scope of Hawaii licensed naturopathic physicians to prescribe, dispense, or administer **any** medication, drug, or therapy not in the formulary.

Thank you for your kind attention to this matter. If you have any questions regarding this memo, please call the Board's office at (808) 586-2708.

NATUROPATHIC FORMULARY

(Effective March 20, 2019)

Introduction

Pursuant to Hawaii Revised Statutes §455-6(7), the Board of Naturopathic Medicine (“Board”) may annually establish and publish a naturopathic formulary that has been approved by the Board for prescription, administration, or dispensing by naturopathic physicians.

Be advised that naturopathic physicians **shall only** prescribe, administer, or dispense vitamins, minerals, dietary supplements, botanical medicines, homeopathic medicines, hormones (except for testosterone), and legend drugs consistent with naturopathic medical practice **that are included in this formulary**.

Be further advised, that naturopathic physicians **cannot** prescribe, administer, or dispense any item included in the formulary in the injectable form or by injection unless the naturopathic physician is specifically authorized by the Board pursuant to Hawaii Administrative Rules §16-88-56. To determine if a naturopathic physician is licensed and possesses a “parenteral therapy” special privilege issued by the Board, please visit <https://pvl.ehawaii.gov/pvlsearch/> or you may call our Licensing Branch at (808) 586-3000.

If you have any other questions, please contact the Board’s office at (808) 586-2704 or visit the Board’s website:

<http://hawaii.gov/dcca/pvl/boards/naturopathy/>.

List of Formulary Items

1. **ALL non-prescription and prescription** vitamins, minerals, nutritional/dietary supplements, botanical medicines, homeopathic medicines, and all biological substances including extracts and/or their products and residues.
2. **ALL HORMONES** with the exception of testosterone.
3. **ANTIBIOTICS**
 - Amebecides
 - Antifungal agents
 - Antihelminthics
 - Antimalarial preparations (includes artemesin, derived from *Artemesia annua*)
 - Antiprotozoal agents
 - Antituberculosis agents
 - Antiviral agents

NATUROPATHIC FORMULARY

(Effective March 20, 2019)

Page 2 of 5

- Bacitracin
3. **ANTIBIOTICS** (continued)
- Cephalosporins and related antibiotics
 - Fluroquinolones
 - Macrolides
 - Nitrofurantoin
 - Metronidazole
 - Neomycin
 - Nitrofurans
 - Penicillins
 - Quinolones
 - Sulfonamides
 - Tetracyclines
4. **PAIN CONTROL AGENTS**
- Anti-gout agents
 - Antimigraine agents
 - Antirheumatics
 - Cyclobenzaprine
 - Naltrexone
 - Non-opiate analgesics
 - NSAIDS
 - Salicylates
5. **DERMATOLOGICALS**
- Anti-fungals, topical and oral
 - Anti-infectives, topical only
 - Anti-inflammatory agents
 - Anti-psoriatic agents, excluding methotrexate
 - Antihistamine preparations, topical and oral
 - Antiseborrheic products
 - Counterirritants
 - Destructive agents
 - Dressings and granules
 - Drying agents
 - Eflornithine HCl
 - Enzyme preparations
 - Finasteride
 - Hemostatics, topical only
 - Immunomodulators, topical only
 - Irrigating solutions
 - Keratolytic agents
 - Local anesthetics

5. Topical, IM, and SQ Bupivacaine, Lidocaine, and Procaine
DERMATOLOGICALS (continued)
 - IM and SQ Epinephrine
 - Minoxidil
 - Photochemotherapy
 - Pigment agents
 - Protectants
 - Pyrithione zinc
 - Retinoids
 - Rexinoids
 - Scabicides/pediculicides
 - Oral and topical steroids

6. **OPHTHALMIC AGENTS**
 - Antibiotics
 - Antivirals
 - Mast cell stabilizers
 - Ophthalmic antihistamines

7. **OTIC AGENTS**
 - Antibiotics and combination preparations
 - Otic anesthetics
 - Otic steroids

8. **RESPIRATORY AGENTS**
 - Antitussives and combined antitussives
 - Bronchodilators
 - Expectorants
 - Antihistamines
 - Leukotriene formation inhibitors
 - Leukotriene receptor antagonists
 - Nasal steroids

9. **GASTROINTESTINAL AGENTS**
 - Antidiarrheals
 - Anti-emetic/antivertigo agents
 - Bile acid sequestrants
 - Functional bowel disorder agents
 - Cholelitholytic agents
 - H. pylori agents
 - Proton pump inhibitors
 - Sodium phenyl butyrate

10. CARDIOVASCULAR AGENTS

Anti-lipemic agents
Anti-thrombotic/anti-coagulant agents
Hypotensive agents
Digoxin
Pentoxifylline
Vasodilating agents

11. RENAL AND GENITOURINARY AGENTS

Alpha-reductase inhibitors
Diuretics
Impotence agents
Phenylbutyrate
Uricosuric agents
Urinary antispasmodics
Vaginal Preparations

12. PSYCHOTHERAPEUTIC AGENTS

Acetylcholinesterase Inhibitors
Antidepressants
Smoking cessation agent

13. ENDOCRINE AND METABOLIC AGENTS

Anti-diabetic agents
Anti-thyroid agents
Bisphosphonates
Uterine-active agents

14. DIAGNOSTIC AGENTS

In vitro Diagnostic Aids
In vivo Diagnostic Biologicals

15. VACCINES (all)

Anti-toxins and antivenins
Immune globulins

16. CENTRAL NERVOUS SYSTEM DRUGS

Anticonvulsants

17. CHELATING AGENTS (all)
