

NATUROPATHIC FORMULARY

(Effective May 10, 2019)

Introduction

Pursuant to Hawaii Revised Statutes §455-6(7), the Board of Naturopathic Medicine (“Board”) may annually establish and publish a naturopathic formulary that has been approved by the Board for prescription, administration, or dispensing by naturopathic physicians.

Be advised, that naturopathic physicians **shall only** prescribe, administer, or dispense vitamins, minerals, dietary supplements, botanical medicines, homeopathic medicines, hormones (except for testosterone), and legend drugs consistent with naturopathic medical practice **that are included in this formulary**.

Be further advised, that naturopathic physicians **cannot** prescribe, administer, or dispense any item included in the formulary in the injectable form or by injection unless the naturopathic physician is specifically authorized by the Board pursuant to Hawaii Administrative Rules §16-88-56. To determine if a naturopathic physician is licensed and possesses a “parenteral therapy” special privilege issued by the Board, please visit <https://pvl.ehawaii.gov/pvlsearch/> or you may call our Licensing Branch at (808) 586-3000.

If you have any other questions, please contact the Board’s office at (808) 586-2704 or visit the Board’s website at <http://hawaii.gov/dcca/pvl/boards/naturopathy/>.

List of Formulary Items

1. **ALL non-prescription and prescription** vitamins, minerals, nutritional/dietary supplements, botanical medicines, homeopathic medicines, and all biological substances including extracts and/or their products and residues.
2. **ALL HORMONES** with the exception of testosterone.
3. **ANTIBIOTICS**
 - Amebecides
 - Antifungal agents
 - Anthelmintics
 - Antimalarial preparations (includes artemesin, derived from *Artemesia annua*)
 - Antiprotozoal agents
 - Antituberculosis agents
 - Antiviral agents
 - Bacitracin

3. **ANTIBIOTICS** (continued)

Cephalosporins and related antibiotics
Fluroquinolones
Macrolides
Nitrofurantoin
Metronidazole
Neomycin
Nitrofurans
Penicillins
Quinolones
Sulfonamides
Tetracyclines

4. **PAIN CONTROL AGENTS**

Anti-gout agents
Antimigraine agents
Antirheumatics
Cyclobenzaprine
Naltrexone
Non-opiate analgesics
NSAIDS
Salicylates

5. **DERMATOLOGICALS**

Anti-fungals, topical and oral
Anti-infectives, topical only
Anti-inflammatory agents
Anti-psoriatic agents, excluding methotrexate
Antihistamine preparations, topical and oral
Antiseborrheic products
Counterirritants
Destructive agents
Dressings and granules
Drying agents
Eflornithine HCl
Enzyme preparations
Finasteride
Hemostatics, topical only
Immunomodulators, topical only
Irrigating solutions
Keratolytic agents
Local anesthetics
Topical, IM, and SQ Bupivacaine, Lidocaine, and Procaine

5. **DERMATOLOGICALS** (continued)

IM and SQ Epinephrine
Minoxidil
Photochemotherapy
Pigment agents
Protectants
Pyrithione zinc
Retinoids
Rexinoids
Scabicides/pediculicides
Oral and topical steroids

6. **OPHTHALMIC AGENTS**

Antibiotics
Antivirals
Mast cell stabilizers
Ophthalmic antihistamines

7. **OTIC AGENTS**

Antibiotics and combination preparations
Otic anesthetics
Otic steroids

8. **RESPIRATORY AGENTS**

Antitussives and combined antitussives
Bronchodilators
Expectorants
Antihistamines
Leukotriene formation inhibitors
Leukotriene receptor antagonists
Nasal steroids

9. **GASTROINTESTINAL AGENTS**

Antidiarrheals
Anti-emetic/antivertigo agents
Bile acid sequestrants
Functional bowel disorder agents
Cholelitholytic agents
H. pylori agents
Proton pump inhibitors
Sodium phenyl butyrate

10. CARDIOVASCULAR AGENTS

Anti-lipemic agents
Anti-thrombotic/anti-coagulant agents
Hypotensive agents
Digoxin
Pentoxifylline
Vasodilating agents

11. RENAL AND GENITOURINARY AGENTS

Alpha-reductase inhibitors
Diuretics
Impotence agents
Phenylbutyrate
Uricosuric agents
Urinary antispasmodics
Vaginal Preparations

12. PSYCHOTHERAPEUTIC AGENTS

Acetylcholinesterase Inhibitors
Antidepressants
Smoking cessation agent

13. ENDOCRINE AND METABOLIC AGENTS

Anti-diabetic agents
Anti-thyroid agents
Bisphosphonates
Uterine-active agents

14. DIAGNOSTIC AGENTS

In vitro Diagnostic Aids
In vivo Diagnostic Biologicals

15. VACCINES (all)

Anti-toxins and antivenins
Immune globulins

16. CENTRAL NERVOUS SYSTEM DRUGS

Anticonvulsants

17. CHELATING AGENTS (all)
