

**Annual Pass Rates for Hawaii Nursing Schools/Programs
For the Period 1/01/2020 through 6/30/2021**

Multiple steps must be completed before a nurse can safely enter the profession. These steps typically include:

- Graduation from a state-approved or nationally accredited nursing program;
- Meeting specific requirements of the State Board of Nursing (filing of an application);
- Passing the national nurse exam: NCLEX-PN or NCLEX-RN

First time NCLEX test taker pass rates are reported to the National Council of State Boards of Nursing (NCSBN) and are expressed as a percentage calculated from the number of first-time test takers. The table below is categorized by the number of first-time test takers from the different Hawaii nursing programs. Due to possible changes in this data, you may wish to contact the individual programs directly for the most accurate and up-to-date information.

2021 NCSBN National Pass Rate for NCLEX First Time Test Takers Pass Rate PN – 79.33%, RN – 85.30%
