- B. Request by Dr. Virginia Osborne for course from September 9th to 12th, 2021.

Based on Dr. Osborne's response to the Board's written request to confirm that all or part of IIVNTP parenteral therapy courses include in-person hands-on training in the practice of parenteral therapy, and upon a motion by Vice Chair Taketa-Wong, seconded by Dr. Coles, the Board voted unanimously to grant the request for approval of both Qualifying Courses on Parenteral Therapy listed above. The Board noted the information provided by Dr. Osborne, mainly that the 4-day full course contains 2-days of in-person practicum training in the mixing and administering of IV, and final examination, meets the requirements set forth by subchapter 9 of Hawaii Administrative Rules ("HAR") §16-88.

EO Fernandez informed the Board that the correspondence was sent to Department of Health (DOH), however, the Board has not received response from DOH.

Vaccinations

Chair Kern informed the Board he reached out to the Hawaii Society of Naturopathic Physicians ("HSNP") inquiring if the organization would be making a public statement regarding Naturopathic Physicians being in support of the science behind vaccinations. He acknowledged his concern, that there may be perceptions that Naturopathy is opposed to vaccine therapies for COVID-19 and asked what other member's thoughts were on providing a Board statement in support of the science behind the vaccinations.

Vice Chair Taketa-Wong stated she supports the science behind the vaccine and takes an individual approach when providing care to her patients mentioning there are side effects with all vaccines; she is currently treating patients with adverse symptoms after receiving the COVID-19 vaccine.

Dr. Coles stated that this Board is looked to for providing appropriate medical care in Hawaii and would be in support of making a public statement that is agreed upon.

EO Fernandez reminded the Board that there are several safeguards in place for the public in relation to patient care, including: HRS §455-11 Discipline; grounds; proceedings: hearings; HAR §16-88 Subchapter 11 Standards and Practices of Care; the Naturopathic Physician formulary; and HRS §436B. The Regulated Industries Complaints Office ("RICO") use these, as well as any other relevant statutes and rules, to review complaints about licensee patient care.

Chair Kern stated there is no specific wording for a public statement at this time but wanted to hear from his colleagues.

After further discussion the Board agreed to not issue a formal public statement on the topic of vaccinations, as the Board's main focus is to regulate the licensing requirements of Naturopathic Physicians within the state.
