

CONTRACTORS LICENSE BOARD
Professional and Vocational Licensing Division
Department of Commerce and Consumer Affairs
State of Hawaii

Minutes of Meeting

Date: June 24, 2022

Time: 9:30 a.m.

Place: King Kalakaua Conference Room
HRH King Kalakaua Building
335 Merchant Street, First Floor
Honolulu, Hawaii 96813

Present: Leslie Isemoto, Chairperson
Neal K. Arita, Vice Chairperson
Paul K. Alejado, Member
Clyde T. Hayashi, Member
Eric Higashihara, Member
Leonard K. P. Leong, Member
Jerry Nishek, Member
Maurice Torigoe, Member
Joseph O'Donnell, Member
Candace Ito, Executive Officer
Lei Ana Green, Executive Officer
Kerrie Shahan, Executive Officer
Christopher Leong, Deputy Attorney General
Faith Nishimura, Secretary

Excused: Nicholas W. Teves, Jr., Member

Guests: Ryan Takahashi, Hawaii Electricians Market Enhancement Program ("HEMEP")
Anthony Borge, Manager, Diamond Glass & Metals LLC
Jeff Masatsugu, Hawaii Glaziers, Architectural Metal Glassworkers Local Union
1889 AFL-CIO Stabilization Trust Fund/Painting Industry of Hawaii Labor
Management Cooperation Trust Fund ("Painters LMCF and the Glaziers
Stabilization Fund")
Blake W. Bushnell, attorney, All Maintenance and Repair, LLC
Kevin Amin, HAGMA
Eduardo Jugueta, President, EBJ Construction, Inc.
Ryan Ichimura, Department of Education ("DOE")
Corey Shibata, DOE
Tyler Inouye, Glaziers
JoAnn Oliva, SJ Construction Consulting

Agenda: The agenda for this meeting was posted on the State electronic calendar as required by HRS section 92-7(b).

Call to Order: There being a quorum present, Chairperson Isemoto called the meeting to order at 9:32 a.m.

Amendment

to the

Agenda: It was moved by Mr. Arita, seconded by Mr. Leong, and unanimously carried to approve the following amendment to the agenda:

Add the following to Chapter 91, HRS, Adjudicatory Matters: 1. Settlement Agreements:

- f. In the Matter of the Contractors' Licenses of Redwater Construction LLC and Randall W. Ring; CLB 2021-297-L

Minutes:

It was moved by Mr. Alejado, seconded by Mr. Leong, and unanimously carried to approve the Applications Committee Meeting Minutes of June 6, 2022, the Board Meeting and Executive Session Meeting Minutes of May 19, 2022, and the Executive Session Meeting Minutes of April 22, 2022, as circulated.

Committee Reports:

1. Scope of Activity Committee:
Leslie Isemoto and Paul Alejado, Co-Chairpersons
 - a. EBJ Construction Inc.

With regard to the University of Hawaii at Manoa C-More Hale Painting Project No. UHM 1172B-21-757, requests a determination on (1) whether the C-5 Cabinet, millwork, and carpentry remodeling and repairs contractor may self-perform the caulking of non-related painting work; (2) which contractor license(s) are required to perform the caulking work; and (3) whether the University of Hawaii may qualify the painter's apprenticeship preference agreement to perform caulking related to the preparation for painting surfaces in spite of the second lowest bidder listing a painting subcontractor who could have performed the work of painting, including surface preparation such as caulking related to painting as specified in Section 09910, Paragraph Preparation.

Mr. Higashihara arrived at 9:36 a.m.

Mr. Jeff Masatsugu stated that the Painters Labor Management Cooperative Trust Fund ("Painters LMCF") and the Glaziers Stabilization Trust Fund are unclear as to what work is being done in regard to questions one (1) and two (2) that are related to "caulking of non-related painting work". He stated that the glaziers should perform the caulking work for the glass curtain wall system, which is almost the whole front side of the building, and other window systems on the building because it is specialty work for which the glaziers a best qualified to perform by training and experience. For these reasons, he believes this work should fall under the C-22 Glazing and tinting classification.

Mr. Masatsugu stated that question three (3) seems to reference Act 17, SLH 2009 (First Special Session) (codified at HRS § 103-55.6) which is a procurement issue and not a licensing issue. The Comptroller has issued a memorandum on how to interpret Act 17. To the extent that this question is requesting an interpretation of Act 17, they respectfully

request that this question be referred to either the Comptroller or the State Procurement Office for resolution.

Mr. Anthony Borge, Manager, Diamond Glass & Metals LLC, stated that they also bid as a subcontractor on this project. The scope of work for this project involves fenestration in the existing openings, including the removal of the caulk and recaulking of the system. The curtain wall is an integral window system with components that fit together. The sealant that goes around the window system is part of a complicated system including flashing, subchannels, and compression fittings. Given the performance requirements for air and water leakage, the skillset of a glazier is required. This type of work should remain under the C-22 Glazing & tinting contractor's license.

Mr. Blake W. Bushnell stated that he is the attorney for All Maintenance and Repair LLC ("AMR"), the bidder that was awarded the contract. He objected to the phrasing of the question and stated that the Board does not have all the facts. He stated that this is a fact intensive procurement question for which the Board does not have the specifications, and any of the decisions or analysis made by UH. UH and AMR are interested parties because AMR is already under contract with UH. He went on to say that decisions made by the Board today should not be project specific. The glaziers may ask a generic question on a hypothetical. He stated that a hearing is required to have a project specific decision and the Board does not have the jurisdiction to do that. He added that this is a public project that was solicited under the procurement act. The issue here is that UH gave the preference to AMR and AMR was awarded the project. EBJ listed their painting contractor to perform the sealant work. It is not an issue whether a glazing license is required. EBJ must file a protest through the procurement process and if they lose the protest, EBJ has the opportunity for administrative review with the Office of Administrative Hearings. Mr. Bushnell objected (1) on jurisdictional grounds; (2) that the questions by EBJ are hypothetical; and (3) the Board was not given all the accurate facts that are related to this project. He stated that the Board cannot make licensing decisions based upon improper hypotheticals. He also stated that the interested parties to this project were not given notice and the opportunity to be heard. He does not believe that trying to back door the procurement process with licensing issues is appropriate and the Board does not have jurisdiction regarding this project.

Mr. Eduardo Jugueta, owner of EBJ Construction Inc., stated that initially the contract was awarded to EBJ. He went on to say that AMR filed a protest and the contract was awarded to AMR. EBJ informed the UH procurement officer that AMR cannot use the apprentice preference for painting because they had listed a painting contractor as a subcontractor. He believes that if you have a painting subcontractor, you cannot use the apprentice preference. He also believes that the C-5 is not permitted to perform caulking. He stated that both EBJ and AMR hold a caulking license. Additionally, EBJ holds a C-31 Masonry license which allows him to seal the CMU and remove and replace the caulking on the CMU.

Mr. Jugueta believes that the apprentice preference is not applicable for this project because AMR has subcontractors to perform the gypsum board, carpentry, and painting work. The specifications state that the caulking in preparation for painting may be performed by a painting subcontractor. Thus, he does not believe that AMR can use the apprentice preference when a subcontractor is performing the work.

Mr. Kevin Amin, Hawaii Architectural Glass & Metal Association ("HAGMA"), stated that in reference to hypotheticals, the curtain wall system is a component system. A component system is erected and waterproofed in the field. He clarified that waterproofing and caulking are used synonymously. The hypothetical is if someone does not understand how to waterproof the systems, it is impossible to properly do the caulking. Unless the C-5 contractor has the knowledge of how a curtain wall is erected and properly waterproofed per the manufacturer's instructions, the C-5 cannot be expected to perform the work.

Mr. Bushnell stated that he removes his objections on jurisdictional grounds. AMR has a painting license and there are preferences for both painters and contractors; AMR listed subcontractors for both. There are a lot of facts that the Board is not getting. It is their position that UH is totally capable of making these determinations. If UH wants to ask the Board a licensing question, they should come to the Board. The Board does not have the factual record to make abstract decisions about licensing related to this project.

Mr. Masatsugu stated that neither AMR or EBJ listed a glazier for the curtain wall system that covers almost the entirety of the front of the building. There is a significant amount of glass; this is not a painting issue. He is representing the Painters LMCF today to gain an understanding what "caulking of non-related painting work" meant.

Chairperson Isemoto stated that he reviewed the plans and specifications and there is a minimum of 4 different areas of caulking as related to this project: caulking of concrete expansion joints; caulking of masonry joints; caulking of windows; and caulking of sheet metal flashing. The Board will not address question 3 as it is not under the Board's jurisdiction. To make a determination on the questions being posed, the Board will look at public safety and the project specifications. Chairperson Isemoto stated that Board determinations on scope inquiries are made on a project-by-project basis.

Chairperson Isemoto indicated that even if a contractor classification description does not contain the specific term, "caulking", that does not exclude that classification from performing caulking work; it depends on the type of caulking work. For example, if you are caulking sheet metal, the C-44 Sheet metal contractor may perform the work; for windows and window frames, the C-22 Glazing and tinting contractor may perform the work; and C-33 Painting and decorating contractors may perform caulking and patching work related to painting. With regard to the question whether the C-5 contractor may self-perform the caulking of non-related

painting work, it does not appear that that a C-5 contractor may perform the work that is indicated in the plans.

Chairperson Isemoto stated it is unclear whether the masonry joint caulking is at the wall base where it meets the concrete slab or an expansion joint of the CMU wall itself. Caulking of concrete expansion joints are in the scope of a C-31 license. He indicated that there are also sheet metal parapet caps that require caulking. Based on the 4 different areas of caulking work in the plans, it does not appear that the caulking work for this project is in the C-5 classification's scope of work.

Mr. Bushnell asked if the Board is going to make a determination or just giving its thoughts. Chairperson Isemoto stated that he is reviewing the background on this project. Mr. Bushnell stated that the Board will not be making a decision today based upon the facts of this case because he has not seen what the Board is reviewing and asked if the Board agrees that this is a procurement issue. Chairperson Isemoto stated that the Board will address the questions being asked. Executive Officer Ito stated that the Board will make a determination at today's meeting if they have the information necessary to make a decision. Mr. Bushnell stated that he would like to object on that basis. He stated that he has been doing construction law for 30 years and involved with licensing for quite a while. In the procurement context there is no caulking/sealant license. Painting has sealant in it and so does other trades. He believes that the Board is getting into subcontractor listing which is a procurement issue, and it is improper for the Board to interject licensing issues into procurement. With respect to this project, people have contract rights, and they should have all of the information that the Board has, be given an opportunity to present expert witnesses, testimony, and have a contested case hearing before the Board makes a fact intensive decision. The Board needs the complete record of the facts from all parties and not just one party. Mr. Bushnell stated that he respects the Board's knowledge and expertise and does not necessarily disagree with what the Board said, he has a problem procedurally with context. He stated that this is not really a question because the issue before the Board is that AMR is not entitled to the apprenticeship preference. The questions being asked have nothing to do with the apprenticeship preference. The C-5 scope is not an issue on this project; his client is not saying that they are using the C-5 to perform caulking. It is not right for the Board to make a decision on this issue. AMR has a painting license; they have subcontractors with other licenses who could possibly do incidental and supplemental work. The only issue in this case is the apprenticeship preference. The Board must review the subcontractor listing to understand the issue. The sealant work is in one division; the painting work is in another division. AMR listed their painting contractor for sealing and painting work. To qualify for the apprentice preference, AMR is only required to self-perform any work and list the trade apprenticeship program for that work on a C1 form. The Board is making licensing decisions based on questions that are really not intended to deal with licensing. Mr. Bushnell stated that the Board should not be making a decision in the abstract on this project without a contested case hearing and giving the other parties an opportunity to be heard.

Mr. Bushnell went on to say that the issue is that EBJ is saying that they are entitled to the apprenticeship preference. He is concerned that the Board is making licensing decisions based on questions that are really not intended to deal with licensing. He wants the Board to know that he thinks the Board should not be making a decision in the abstract on this matter without some sort of a contested hearing and opportunity for everybody to be heard.

Executive
Session:

At 10:04 a.m., it was moved by Mr. Higashihara, seconded by Mr. Nishek, and unanimously carried enter into executive session to consult with Christopher Leong, Deputy Attorney General, on questions and issues pertaining to the Board's powers, duties, privileges, immunities, and liabilities pursuant to HRS section 92-5(a)(4).

At 10:16 a.m., it was moved by Mr. Higashihara, seconded by Mr. Arita, and unanimously carried to move out of executive session and to reconvene to the Board's regular order of business.

DAG Leong clarified that the Board has the authority, as it always has, to answer scope of practice questions that are properly posed to it. The Board will endeavor to answer the questions asked. He informed Mr. Bushnell that his comments and objections are noted and reassured him that by answering the scope question, the Board's determination is not meant to affect anything regarding the project or the procurement process. The Board will answer what it can and what it's allowed to answer.

Recommendation: With regard to the University of Hawaii at Manoa C-More Hale Painting Project No. UHM 1172B-21-757: (1) The C-5 Cabinet, millwork, and carpentry remodeling and repairs contractor may not self-perform the caulking of non-related painting work; (2) The C-33 Painting and decorating contractor may perform caulking and/or patching work related to painting; the C-22 Glazing and tinting contractor may perform caulking work on the window frame and between the window frame and the CMU wall; the C-44 Sheetmetal contractor may perform caulking work for sheet metal; the C-31 Masonry contractor may perform caulking work on the CMU expansion joints; and the C-31 Masonry or C-31a Cement concrete contractor may perform caulking work on concrete expansion joints; and (3) The Board is not able to provide a response pertaining to the apprenticeship preference agreement, because matters such as apprenticeship preferences are not under the Board's jurisdiction as prescribed in Hawaii Revised Statutes chapter 444.

It was moved by Mr. Arita, seconded by Mr. Leong, and unanimously carried to approve the above scope determination.

b. Department of Education

Requests a determination on whether the "B" General building and/or the C-31 Masonry contractor may install metal security screens on concrete

walls on the Dole Middle School Project No. 2173807. The metal screens will be fabricated by a vendor.

Mr. Jugueta stated that this project is for exterior repairs and painting of Dole Middle School Building B. There are 16 metal screens on the ground floor that are 7 feet x 6 feet and divided in two. The question is whether a "B" contractor may replace the metal screens because the procurement officer asked why EBJ did not list a C-42 subcontractor. He explained that the screens will be removed, taken to a welder at a fabrication shop off-site, and returned to the school to be installed. Mr. Jugueta added that a C-5 can install the screens; there is no welding involved in the installation of the metal screens.

Chairperson Isemoto asked if the security metal screens are on CMU or concrete walls. Mr. Jugueta stated that he is not sure and that the scope of the project is just to unbolt and remove the screens, bring the screens to the fabrication shop, and install the screens. Chairperson Isemoto asked if the fasteners need to be replaced and if there is a requirement to replace the fasteners. Mr. Jugueta stated that there is no requirement to replace the fasteners, only to replace the screens.

Recommendation: The "B" General building and/or the C-31 Masonry contractor may install metal security screens on concrete walls on the DOE Dole Middle School Project No. 2173807.

The Board stated that it is responding to the question posed by the Department of Education and this does not preclude any other contractor license classifications from performing the work. The "B" contractor may install the metal security screens with the C-5 license which automatically comes with the "B" license.

It was moved by Mr. Arita, seconded by Mr. Alejado, and unanimously carried to approve the above scope determination.

Chapter 91, HRS,
Adjudicatory
Matters:

Chairperson Isemoto called for a recess from the Board's meeting at 10:30 a.m. to discuss and deliberate on the following adjudicatory matters pursuant to HRS chapter 91.

1. Settlement Agreements

- a. In the Matter of the Contractors' Licenses of Steamer's Painting Inc. and Stephen Johnson; CLB 2021-414-L

On or about May 25, 2019, Steamer's Painting Inc. entered into a written contract with a homeowner for exterior painting/staining using Cabot's Australian Timber Oil Natural for all railings and sidings at his property located in the State of Hawaii at a total price of \$31,290.00.

RICO alleges Respondent failed to provide written disclosure of lien and bond rights in the contract and written disclosure of the contractor's right to repair.

RICO alleges Respondent failed to follow the product specifications for application of Cabot Australian Timber Oil deck stain by applying multiple coats and failing to properly prepare the surfaces for application.

If proven at an administrative hearing, the allegations would constitute violations of the following statutes and rule: Hawaii Revised Statutes sections 444-25.5(b)(1) (written contract shall contain information on lien rights and bonding option); 444-25.5(b)(2) (written contract shall include notice of contractor's repair rights); 444-17(5) (wilful departure from plans or specifications without consent of the owner that is duly prejudicial to the person entitled to have the project completed in accordance with those plans and specifications); and Hawaii Administrative Rules section 16-77-97 (licensees shall perform all work in a workmanlike manner conforming to trade standards).

Respondents Steamer's Painting Inc. and Stephen Johnson agree to pay an administrative fine in the amount of \$1,500.00.

After discussion, it was moved by Mr. Nishek, seconded by Mr. Leong, and unanimously carried to approve the Settlement Agreement Prior to Filing of Petition for Disciplinary Action in the above case.

b. In the Matter of the Contractors' Licenses of Wayland Lum Construction Inc. and Wayland D. Lum; CLB 2021-249-L

Wayland Lum Construction Inc. and Wayland D. Lum ("Respondents") entered into a contract with a homeowner to build an additional bedroom and bathroom for her residence in the State of Hawaii. Respondents failed to arrange for the timely closing of the building permit and failed to build the bathroom in accordance with the plan and code.

Respondents did not provide the homeowner with the Contractor Repair Act disclosure.

If proven at an administrative hearing, the allegations would constitute violations of the following statutes: Hawaii Revised Statutes sections 444-17(11) (failure to complete in a material respect); and 444-25.5(b)(2) (Contractor Repair Act disclosure).

Respondents agree to pay an administrative fine in the amount of \$3,500.00.

After discussion, it was moved by Mr. Nishek, seconded by Mr. Leong, and unanimously carried to approve the Settlement

Agreement Prior to Filing of Petition for Disciplinary Action in the above case.

- c. In the Matter of the Contractors' Licenses of Kauai Premier Builders LLC and Todd Dorny; CLB 2022-27-L

On or about July 29, 2021, Kauai Premier Builders LLC and Todd Dorny ("Respondents") entered into a written contract with Gulf Stream Financial LLC ("Gulf Stream") to build a pool in the State of Hawaii in exchange for \$120,000.00.

Gulf Stream, through one of its subsidiary companies, Ridgeway Management LLC paid Respondents the first installment of \$36,000.00 on or about August 3, 2021.

Respondents then hired Cody Graham of Koloa Pool Service LLC to build the pool. Respondent Kauai premier Builders LLC paid Koloa Pool Service LLC \$33,000.00 on or about August 6, 2021. Both Cody Graham and Koloa Pool Service LLC were unlicensed contractors.

Respondents did not possess a C-49 (swimming pool) specialty classification.

Cody Graham started the installation of the pool but stopped once RICO informed Respondents that none of the parties involved were properly licensed to engage in the installation of a pool.

If proven at an administrative hearing, the allegations would constitute violations of the following statutes: Hawaii Revised Statutes sections 444-17(17) (entering into a contract with an unlicensed contractor involving work for which a license is required); 436B-19(6) (aiding and abetting an unlicensed contracting in performing activities requiring a license); and 444-23(a) (contracting outside the scope of the appropriate classification) as to both Respondents.

Respondents agree to pay an administrative fine in the amount of \$5,000.00; \$1,000.00 shall be paid upon the return of the executed Settlement Agreement to RICO and subsequent payments of \$1,000.00 shall be paid by the end of each calendar month thereafter.

After discussion, it was moved by Mr. Nishek, seconded by Mr. Leong, and unanimously carried to approve the Settlement Agreement Prior to Filing of Petition for Disciplinary Action in the above case.

- d. In the Matter of the Contractors' Licenses of Torres Roofing, LLC and Frank L. Torres; CLB 2021-105-L

Respondents and Petitioner appeared at the April 14, 2022, hearing before the Office of Administrative Hearings, but now wish to resolve this matter with this Settlement Agreement.

Sometime in 2015, Complainant purchased property located in the State of Hawaii from Seller.

Seller informed Complainant that she had new gutters installed by Respondents at the property. Seller provided Complainant a copy of her "Proposal" with Torres Roofing LLC and Frank K. Torres ("Respondents") at the time she sold the property to Complainant.

According to the foregoing Proposal from Seller, Respondents proposed to remove and dispose the existing gutters and install new ones for \$3,951.00.

Sometime in 2020, the gutters at the property began to leak in several places. Sometime in September 2020, Complainant contacted Respondents by phone calls and text messages asking if they could visit the property to inspect the gutters.

On or about October 26, 2020, Respondent Torres visited the property and verbally indicated that he would replace the gutters for the same price he charged Seller. Respondent Torres indicated a deposit in the amount of \$1,976.00 by check and payable to "Cash" was required. Complainant provided Respondent Torres a check as instructed that day.

Complainant attempted to contact Respondents numerous times via phone calls, texts, and letters by certified mail. Since October 26, 2020, Respondents have not returned to the property to commence the project despite Respondent Torres' promises that he would work on it or refund the Complainant's monies.

As of date, Respondents have not refunded any of Complainant's monies.

Respondents did not provide any written contract to Complainant for the project.

Respondents admit committing the following alleged violations: Hawaii Revised Statutes sections 444-17(1) Any dishonest, fraudulent, or deceitful act as a contractor that causes substantial damage to another; 444-17(2) Engaging in any unfair or deceptive or practice as prohibited by 480-2; 444-17(3) Abandonment of any construction project or operation without reasonable or legal excuse; 444-25.5(a) Disclosing bond and lien rights before or during signing of a contract; 444-25.5(b) All licensed contractors performing home construction or improvements providing a written contract to the homeowner; 444-25.5(d) Any violation of this section shall be deemed an unfair or deceptive practice; Hawaii Administrative Rules sections 16-77-79 Disclosure to

homeowners; and 16-77-80(a) All contractors shall provide homeowners with a written contract involving home construction or improvements.

Respondents agree to pay restitution in the amount of \$1,976.00 to Complainant.

Respondents agree to pay an administrative fine in the amount of \$1,000.00.

After discussion, it was moved by Mr. Nishek, seconded by Mr. Leong, and unanimously carried to approve the Settlement Agreement After Filing of Petition for Disciplinary Action in the above case.

- e. In the Matter of the Contractors' Licenses of CDT Island Construction Incorporate and Chad Kwock On Tom; CLB 2020-450-L

In or about June 2020, CDT Island Construction Incorporate and Chad Kwock On Tom ("Respondents") submitted competitive sealed bids on seven construction projects, each having an estimated contract price exceeding \$25,000, to the State of Hawaii, Department of Education ("DOE"), that did not include properly executed or authorized bid security bid bonds.

The State of Hawaii DOE ultimately did not award the construction projects to Respondents, even though Respondents submitted the lowest bids for the projects and did not withdraw their bids.

If proven at an administrative hearing, the allegations would constitute violations of the following statutes: Hawaii Revised Statutes sections 444-17(16) (willful violation of any law of the State, or any county, relating to building); 436B-19(17) (professional misconduct, incompetence, gross negligence, or manifest incapacity in the practice of the licensed profession or vocation); and/or 436B-19(18) (failure to maintain a record or history of competency, trustworthiness, fair dealing, and financial integrity).

Respondents represent that they are new to the process of bidding on construction projects for the State of Hawaii, Department of Education, and have no intention of being fraudulent or dishonest.

Respondents represent that they know that it is wrong to submit false or fraudulent documents and/or information when bidding on public construction projects.

Respondents stipulate and agree to revocation of their contractors' licenses.

After discussion, it was moved by Mr. Nishek, seconded by Mr. Leong, and unanimously carried to approve the Settlement Agreement Prior to Filing of Petition for Disciplinary Action in the above case.

- f. In the Matter of the Contractors' Licenses of Redwater Construction LLC and Randall W. Ring; CLB 2021-297-L

On or about August 9, 2020, Redwater Construction LLC ("Respondent Redwater") entered into a contract with homeowners to build a new construction residence in the State of Hawaii.

On or about May 20, 2021, Respondent Redwater hired roofing subcontractor Steven Sarkissian to install the roof for the residence. Respondent Redwater paid Sarkissian \$9,000.00 via two checks to install the roof.

Professional and Vocational Licensing records show Sarkissian's roofing contractor license (CT 30121) was forfeited effective September 30, 2016, and Sarkissian has not renewed or reinstated his license.

Homeowners complained to Randall W. Ring ("Respondent Ring") about the quality of the workmanship of the roof and notified Respondents that Sarkissian was not a licensed roofing contractor.

Respondent Redwater agreed to hire a licensed professional roofer to replace the homeowner's roof. The reinstallation of the roof was completed on or about January 2022.

RICO alleges Respondent Redwater aided and abetted unlicensed activity by contracting with an unlicensed roofing contractor to install the roof at the homeowner's residence.

RICO alleges that Respondent Redwater failed to list the subcontractors and their license information in the contract with the homeowners.

If proven at an administrative hearing, the allegations would constitute violations of the following statutes and rules: Hawaii Revised Statutes sections 444-9.3 (aiding and abetting an unlicensed person to evade this chapter); 444-17(17) (entering into a contract with an unlicensed contractor involving work or activity for the performance of which licensing is required under this chapter; Hawaii Administrative Rules section 16-77-80(a)(5) (written contract shall include the approximate percentage of work to be subcontracted and the names and license numbers of all subcontractors); and 16-77-71, 16-77-75 (RME responsible for acts and omissions of contracting entity).

Respondent Ring represents that he was unaware that Sarkissian did not have valid and active roofing contractor license at the time he was hired to install the roof at the homeowner's residence.

Respondent Ring represents that he hired a licensed roofing contractor to re-install the roof at the homeowner's residence after receiving complaints about the roof and learning Sarkissian was not licensed at the time.

Respondents agree to pay an administrative fine in the amount of \$4,000.00.

After discussion, it was moved by Mr. Nishek, seconded by Mr. Leong, and unanimously carried to approve the Settlement Agreement Prior to Filing of Petition for Disciplinary Action in the above case.

Following the Board's review, deliberation, and decisions in these matters pursuant to HRS chapter 91, Chairperson Isemoto announced that the Board was reconvening to its open meeting at 11:05 a.m.

Executive Session:

At 11:06 a.m., it was moved by Mr. Alejado, seconded by Mr. Leong, and unanimously carried to enter into executive session pursuant to HRS section 92-5(a)(1) to consider and evaluate personal information relating to individuals applying for professional or vocational licenses cited in HRS section 26-9, and to consult with Christopher Leong, Deputy Attorney General, on questions and issues pertaining to HRS section 92-5(a)(4).

At 11:22 a.m., it was moved by Mr. Alejado, seconded by Mr. Leong, and unanimously carried to move out of executive session and to reconvene to the Board's regular order of business.

Committee Reports:

2. Applications Committee Report:
Lei Ana Green, Executive Officer

None.

3. Conditional License Report:
Lei Ana Green, Executive Officer

a. Isaiah J.K. Ramos, RME
Prime Mechanical LLC
C-52 Ventilating & air conditioning

It was moved by Mr. Arita, seconded by Mr. Nishek, and unanimously carried to approve Isaiah J.K. Ramos and Prime Mechanical LLC for a conditional license in the C-52 Ventilating & air conditioning classification, subject to semi-annual reports on his financial matters.

- b. RTJM Design LLC
Ronnie Akai, RME
C-5 Cabinet, millwork & carpentry remodeling & repairs

It was moved by Mr. Arita, seconded by Mr. Nishek, and unanimously carried to approve Ronnie Akai and RTJM LLC for a conditional license in the C-5 Cabinet, millwork & carpentry remodeling & repairs classification, subject to semi-annual reports on his financial matters.

- c. Haleakala Services LLC
James N. Whitcomb, RME
C-37 Plumbing
C-42 Roofing
C-60 Solar power systems
C-61 Solar energy systems

Haleakala Services LLC is required to submit financial reports as a condition of its license. At its April 22, 2022 meeting, the Board requested additional information. To date, no response has been received. It was moved by Mr. Arita, seconded by Mr. Nishek, and unanimously carried, to request that Haleakala Services LLC submit the additional information the Board requested at its April 22, 2022, meeting.

- 4. Applications Committee:
Nicholas W. Teves, Jr., Chairperson

It was moved by Mr. Alejado, seconded by Mr. Nishek, and carried by the majority (with Mr. Arita recusing himself on the application for Carlo F. Bracerros, RME/Carrier Corporation and Chairperson Isemoto recusing himself on the application for Dave M. Haraguchi, RME/Isemoto Contracting Co. Ltd.), to approve, defer, deny or withdraw the license applications as indicated on the Applications Committee Attachment in the following categories as attached to the meeting minutes.

- a. Request for Change in Business Status
- b. Request for Waiver of Bond Requirement
- c. Applications for Licensure

Ratifications

Approve applications, subject to all requirements except examinations.

- 1. Mountain to Sea Construction LLC
Jeremiah J. Jones, RME
C-5 Cabinet, millwork & carpentry remodeling & repairs

C-33 Painting & decorating

It was moved by Mr. Arita, seconded by Mr. Nishek, and unanimously carried to ratify the approval of the above application.

5. Owner-Builder Exemption Applications

- a. Lloyd K. Sheppard
- b. Christopher James Honua Carroll & Heather Eileen Hedenschau
- c. Rory McMahan
- d. Paul Michael Chambers

It was moved by Mr. Arita, seconded by Mr. Nishek, and unanimously carried to approve the above owner-builder exemption applications.

6. Examination Committee:
Jerry Nishek, Chairperson

- a. Contractors Examination Summary

The Contractors Examination Summary for May 2022 was distributed to the Board for their information.

Contractor
Recovery
Fund:

Recovery Fund Report:
Zale T. Okazaki, Esquire

Ms. Okazaki's Recovery Fund Litigation Report dated June 2, 2022, was distributed to the Board.

Election of
Officers:

Chairperson Isemoto opened the floor for nominations for the office of Chairperson and Vice Chairperson.

Chairperson Isemoto nominated Mr. Arita as Chairperson and Mr. Nishek as Vice Chairperson. The nominations were seconded by Mr. Alejado. There being no other nominations for the office of Chairperson and Vice Chairperson, Mr. Arita was elected Chairperson and Mr. Nishek was elected Vice Chairperson by acclamation.

Next Meeting:

July 22, 2022

Adjournment:

There being no further business to discuss, the meeting was adjourned at 11:29 a.m.

APPLICATIONS COMMITTEE ATTACHMENT

3.a. **Request for Change in Business Status:**

3.b. **Request for Waiver of Bond Requirement**

3.c. **Approve applications, subject to all requirements except examinations.**

Applications

A:

1. AK Designs LLC
Elizabeth A. Soto, RME
"A" General Engineering
"B" General Building
2. Matthew C. Akamine, RME (Dual status – Sunrun
Vivint Solar Developer LLC Installation Services
Inc.)
3. Tommy Ansary (Individual)
C-33 Painting & decorating
4. Avalon Real Estate Services LLC
Daniel A. Curran, RME
"B" General Building
Bond: \$25,000
5. Ray H. Boll (Individual) (Reactivate)
C-31 Masonry
6. C E & S Corp. (Additional classification(
Brandon S. Fujimoto, RME
C-24 Building, moving & wrecking
7. Diversified Conveyors International LLC
Thomas M. Phillips, RME
C-16a Conveyor systems
8. David K.D.W. Hee (Individual) (Reactivate)
C-17 Excavating, grading
& trenching
C-37 Plumbing

9. KRW Enterprises
Martin J. Sakata, RME
"B" General Building
10. Anthony L. Kepaa (Individual)
C-17 Excavating, grading & trenching
C-24 Building, moving & wrecking
11. Carl K. Matsumura (Individual)
"B" General Building
12. Maui Pool Masters LLC
Benjamin Estelito Castillon, RME
C-23 Gunite
C-49 Swimming pool
13. Mountain to Sea Construction LLC
Jeremiah J. Jones, RME
C-5 Cabinet, millwork & carpentry remodeling & repairs
C-33 Painting & decorating
14. S G Ricci Engineering Co. Incorporated
Steven G. Ricci, RME
C-13 Electrical
15. Vivieni Takai (Individual)
C-31 Masonry
Bond: \$28,000

Applications

B:

Approve applications; subject to all requirements including examinations in Parts I and II, except as otherwise noted.

1. 5 Star Flooring Inc.
Aleksandr Saranchuk, RME
C-51 Tile
Bond: \$98,000
2. Ameritech Slope Constructors Inc.
Roger D. Moore, RME
C-27b Tree trimming & removal
C-41 Reinforcing steel
3. Joseph S. Bakos, RME (Additional classification)
Coconut Wireless LLC
dba Coconut Wireless Construction
C-17 Excavating, grading & trenching
4. Joseph P. Bass, RME
Alternate Energy Inc.
C-37 Plumbing

5. Carlo F. Bracerros, RME
Carrier Corporation
C-52 Ventilating & air conditioning
6. CDG Maui Inc. (Additional classification)
Gal Cohen, RME
"B" General Building
C-27 Landscaping
C-37b Irrigation & lawn sprinkler
C-49 Swimming pool (defer)
C-51 Tile (withdraw)
7. CVC Construction LLC
Christopher V. Cotter, RME
"B" General Building
8. Kealii Cabrera Design Build & Construction LLC
Anthony K. Cabrera, RME
"B" General Building
"A" General Engineering (defer)
9. Chris Cockrell (Individual)
"B" General Building
10. Joseph Etinger, RME
Cornerstone Detention Products Inc.
C-15 Electronic systems
11. Logan J. Fellhauer, RME
Railing Systems Hawaii LLC
C-32 Ornamental, guardrail & fencing
12. Tad T. Fujino, RME
Jen Construction LLC
"B" General Building
13. HK Professional Industries LLC
William W. Hadley, RME
C-44a Gutters
14. Dave M. Haraguchi, RME
Isemoto Contracting Co. Ltd.
"B" General Building
15. JRP Construction LLC
John R. Pascua, RME
C-36 Plastering
16. Reid Y. Kawasaki, RME
Kawasaki Contracting LLC

- C-5 Cabinet, millwork & carpentry remodeling & repairs
17. Keller North America Inc.
Matthew L. Redfern, RME
C-35 Pile driving, pile & caisson drilling & foundation
 18. Bruce H.S. Kim, RME (Additional classification)
Akamai Roofing Inc.
C-42 Roofing
 19. Marcel S.K. Krael (Individual)
C-5 Cabinet, millwork & carpentry remodeling & repairs
Bond: \$5,000
 20. Oahu Chain Link LLC
Jesse K. Figueroa, RME
C-32 Ornamental, guardrail & fencing
 21. Pacific Grass & Turf Inc.
Richard E. Orlando, RME
C-68FF Synthetic field surface
Bond: \$22,000
 22. Power Constructors LLC (Additional classification)
Fabian H. Taea, RME
C-63 High voltage electrical
“B” General Building (defer)
 23. Precision Fiber Optics Inc.
Jeffrey G. Hubbard, RME
C-13 Electrical
Bond: \$148,000
 24. Prime Mechanical LLC (Conditional)
Isaiah J.K. Ramos, RME
C-52 Ventilating & air conditioning
 25. RTJM Design LLC (Conditional)
Ronnie Akai, RME
C-5 Cabinet, millwork & carpentry remodeling & repairs
 26. Roots Development LLC
Levi G. McKay, RME
“B” General Building
Bond: \$5,000
 27. Sean M. Rubio, RME
Pacific Aquascapes Inc.
C-49 Swimming pool
 28. Cody G. Seilstad, RME (Additional classification)
Michels Pacific Energy Inc.

C-62 Pole & line

29. Stronghold Engineering Incorporated
Scott A. Bailey, RME
"A" General Engineering
C-13 Electrical
30. Kaulike I. Tancayo (Individual)
C-37 Plumbing
Bond: \$12,000
31. Tile With Style LLC
Tommy K. Tuiloma, RME
C-51 Tile
32. Sione P. Tupou (Individual)
C-12 Drywall
Bond: \$5,000
33. Water Tectonics Inc.
Barton D. Eames, RME
C-37e Treatment & pumping facilities

Applications

C:

Withdraw applications; previously deferred.

1. CDG Maui Inc. (Additional classification)
Gal Cohen, RME
C-51 Tile
"B" General Building (approve)
C-27 Landscaping (approve)
C-37b Irrigation & lawn sprinkler (approve)
