Mr. Schwartz stated he does not have that information at the moment but will provide that to the Board after the meeting.

Chairperson Williams inquired about how often PSI updates the tests.

Mr. Conder responded that PSI updates the tests every five (5) years.

Chairperson Williams questioned how often PSI physically monitors the security of the test centers to be sure the tests and information are secured.

Mr. Schwartz responded that all PSI test centers have cameras that are monitored and have continuous recording. PSI performs camera audits and physical audits of all the test centers at least once a year.

Mr. Murata asked if all the PSI tests for barbering and cosmetology are the same.

Mr. Conder responded that PSI has a standard core section, but the tests are tailored to each client's needs and requests.

Mr. Murata inquired if a state can add in their state laws and rules to the tests.

Mr. Conder answered in the affirmative.

Mr. Murata expressed concern regarding the security of the online at-home proctoring.

Mr. Schwartz stated that there is security in place for online at-home proctoring. The candidate taking the test has to scan the room with their camera before and during the exam. He confirmed that all functions on the computer of the candidate are disabled; they cannot access any other screens, and the web browser for the exam is locked.

Vice Chairperson Hall inquired if the tests are available in the different languages offered.

Mr. Schwartz answered in the affirmative. He also noted that the English language is also made available for the other languages during the test.

Mary Ronnow attended the meeting in-person and requested to testify on this agenda item. She introduced herself to the Board as the Owner and Director of The Skin Institute Internationalé.

Ms. Ronnow explained that in order for her beauty school to keep their accreditation, GI bill pending title for funding, she has to report to government agencies how many individuals have taken and passed the test. She further stated that the Board's current testing provider, Prometric, has not been able to provide that information. She asked if PSI would allow her to obtain the information needed.

Mr. Schwartz answered in the affirmative, but only if the client (e.g., state agency) allows that.

Executive Officer Green requested that PSI provide the Board with a list of all the states that utilize the PSI exams for barbering and/or cosmetology with a breakdown of the specific exams that each state administers.

Mr. Schwartz confirmed he will provide that to the Board after the meeting.

Vice Chairperson Hall inquired as to the location of the testing sites.

Mr. Schwartz responded that there are testing sites on Oahu, Maui, Hawaii, and Kauai. He will provide to the Board a current list of all active testing locations in Hawaii and how often the tests provided.

Mr. Yap inquired as to the costs of the testing.

Mr. Schwartz responded that the exam fees vary and are determined by different variables, depending on the client's needs and the type of testing program.

Executive Officer Green requested that PSI provide the Board with the key variables that would help determine the cost.

Mr. Schwartz confirmed he will provide that to the Board after the meeting.

Chairperson Williams inquired on the processing time of when an applicant is approved for exam and the availability of testing dates.

Mr. Schwartz responded that PSI monitors the registration numbers to determine if the test center needs to be open more frequently for exams.

Discussion ensued regarding the testing material and Mr. Conder clarified that the theory portion of the exam is from Milady and Pivot Point. He stated that the information and study materials need to be available in both references, and that the references may not contradict each other, in order for it to be included in the exam.

Mr. Schwartz and Mr. Conder returned to attendee.

 - 1) Flexibility: easy scheduling, able to test 24 hours a day, and results at the end of exam;
 - 2) Secure;
 - 3) Live proctoring and support for testing candidates (candidates can request proctors who speak other languages such as Spanish, Chinese, and French); and
 - 4) Approved by the credentialing bodies.

Mr. Colton stated that Prometric has a third-party client that performs quarterly audits (i.e., secret shoppers) of the entire remote process.

The presentation ended and the floor was open for any questions or discussion.

Chairperson Williams expressed concern that there have been many applicants who have not able to schedule their tests due to testing site availability.

Mr. Colton responded that Prometric has a site procurement and availability team that are monitoring all sites daily.

Vice Chairperson Hall asked how many testing sites Prometric currently has on each island.

Mr. Colton stated he will provide that to the Board after the meeting.

Ms. Albrecht stated the current Prometric testing sites are in Hilo (1 site), Honolulu (2 sites), Kailua (1 site) for the barber pen-and-paper exam, and Lahaina (1 site). Prometric is currently in the process of securing a testing site on Kauai.

Mr. Colton stated that there are multiple versions of each NIC exam offered.

Mr. Colton confirmed he will work with NIC to provide that to the Board after the meeting.

Mr. Colton stated that Prometric does offer a portal that schools can obtain exam result data, as permitted by the respective state.

Mr. Yap inquired about the current NIC test costs. He also commented that the current Prometric testing site in Lahaina, Maui is not a central location and would like to see other locations available on the island.

Chairperson Williams inquired about the cost to incorporate Hawaii state laws and rules questions to the current NIC theory exams.

Mr. Colton stated that he can provide that information to the Board after the meeting.

Ms. Colard encouraged the Board to reach out to her if anyone had questions in relation to the NIC or any concerns with the testing providers.

Mr. Basta stated that he had a question for Mr. Conder from PSI.

Mr. Conder was promoted to panelist.

Mr. Basta inquired about PSI's "universal reciprocity" and asked how many states recognize reciprocity within PSI.

Mr. Conder replied that PSI has no control over reciprocity between one state to another. However, PSI would like to see national consistency in testing.

Mr. Conder returned to attendee.

Chairperson Williams requested NIC to provide the Board with a list of states that grant reciprocity for NIC exams.

Ms. Colard stated that NIC will provide the Board a list of states with updated information regarding how many hours each state requires, license regulation, and who to contact for reciprocity.

Mr. Colton, Ms. Colard, and Ms. Albrecht returned to attendee.

New Business:

Chairperson Williams asked if any members of the public would like to provide oral testimony on this agenda item.

A. Letter from Mary Ronnow, The Skin Institute Internationalé

Ms. Ronnow attended the meeting in-person and requested to testify on this agenda item. She introduced herself to the Board as the Owner and Director of The Skin Institute Internationalé (licensed beauty school).

i. Requirements for Licensed Instructors

Ms. Ronnow expressed that the The Skin Institute Internationalé is in need of licensed instructors. She stated that the school currently has a Board approved instructor 600-hour training program. She is requesting the Board to revise the instructor requirement to at least one year of licensed beauty operator experience or instructor training of at least 600 hours, to streamline the process.

Chairperson Williams cited Hawaii Revised Statutes (“HRS”) section 439A-6(h), which states:

*“(h) A beauty instructor applicant may apply to teach in any of the practices of cosmetology if the applicant has:
(1) Completed six hundred hours of a board approved course in the theory and practice of instruction; and
(2) Served actively for a period of at least one year as a beauty operator in the State or in another jurisdiction having standards for beauty operators substantially equivalent to those of the State.”*

And Hawaii Administrative Rules (“HAR”) section 16-78-20(a) which states:

*“(a) Instructor applicants shall provide verification of:
(1) Having a current beauty operator license or an instructor license;
(2) Having one year experience as a licensed beauty operator; and
(3) Satisfactorily completing not less than six hundred hours or four months of beauty school instructor training in this State or another jurisdiction having substantially equivalent standards. If the training is not substantially equivalent, the applicant shall provide verification of one year instructor experience.”*

Chairperson Williams stated that pursuant to HRS section 439A-6(h) and HAR section 16-78-20(a), 600 hours of instruction **and** one year of experience as a licensed beauty operator are required.

Ms. Ronnow asked if there is a way to change the laws.

Executive Officer Green responded that bills may be put forth to amend laws through the legislative process.

ii. Unlicensed Teaching at Unlicensed Schools

Ms. Ronnow expressed her frustration with the increase of unlicensed teaching at unlicensed schools in the State.

Executive Officer Green stated that the Board has delegated authority to receive, arbitrate, investigate, and prosecute complaints to our Regulated Industries Complaints Office (“RICO”). If there is an allegation of unlicensed activity, complaints may be filed directly with RICO. Complaints that are submitted to the Board’s office will be forward to RICO.

iii. Test Score Results Challenges

Ms. Ronnow stated that this agenda item was addressed in the Prometric/NIC and PSI presentations earlier, and she had no further question or comment.

B. Email from Wendy Takahashi, The Skin Institute Internationalé

- i. Eligibility regarding licensed estheticians becoming licensed instructors
- ii. Proposal: Licensed estheticians should be eligible to become licensed instructors after completing the 600-hour Instructor Program OR after having one year's experience as a licensed esthetician.

Ms. Ronnow stated that this agenda item was addressed during her earlier agenda item with the Board, and she had no further question or comment.

Chairperson Williams re-stated that pursuant to HRS section 439A-6(h) and HAR section 16-78-20(a), 600 hours of instruction **and** one year of experience as a licensed beauty operator are required.

Ms. Ronnow left the meeting.

- C. Carly Sai, Paul Mitchell the School
Paul Mitchell the School Honolulu, LLC, is requesting Board review and approval of providing 100% of their curriculum methodology as an online practical program.

Carly Sai was promoted to panelist.

Ms. Sai introduced herself to the Board as the Director of Paul Mitchell the School Honolulu, LLC (licensed beauty school).

Ms. Sai presented her request to the Board as summarized below:

- Paul Mitchell the School received a notice from the Board dated December 14, 2022 stating “effective January 1, 2023: (i) up to 25%, at most, of the theory curriculum may be taught via distance learning for students starting a program in a beauty school on or after January 1, 2023; and (ii) the practical application theory portion of any such distance learning shall not be performed on live subjects and may only be performed on mannequins.”
- HAR section 16-78-22, Exhibit C entitled “Beauty School Curriculum” as follows:

 - School uses a platform called “Pivot Point Lab” (learning portal) which allows them to successfully teach and engage with students both online and in-person.
 - School Schedule Example:

	Monday 8 hrs	Tuesday 8 hrs	Wednesday 8 hrs	Thursday 8 hrs	Friday 8 hrs
Core 1-320	On Campus	On Campus	On Campus	On Campus	On Campus

- “Pivot Point Lab”: daily schedule, lessons, and a QR code to track hours while working online.
 - 1) Learning Connection
 - 2) Talking Points
 - 3) Show You Know
 - 4) Lesson Challenge
- Only “Pivot Point Lab” instruction and professional development will be taught via distance learning; no practical instruction will be taught via distance learning.
- Why We Teach This Way:
 - 1) Students are accustomed to learning from the textbook using digital resources; and
 - 2) Students will still have the option to come into school on

their distance learning day and complete these items on campus with an instructor.

The presentation ended and the floor was open for any questions or discussion.

Executive Officer Green stated that although the agenda item states that Ms. Sai is requesting approval of 100% of the curriculum methodology as an online practical program, it appears that she is requesting 100% of just the theory curriculum to be offered via distance learning.

Ms. Sai answered in the affirmative. She is requesting approval of 100% of the theory curriculum via distance learning that is not theory practical or practical, so as to allow up to 25% of the total curriculum.

Chairperson Williams inquired if there will be any lectures to follow up with the online training.

Ms. Sai responded that the learning leader does an online “face to face” with the student at the end of the day to review everything they learned that day. She noted that the learning leaders are working with the students throughout the day and engaging with them in the online portal.

Vice Chairperson Hall requested clarification on the process of how the learning leaders and students are connected online throughout the day.

Ms. Sai stated that all assignments are asynchronous, but there is an option in the online portal to connect via a Zoom call, which is available daily from 9:30 a.m. to 6:30 p.m. Hawaii Standard Time. She reiterated that she is requesting 100% of just the theory curriculum via distance learning, which only includes the preparation for the State exam and professional development through study of textbook and vocabulary. All practical theory and practical will be done in-person on campus with an instructor.

After discussion, it was moved by Vice Chairperson Hall, seconded by Chairperson Williams, and unanimously carried to approve Paul Mitchell the School Honolulu, LLC, to teach 100% of the theory curriculum, excluding theory practical or practical application, via distance learning, provided that it is not more than 25% of the total curriculum.
