

NATUROPATHIC FORMULARY

(Effective August 4, 2023)

Introduction

Pursuant to Hawaii Revised Statutes §455-6(7), the Board of Naturopathic Medicine (“Board”) may annually establish and publish a naturopathic formulary that has been approved by the Board for prescription, administration, or dispensing by naturopathic physicians.

Be advised, that naturopathic physicians **shall only** prescribe, administer, or dispense vitamins, minerals, dietary supplements, botanical medicines, homeopathic medicines, hormones (except for testosterone), and legend drugs consistent with naturopathic medical practice **that are included in this formulary**.

Be further advised, that naturopathic physicians **cannot** prescribe, administer, or dispense any item included in the formulary in the injectable form or by injection unless the naturopathic physician is specifically authorized by the Board pursuant to Hawaii Administrative Rules §16-88-56. To determine if a naturopathic physician is licensed and possesses a “parenteral therapy” special privilege issued by the Board, please visit <https://pvl.ehawaii.gov/pvlsearch/> or you may call our Licensing Branch at (808) 586-3000.

If you have any other questions, please contact the Board’s office at (808) 586-2708 or visit the Board’s website at <http://hawaii.gov/dcca/pvl/boards/naturopathy/>.

List of Formulary Items

ATTENTION: *New entries in the formulary are identified by bold italicization.*

(Effective August 4, 2023)

Page 2 of 5

Bacitracin

3. **ANTIBIOTICS** (continued)

Cephalosporins and related antibiotics

Fluroquinolones

Macrolides

Nitrofurantoin

Metronidazole

Neomycin

Nitrofurans

Penicillins

Quinolones

Sulfonamides

Tetracyclines

4. **PAIN CONTROL AGENTS**

Anti-gout agents

Antimigraine agents

Antirheumatics

Cyclobenzaprine

Naltrexone

Non-opiate analgesics

NSAIDS

Salicylates

5. **DERMATOLOGICALS**

Anti-fungals, topical and oral

Anti-infectives, topical only

Anti-inflammatory agents

Anti-psoriatic agents, excluding methotrexate

Antihistamine preparations, topical and oral

Antiseborrheic products

Counterirritants

Destructive agents

Dressings and granules

Drying agents

Eflornithine HCl

Enzyme preparations

Finasteride

Hemostatics, topical only

Immunomodulators, topical only

Irrigating solutions

Keratolytic agents

Local anesthetics

Topical, IM, and SQ Bupivacaine, Lidocaine, and Procaine

5. **DERMATOLOGICALS** (continued)

IM and SQ Epinephrine

Minoxidil

Photochemotherapy

Pigment agents

Protectants

Pyrithione zinc

Retinoids

Rexinoids

Scabicides/pediculicides

Oral and topical steroids

6. **OPHTHALMIC AGENTS**

Antibiotics

Antivirals

Mast cell stabilizers

Ophthalmic antihistamines

7. **OTIC AGENTS**

Antibiotics and combination preparations

Otic anesthetics

Otic steroids

8. **RESPIRATORY AGENTS**

Antitussives and combined antitussives

Bronchodilators

Expectorants

Antihistamines

Leukotriene formation inhibitors

Leukotriene receptor antagonists

Nasal steroids

9. **GASTROINTESTINAL AGENTS**

Antidiarrheals

Anti-emetic/antivertigo agents

Bile acid sequestrants

Functional bowel disorder agents

Cholelitholytic agents

H. pylori agents

Proton pump inhibitors
Sodium phenyl butyrate

10. CARDIOVASCULAR AGENTS

Anti-lipemic agents
Anti-thrombotic/anti-coagulant agents
Hypotensive agents
Digoxin
Pentoxifylline
Vasodilating agents

11. RENAL AND GENITOURINARY AGENTS

Alpha-reductase inhibitors
Diuretics
Impotence agents
Phenylbutyrate
Uricosuric agents
Urinary antispasmodics
Vaginal Preparations

12. PSYCHOTHERAPEUTIC AGENTS

Acetylcholinesterase Inhibitors
Antidepressants
Smoking cessation agent
Antipsychotics (effective August 4, 2023)

13. ENDOCRINE AND METABOLIC AGENTS

Anti-diabetic agents
Anti-thyroid agents
Bisphosphonates
Uterine-active agents

14. DIAGNOSTIC AGENTS

In vitro Diagnostic Aids
In vivo Diagnostic Biologicals

15. VACCINES (all)

Anti-toxins and antivenins
Immune globulins
