1. Scope of Activity Committee:

Paul Alejado and John Polischeck, Co-Chairpersons

County of Kauai, Department of Water

Job No. 02-14, WK-08, Kapa‘a Homesteads 325’ Tanks, Two 0.5 MG Tanks, Package B Project

The fencing work consists of a 14-foot wide by 6 foot high double-swing gate and approximately 730 linear feet of chain-link fence; the gate and fence are topped with an extension arm and three strands of barbed wire. There is also a fence for the stairs on each tank which consists of approximately 19.5 linear feet which follows the elevation of the stairs between two landings. The fence is 8-foot high metal security mesh fence topped with an extension arm and three strands of barbed wire. The gate for this fence will allow for entry via a cyberlock.

Requesting a determination on: (1) Whether a C-32 Ornamental, guardrail, and fencing contractor’s license is required to perform the fencing work; and (2) Whether the C-27 Landscaping classification includes the work of the C-32 contractor.

Mr. Jason Kagimoto, Engineering Division of the County of Kauai, Department of Water was present. He stated that they are in the bid evaluation process and are requesting a determination on the license requirement to move forward on the award.

**Recommendation:**

(1) Whether a C-32 Ornamental, guardrail, and fencing contractor’s license is required to perform the fencing work.

**Response:** Yes.

(2) Whether the C-27 Landscaping classification includes the work of the C-32 contractor.

**Response:** No.

It was moved by Mr. Polischeck, seconded by Mr. Torigoe and carried by majority

vote (with Mr. Nishek recusing himself) to approve the above scope recommendation.

Cary Kondo, Bowers and Kubota, stated that it is his understanding that the general contractor can perform the C-32 work. Mr. Polischek clarified that an "A" General engineering contractor may self perform the C-32 work. Mr. Lau stated that if the solicitation was for the "A" license, the General engineering contractor may perform the C-32 work; if the solicitation was for the "B" license, the General building contractor cannot perform the C-32 work.

Chapter 91, HRS,  
Adjudicatory  
Matters:

Vice-Chairperson Nishek called for a recess from the Board's meeting at 9:13 a.m. to discuss and deliberate on the following adjudicatory matters pursuant to HRS chapter 91.

1. Settlement Agreements

- a. In the Matter of the Contractor's License of Wave Builders, LLC; CLB 2023-24-L; CLB 2023-33-L; CLB 2023-74-L; CLB 2023-75-L; CLB 2023-86-L; CLB 2023-90-L; CLB 2023-179-L; CLB 2023-188-L

RICO received several complaints alleging that Wave Builders, LLC ("Respondent") failed to complete residential projects and to refund monies for work not completed.

RICO alleges that Respondent has closed down the business and Wesley G. Chun, the only manager of Respondent, has filed for bankruptcy in United States Bankruptcy Court, District of Hawaii, Case number 23-00127.

If proven at an administrative hearing, the foregoing allegations would constitute violations of the following provision(s) of the Hawaii Revised Statutes ("HRS"):

- HRS §444-17(1) (dishonest or deceitful act as a contractor that causes substantial damage to another); and
- HRS §444-17(3) (abandonment of a project without legal excuse); and
- HRS §§444-17(11) and (13) (failing to complete the Project without legal excuse).

Respondent agrees to the voluntary revocation of Respondent's license.

After discussion, it was moved by Mr. Lau, seconded by Mr. Polischek, and unanimously carried to approve the Settlement Agreement Prior to Filing of Petition for Disciplinary Action and Board's Final Order in the above case.

Consumer

Education Fund:

Media on Hiring Licensed Contractors

William Nhieu, Communications Officer for the Department of Commerce and Consumer Affairs, presented examples of different public service announcements (“PSA”) for hiring licensed contractors.

Mr. Nhieu provided information on the different types of PSAs and presented examples for the Board to view:

1. Refilm and produce an updated version of the Department’s 2006 “Hire A Licensed Contractor” video
  - a. The cost to produce may be reduced because we already have the storyboard and concept.
  - b. Approximately \$30,000.00 to reproduce.
2. New “high production”
  - a. Highest cost as storyboarding, script writing, actors and location shoot are necessary.
  - b. Range of cost to produce is estimated at \$30,000.00 to \$50,000.00.
3. TV Station Testimonial
  - a. Generic graphics with testimonial overlay.
  - b. Range of cost to produce is estimated at \$40,000.00 to \$50,000.00 with airtime included on TV station.

4. Explainer or Shorts

- a. May be cost effective if a small videographer is used with graphics and voiceovers without actors.
- b. Range of cost to produce is estimated at \$5,000.00 to \$15,000.00.

With regard to airtime, Mr. Nhieu stated that the Hawaii Association of Broadcasters donates spots for PSAs at random times; some spots will be during prime time.

Mr. Lau asked how often the original "Hire A Licensed Contractor" PSA ran. Mr. Nhieu did not have that information. Executive Officer Ito added that the PSA was also posted on RICO's website along with other informational brochures. Mr. Nhieu stated that with regard to the Business Check PSA, the Department spends \$10,000.00 to \$15,000.00 a year on TV ads and digital platforms and sees approximately a half million hits.

Mr. Lau asked if there was a possibility of using community college students to produce the commercial. Mr. Nhieu stated that it is possible, however there would be more effort for students to produce the commercial and would probably take longer. Other options are to work with Olelo who will film for free; however, we need to write the script, provide the actors and perform other legwork. He recommended that we procure a company to do that work.

With regard to content, Executive Officer Ito stated that the PSA should effectively convey where to find information on licensed contractors and RICO complaint history. The Board agreed that they like the original "Hire A Licensed Contractor" PSA. Executive Officer Shahan suggested, and the Board agreed, that the PSA should have contact information running across the screen for the duration of the PSA. The Board still has time to think about the information they want to include in the PSA. Mr. Nhieu stated that the Board will have full control of the content. Executive Officer Green suggested having two types of ads: the full length commercial and shorter ones for other digital platforms. Mr. Nhieu stated that the Board could write the Request for Proposal ("RFA") to produce the PSA in a way that it could be used in 5, 10, 15, or 30 second snippets.

Executive Officer Ito asked the Board to consider running the Business Check PSA while working on the production of a new PSA. Mr. Lau asked DAG Leong if this would be a permitted use of the Contractors Education Fund. DAG Leong stated that the uses for the Education Fund as stated in HAR section 16-77-101 are broad. The Education Fund may be used for publications, media exposure, seminars, participation in national associations, classes, and any other educational purposes the Board deems necessary. DAG Leong stated that the Business Check PSA pertains to the Board and educates the public. Mr. Nhieu suggested a minimum of \$10,000.00 to run the Business Check PSA.

Mr. O'Donnell asked how the Education Fund is funded. Executive Officer Ito stated that at initial licensure every contracting entity is assessed \$10.00 which goes into the Education Fund. Additionally, the interest earned by the Contractors Recovery Fund is deposited into the Contractors Education Fund. Currently, the Education Fund balance is approximately \$689,000.00.

Mr. Nhieu stated that the current market rate to produce a PSA is \$50,000.00. This amount could be negotiated in the pre-selection process before the award. Mr. Lau asked how much advertising time would cost to run the PSA. Mr. Polischek stated that the Board needs to know the cost for advertising and what kind of advertising they are buying. The Board wants to ensure the frequency and reach will successfully deliver the message. Mr. Nhieu stated that he will provide the Board with proposals for \$25,000.00, \$50,000.00 and \$75,000.00 of advertising time which will specify how much is spent on television broadcasting and other digital platforms such as pre-roll ads on websites, Youtube, and phone applications. Mr. Nhieu informed the Board that if it uses the Hawaii Association of Broadcasters, the terms of the agreement state that advertising on other platforms are prohibited.

It was moved by Mr. Higashihara, seconded by Mr. Polischek, and unanimously carried to use \$15,000.00 of the Education Fund to run the Business Check PSA over the next two months through the Hawaii Association of Broadcasters; and to set the limit for the RFP to reproduce the original "Hire A Licensed Contractor" PSA at \$50,000.00 from the Education Fund.
