Minutes:

It was moved by Mr. Lau, seconded by Mr. Torigoe, and unanimously carried to approve the Application Committee Meeting Minutes of November 6, 2023, and the Board Meeting Minutes of October 20, 2023.

Committee  
Reports:

1. Scope of Activity Committee:

Paul Alejado and John Polischeck, Co-Chairpersons

Nicholas Navarre, Service Air Conditioning and Plumbing Inc.

Requests a determination on whether a C-4 Boiler, hot-water heating, hot water supply steam fitting or a C-37 Plumbing contractor’s license is required to perform service, repair, and installation of domestic water heat pumps and other domestic water booster pumps.

Mr. Navarre provided the following equipment list and maintenance tasks:

Equipment List

Triplex VFD Domestic Water Booster Pump System, Duplex VFD Hot Water Booster Pump System, Spa Heat Pump, Pool Heat Pump, High Zone Hot Water Heat Pump, Low Zone Water to Water Multi Stack Heat Pump, Hot Water Circulating Pump, Spa Air Circulating Pump, Duplex Storm Drain Pump, Duplex Sewage Pump, Simplex Sump Pump, Exhaust Fans and Emergency Generator.

Heat Pump Maintenance

1. Check and log system operating parameters (volts, amps, temps, press, etc.) and adjust as necessary.
2. Clean filters, evaporator and condensate drain pan as necessary.
3. Inspect fan unit and belt and maintain proper alignment and tension.
4. Chemically clean evaporator fin tube surface as necessary.
5. Maintain free flowing condensate drains.
6. Check and adjust refrigerant charge if necessary. (Refrigerant billed at cost).
7. Inspect system piping for refrigerant or water leaks.
8. Inspect compressor and fan mounts, flange bolts, unions, etc. for tightness.
9. Clean domestic and source water strainers.
10. Inspect control panel for loose or burnt wiring and components.

The Board stated that it appears that both the C-4 Boiler, hot-water heating, hot water supply, and steam fitting and the C-37 Plumbing contractor may install and repair the equipment listed above except for the emergency generator which requires a C-13 Electrical contractor. However, the C-37 Plumbing contractor may only install hot water piping systems with a heat input of 200,000 BTU/h or less. In addition, the Board stated that the use of refrigerants requires a C-52 Ventilating and air conditioning contractor's license.

**Recommendation:** Based solely on the information provided, the C-4 Boiler, hot-water heating, hot water supply, and steam fitting and the C-37 Plumbing contractor may perform service, repair, and installation on the equipment listed above provided that the C-37 Plumbing contractor may only perform work on domestic water heat pumps and domestic water booster pumps with a heat input of 200,000 BTU/h or less and that the C-13 Electrical contractor is required to perform service, repair, and installation on emergency generators.

In addition, no license is required to perform the maintenance tasks listed above with the exception of item no. 6, "Check and adjust refrigerant charge if necessary" which requires a C-52 Ventilating and air conditioning contractor's license.

It was moved by Mr. Alejado, seconded by Mr. Torigoe, and unanimously carried to approve the above scope recommendation.

Chapter 91, HRS,  
Adjudicatory  
Matters:

Chairperson Pro-Tem Polischek called for a recess from the Board's meeting at 9:07 a.m. to discuss and deliberate on the following adjudicatory matters pursuant to HRS chapter 91.

Mr. Suehiro joined the meeting at 9:09 a.m.

1. Settlement Agreements

- a. In the Matter of the Contractors License of Big Island Builders, LLC; CLB 2022-287-L; CLB 2022-348-L; CLB 2022-482-L

RICO received two complaints alleging that Big Island Builders, LLC ("Respondent") failed to complete their projects. RICO also alleges that Respondent failed to include all of the required disclosures in homeowner contracts and Respondent contracted for work outside the scope of its license.

If proven at an administrative hearing, the foregoing allegations would constitute violations of the following statutes and rules:

- Hawaii Revised Statutes ("HRS") §444-17(11) (failure to complete without legal excuse);
- HRS §444-25.5 (required disclosures in homeowner contracts);

- Hawaii Administrative Rules (“HAR”) §16-77-33(d) (out of scope activity); and
- HAR §16-77-80 (required disclosures in homeowner contracts).

Respondent agrees to the voluntary revocation of Respondent’s license.

b. In the Matter of the Contractor’s License of Yi – Sun Chiu; CLB 2021-290-L

RICO alleges that Yi-Sun Chiu (“Respondent”) was issued several Notices of Violation and Notices of Order by the City and County of Honolulu’s Department of Planning and Permitting between 2017 and 2022 with regards to the construction work performed on the houses owned by Respondent or his family.

If proven at an administrative hearing, the foregoing allegations would constitute violations of the following statute:

- HRS §444-17(6) (Willful violation of any law of the State, or any county, relating to building, including any violation of any applicable rule of the department of health, or of any applicable safety or labor law).

Respondent agrees to pay an administrative fine in the amount of five thousand and no/100 U.S. dollars (\$5,000.00).

c. In the Matter of the Contractors’ Licenses of Tinguely Development, Inc.; Phillip B. Tinguely; CLB 2022-218-L

RICO alleges that Tinguely Development, Inc. and Phillip B. Tinguely (“Respondents”) contracted with an unlicensed contractor to perform work requiring a contractor’s license at the Minit Stop in Hilo, Hawaii.

If proven at an administrative hearing, the foregoing allegations would constitute violations of the following statute and rule:

- HRS §444-17(17) (licensee shall not contract with an unlicensed contractor involving work or activity that required a valid contractor’s license); and
- HAR §16-77-71(a)(5) (RME responsible for violations of HRS chapter 444 and HAR Title 16 Chapter 77).

Respondents agree to pay a fine in the amount of ten thousand and no/100 U.S. dollars (\$10,000.00).

After discussion, it was moved by Mr. Alejandro, seconded by Mr. Torigoe, and unanimously carried to approve the Settlement Agreement Prior to Filing of Petition for Disciplinary Action and Board’s Final Order in each of the above cases.

Following the Board’s review, deliberations, and decisions in these matters

#### Media on Hiring Licensed Contractors

The California Contractor Licensing Board shared warning signs that they posted in the aftermath of the California wildfires. Samples of the warning signs informing unlicensed contractors of the penalties to contract without a license and signs informing homeowners to beware of unlicensed contractors were distributed to the Board. Joshua Koh, DCCA Communications Specialist, will be

assisting the Board by gathering information on the cost to produce campaign size signs. The Board will approve the signage and expenditure from the Education Fund to produce the signs at a later date.

Executive Officer Ito stated that she met with William Nhieu, Communications Officer, in follow-up to his presentation at the October 20, 2023 meeting and asked for clarification on the airtime offered by the Hawaii Association of Broadcasters (“HAB”). Mr. Nhieu explained that HAB operates the Public Education Program (“PEP”) which provides discounted airtime for non-profit and government agencies. In Hawaii, the HAB airs its PEP sponsor campaigns on a minimum of forty-nine radio and six television stations statewide with the potential to reach all radio and television households. HAB guarantees the sponsor a minimum 3 to 1 rate of return on their investment. For example, if a sponsor’s investment is \$50,000, they are guaranteed a minimum of \$150,000 in value on the statewide radio and television campaign.
