Act 35, SLH 2010
Update Regarding
Electrical Academic
Coursework:

a) Chair Wong announced the following addition to the electrical academic coursework.

University of Hawaii Honolulu Community College
Approved Curricula

- Electrical Technology Program – Journey Worker Electrician at Maui Community College (EJ)

2024 Legislation:

Chair Wong asked if any members of the public would like to provide oral testimony on this agenda item.

Hearing none, Executive Officer Green provided updates on the following measures:

- a) H.B. NO. 2523, H.D.1, S.D.1, Relating to Electric Utility Lineman

Beginning 1/1/2027, establishes licensing requirements, including minimum standards and qualifications, for licensure as a journey worker electric utility lineman and expands the Board of Electricians and Plumbers to include members engaged in electric utility work. Repeals an existing exception to the impending sunset of the limited exemption from electrician licensing requirements that was originally enacted by Act 65, SLH 2013, and extended pursuant to Act 60, SLH 2018, and Act 68, SLH 2022. Takes effect on 7/1/2027.

Executive Officer Green stated the Senate Committee on Public Safety and Intergovernmental and Military Affairs passed the measure, and was then referred to the Senate Committee on Commerce and Consumer Protection. That Committee did not hear the bill.

- b) S.B. NO. 2917, Relating to Electric Utility Lineman

Beginning 1/1/2027, establishes licensing requirements, including minimum standards and qualifications, for journey worker electric utility linemen and expands the board of electricians and plumbers to include members engaged in electric utility work. Sunsets the original limited exemption from licensing requirements for qualified electricians that was originally enacted by Act 65, SLH 2013, and extended pursuant to Act 60, SLH 2018.

Executive Officer Green stated this bill was referred to the Senate Committee on Commerce and Consumer Protection, but the Committee did not hear the bill.

Announcements: a) Next Board Meeting

July 24, 2024
10:30 a.m.
King Kalakaua Conference Room
King Kalakaua Building
335 Merchant Street, First Floor
Honolulu, Hawaii 96813

Mr. Bukoski asked to provide oral testimony regarding the approval of minutes and requesting clarification if the written corrections he submitted for the January 23, 2024, open session minutes were considered by the Board.

Chair Wong stated the Board received Mr. Bukoski's recommended corrections to its minutes of that meeting, they were duly noted, and the Board approved the draft of its meeting minutes, as is.

Mr. Bukoski asked the Board if it would consider corrections on comments made by testifiers.

DAG Leong stated that the policy for all Boards is to receive and consider recommendations for corrections to the drafts of minutes, but it is up to the Board to determine whether or not to accept the recommended corrections. However, the Board cannot substantively change the discussion that was provided in the draft minutes from a previous meeting.

Mr. Bukoski stated that the corrections he submitted were to clarify comments he made or did not recall saying; not necessarily to change the substance of what was being said.

DAG Leong stated that the Board should generally avoid amending what is already on record by making after-the-fact clarifications. This not only applies to public testimony, but also to Board member comments as well.

Mr. Bukoski asked if his testimony would be part of the record.

DAG Leong informed Mr. Bukoski that if he has comments on or clarifications to statements made at a previous meeting, then he may provide them in his oral testimony now and his comments or clarifications would be recorded in the minutes of this meeting.

Mr. Bukoski stated that, based on his recollection, there are some statements that are either incorrect or inaccurate. His testimony is an attempt to provide clarification. He added that other Boards have adopted video recordings of Board meetings. As the subject matters that his Board discusses is important, he suggested that this Board consider implementing video recordings, which may assist in providing accurate information.

Executive Officer Ito asked Mr. Bukoski if there is anything that he'd like to clarify at this time, which would be reflected in the minutes for this meeting.

Mr. Bukoski stated that he would have to go back and review his testimony line-by-line.

As Mr. Bukoski expressed no further comments or questions, Chair Wong asked if any other members of the public would like to provide oral testimony on this agenda item.

Seeing none, Chair Wong proceeded to the next agenda item.

Adjournment: There being no further business to discuss, the meeting adjourned at 11:04 a.m.

From: Hawaiian Electric

Date: May 30, 2024

Subject: 2023 Annual Report to Board of Electricians and Plumbers under HRS 448E-13

Hawaii Revised Statute (“HRS”) 448E-13 outlines exceptions to the requirement stated in HRS 444-9.5 that “[a]t least half of all individuals performing electrical or plumbing work employed on a construction job site by an electrical or plumbing contractor shall be licensed in accordance with [HRS] chapter 448E.” Pursuant to Act 68 (2022), and to rely upon the exception noted in HRS 448-13(2), Hawaiian Electric as a public utility must submit “an annual report to the Board of Electricians and Plumbers (“Board”) covering the preceding calendar year that identifies, at a minimum:

- (i) The number of qualified contractors the public utility employed to perform high voltage electrical work; and
- (ii) The number of requests for proposals solicited for high voltage work.”

Hawaiian Electric hereby reports that during the preceding calendar year of 2023 Hawaiian Electric employed **ONE** qualified contractor to perform high voltage electrical transmission and distribution line construction, maintenance, and connection to substation work and that the number of requests for proposals solicited for this high voltage electrical work was also **ONE**. This report represents information for Hawaiian Electric, Hawaiian Electric’s Maui County operations, and Hawaiian Electric’s Hawaii Island operations. Hawaiian Electric operates in service territories including Maui County (Maui, Molokai and Lanai), Oahu and Hawaii Island. Therefore, the report’s response reflects all territories that we serve.

Should you have any questions regarding this Annual Report, please feel free to contact **Shannon Alivado, Director of Government Relations at (808) 543-4548.**
