Call to Order: There being a quorum present, Chairperson Arita called the meeting to order at 9:05 a.m.

Agenda: The agenda was posted on the State electronic calendar as required by Hawaii Revised Statutes ("HRS") section 92-7(b).

Minutes: It was moved by Mr. Arita, seconded by Mr. Alejado, and carried by majority vote (with Mr. O'Donnell voting no) to approve the Applications Committee Meeting Minutes of June 3, 2024 and the Board Meeting Minutes of May 24, 2024.

Committee  
Reports:

1. Scope of Activity Committee:  
Paul Alejado and John Polischeck, Co-Chairpersons

- a. Joseph O'Donnell

Requests a reconsideration of the Board's March 22, 2024 determination regarding the Kapolei Police Station Installation of Photovoltaic System, City Project No. IX-73-22-0 that based solely on the information provided, (1) a C-13 Electrical or a C-48 Structural steel contractor may contract to construct a Prefab Galvanized Metal Racking System Kit carport as long as the racking manufacturer's instructions for installation of the carport racking kit are followed; and (2) a C-13 Electrical contractor may contract to construct a Prefab Galvanized Metal Racking System Kit carport and subcontract to an "A" General engineering or "B" General building contractor to install the foundation.

All racking in the kit requires no welding or fabrication; it is a bolt together prefabricated/pre-engineered kit from the racking manufacturer that comes with all the parts needed for a carport and panel mounting.

Chairperson Arita asked Mr. Hayashi and Mr. O'Donnell to voluntarily recuse themselves from this agenda item. Mr. Hayashi and Mr. O'Donnell recused themselves from this agenda item. Mr. O'Donnell stated that he is recusing himself provided that their counsel would be able to present testimony on their behalf. DAG Leong stated that their attorney could provide testimony on this agenda item.

Mr. George Hetherington, attorney for the Iron Workers Local 625, stated that they have filed a petition for declaratory relief which goes beyond Mr. O'Donnell's request. He requested that the Board change its determination that:

a C-13 Electrical or a C-48 Structural steel contractor may contract to construct a Prefab Galvanized Metal Racking System Kit carport as long as the racking manufacturer's instructions for installation of the carport racking kit are followed

to:

a C-13 Electrical and a C-48 Structural steel contractor may contract to construct a Prefab Galvanized Metal Racking System Kit carport as long as the racking manufacturer's instructions for installation of the carport racking kit are followed.

The Prefab Galvanized Metal Racking System Kit carport requires bolting and the description of the C-48 classification is clear that bolting is one of the functions of the C-48 contractor and bolting can only be performed by a C-48 licensee. He stated that the description of the C-48 Structural steel classification states: To fabricate and erect structural steel shapes, bars, rods, and plates of any profile, perimeter, or cross-section, that are or may be used as structural members for buildings and structures; including riveting, bolting, welding, and rigging. Mr. Hetherington stated that because the description includes bolting, the C-13 contractor is precluded from installing structural supports. He stated that the Contractors License Board does not have the authority to allow the C-13

contractor to go beyond its scope and install structural supports. He requested that the Board consider the petition for declaratory relief that was submitted to the Board's office yesterday in conjunction with the reconsideration of the Board's March 22, 2024 determination.

Executive Officer Ito stated that the petition for declaratory relief is not on the meeting agenda and will not be discussed at today's meeting. Mr. Hetherington has the option to postpone the reconsideration of the Board's March 22, 2024 determination if he wishes to have both matters considered together at next month's Board meeting. Mr. Hetherington stated that they would like the Board to consider their petition for declaratory relief at the next Board meeting regardless of the outcome of its reconsideration today. The Iron Workers Local 625 position is that any kind of structural support that requires bolting, welding, and anything that is listed in the description of the C-48 classification is exclusive to C-48 licensees. Even if the structure is prefab, there is nothing in the C-13 contractor's classification description that allows them to install structural supports and bolting. It is a safety issue if a C-13 contractor is allowed to install the structural supports.

Ryan Takahashi, Hawaii Electricians Market Enhancement Program Fund, stated that in practice, the C-13 contractor will often subcontract the necessary C-48 work to a C-48 contractor for PV panels installed on parking canopies, however, the C-13 is the prime contractor. They don't want to get into a position where both licenses are required to bid the job. They are agreeable if the C-13 contractor is required to subcontract specific work in the scope of the C-48 classification.

Mr. Polischek stated that in the past, covered parking did not have PV panels on them and the work was performed by the C-48 contractor. Now, the carports are described as a PV project and there is electrical work involved. The racking system is separate from the carport canopy and requires the bolting of PV panels, grounding and bonding. He added that his company builds substations, and the electricians bolt up all the structural steel in the substation. A substation is a controlled environment where the public is not allowed. However, the public will be near and under the carports thus the electrician must understand the torque pattern of the bolts and know the process of what to put up first so that there is not undue stress on other members. The description of the C-13 allows them to put up their own structures for substation and power plant work.

Mr. Suehiro stated that historically, electrical contractors understand bolting, their scope allows them to stand 75 foot structural poles that support lights; the poles are prefabricated and bolted. Electrical contractors should not be precluded from mechanical connections. There is a lot of torquing that is involved in bolt pattern and foundation that hold poles with cantilever arms over five lanes of highway as well as poles that support traffic signal lights. There is a lot of public safety involved. Electrical contractors cannot be precluded from performing bolting work as historically, this has been part of their work. With regard to carports, the electrical contractor would subcontract the structural columns and cantilever to the C-48 contractor; however, they would install the cross members that support the racking that has bolting and grounding. For this project, there are prefab

galvanized racking that the electrical contractors mount the PV panels on.

Mr. Polischeck stated that he agrees with Mr. Suehiro; all the different trades have bolting and torquing specifications, it is not necessarily a bolting issue. Structural members are historically done by the C-48 contractor who is trained to perform that work. In his company, the iron workers would not know how to stand up light poles, the electricians in his company perform that work. The racking is a separate system that sits on top of the rafters.

Mr. Lau stated that they must consider on a case-by-case basis the disciplines that the work falls under. If it requires structural inspection, it becomes a structural member. If it falls under the electrical division and is reviewed by an electrical engineer, then it is electrical work. It goes back to the contract itself. Chairperson Arita stated that this determination is specific to this project. Mr. Suehiro stated that the plans state, "Solar panel module in portrait layout, racking system, and connection to steel canopy structure by structural solar". Mr. Polischeck stated that the manufacturers are packaging the structural steel canopy with the PV systems.

Executive Officer Ito stated that the Electrical Contractors Association of Hawaii submitted written testimony requesting the Board to uphold its March 22, 2024 determination.

Executive Session: At 9:27 a.m. it was moved by Chairperson Arita, seconded by Mr. Polischeck and carried by majority vote (with Messrs. Hayashi and O'Donnell recusing themselves) to enter into executive session pursuant to HRS section 92-5(a)(4) to consult with Christopher Leong, Deputy Attorney General, on questions and issues pertaining to the Board's powers, duties, privileges, immunities, and liabilities.

At 10:03 a.m. it was moved by Mr. Arita, seconded by Mr. Arita, and carried by majority vote (Messrs. Hayashi and O'Donnell were recused) to move out of executive session and to reconvene to the Board's regular order of business.

Mr. Suehiro stated that based upon the information and testimony provided today, it appears that all parties are on the same page.

Recommendation: Based solely on the information and testimony provided, the Board voted to amend its prior determination and clarified that a C-13 Electrical contractor may contract to construct the Prefab Galvanized Metal Racking System Kit carport as long as the racking manufacturer's instructions for installation of the carport racking kit for the Project are followed, and perform the electrical work above the purlins which is the racking system that supports the PV panels and the grounding and bonding; provided that the structural steel portion of the Project which is the purlins and below is subcontracted to a C-48 Structural steel contractor.

Mr. O'Donnell stated that the Board is not directly addressing his request as stated on the meeting agenda. Executive Officer Ito stated that the Board felt that changing the determination to:

“a C-13 Electrical and a C-48 Structural steel contractor may contract to construct a Prefab Galvanized Metal Racking System Kit carport as long as the racking manufacturer’s instructions for installation of the carport racking kit are followed.”

would not be clear and that their amended determination clarifies the C-13 and C-48 work on this project.

It was moved by Mr. Suehiro, seconded by Mr. Polischek and unanimously carried to approve the above scope recommendation.

Mr. O’Donnell left the meeting at 10:07 a.m.

Executive  
Session:

At 10:08 a.m., it was moved by Mr. Polischek, seconded by Mr. Nishek and unanimously carried to enter into executive session pursuant to HRS section 92-5(a)(1), to consider and evaluate personal information relating to individuals applying for professional or vocational licenses cited in HRS section 26-9, and to consult with Christopher Leong, Deputy Attorney General, on questions and issues pertaining to the Board’s powers, duties, privileges, immunities, and liabilities pursuant to HRS section 92-5(a)(4).

At 1:14 p.m., it was moved by Mr. Polischek, seconded by Mr. Torigoe and unanimously carried to move out of executive session and to reconvene to the Board’s regular order of business.

Appearances  
Before the  
Board:

- a. Leonardo C Machado, RME  
Avante Group LLC  
“B” General building

Mr. Machado requested an appearance at today’s meeting and was not present. After discussion, it was moved by Mr. Higashihara, seconded by Mr. Alejado, and unanimously carried to deny Mr. Machado’s RME application for licensure in the “B” General building classification in accordance with HRS section 444-11(a)(2) and HAR sections 16-77-11(a)(1) and (2), and 16-77-18(a) for lack of experience.

- b. Ya Hua Chen (Individual)  
“B” General building

Mr. Chen was unable to attend today’s meeting and requested to defer his application to a subsequent meeting. After discussion, it was moved by Mr. Higashihara, seconded by Mr. Alejado, and unanimously carried to defer Mr. Chen’s application.

- c. Matelita Funaki (Individual)  
C-31a Cement concrete  
C-31 b Stone masonry

After discussion, Ms. Funaki withdrew her application for licensure in the C-31a Cement concrete and C-31 b Stone masonry classifications.

- d. Ferdinand P Guieb (Individual)  
"B" General building

After discussion, it was moved by Mr. Higashihara, seconded by Mr. Alejado, and unanimously carried to defer Mr. Guieb's application for licensure in the "B" General building classification pending the submittal of a revised project list (on the Board's form) verifying forty-eight months of his on-site supervision and direction of his own employees constructing buildings from the "ground-up" specifying the trades performed in-house and the work or trades subcontracted to other licensed contractors. Mr. Guieb's revised project list must include a detailed description of the work he supervised (e.g. stand alone, extension, renovation) including but not limited to the number of homes for subdivision projects, size, square footage, number of rooms/stories. The "Amount of Supervisory Experience" on his revised project list should only include the actual amount of time spent on-site supervising his own crew constructing buildings. Do not include the time spent for design, ordering materials, scheduling, downtime for rain-outs, or waiting for delivery of materials.

- e. Trade Mark Construction LLC  
Mark J S Wasden, RME  
"B" General building

After discussion, Mr. Wasden withdrew his RME and Trade Mark Construction LLC's applications for licensure in "B" General building classification.

- f. Treehaus LLC DBA Treehaus Build  
Nathan J Clemete, RME  
"B" General building

After discussion, it was moved by Mr. Higashihara, seconded by Mr. Alejado, and unanimously carried to approve Treehaus LLC DBA Treehaus Build and Mr. Clemente's applications for licensure in the "B" General building classification.

- g. Kinsey A B Watson, RME  
F & H Construction  
"B" General building

Ms. Watson was unable to attend today's meeting. After discussion, it was moved by Mr. Higashihara, seconded by Mr. Alejado, and unanimously carried to defer Ms. Watson's RME application for licensure in the "B" General building classification.

- h. A.C. Schommer & Sons Inc  
Christopher R McGhie, RME  
“B” General building

After discussion, it was moved by Mr. Higashihara, seconded by Mr. Alejado, and unanimously carried to approve A.C. Schommer & Sons Inc and Mr. McGhie’s applications for licensure in the “B” General building classification.

Committee  
Reports:

- 2. Applications Committee Report  
Candace Ito, Executive Officer

- a. Cook and Solis Construction Inc.  
Noel Carranza, RME  
C-27 Landscaping

After discussion, it was moved by Mr. Higashihara, seconded by Mr. Alejado, and unanimously carried to approve Cook and Solis Construction Inc. and Mr. Carranza’s applications for licensure in the C-27 Landscaping classification.

- b. Enclos Tensile Structures Inc  
Allen Gadus, RME  
C-44b Awnings and patio cover

After discussion, it was moved by Mr. Higashihara, seconded by Mr. Alejado, and unanimously carried to defer Enclos Tensile Structures Inc and Mr. Gadus’ RME applications for licensure in the C-44b Awnings and patio cover classification pending the submittal of a project list (on the Board’s form) verifying forty-eight months of his on-site supervision and direction of his own employees performing projects in the broad scope of the C-44b Awnings and patio cover classification, specifying the work that was performed in-house with his own employees and the work or trades subcontracted to other licensed contractors. Mr. Gadus’ project list should not include off-site fabrication in the “Amount of Supervisory Experience”.

- c. Stephen F Brissette, RME  
Heide & Cooke LLC  
C-37 Plumbing

After discussion, it was moved by Mr. Higashihara, seconded by Mr. Alejado, and unanimously carried to approve Mr. Brissette’s application for licensure in the C-37 Plumbing classification.

- d. Alexander F Mar (Individual)  
C-33 Painting and decorating

After discussion, it was moved by Mr. Higashihara, seconded by Mr. Alejado, and unanimously carried to defer Mr. Mar’s application for licensure in the C-33 Painting and decorating classification pending the submittal of requested financial documentation.

- e. James Alana Tree Service LLC  
James Alana, RME  
C-27b Tree trimming

After discussion, it was moved by Mr. Higashihara, seconded by Mr. Alejado, and unanimously carried to approve James Alana Tree Service LLC and Mr. Alana's applications for licensure in the C-27b Tree trimming classification pending the submittal of documentation of his name change.

- f. HI Caliber Construction LLC  
Ramon A Beltran, RME  
C-48 Structural steel

After discussion, it was moved by Mr. Higashihara, seconded by Mr. Alejado, and unanimously carried to approve HI Caliber Construction LLC and Mr. Beltran's applications for licensure in the C-48 Structural steel classification.
