An applicant, however, may, be permitted to present evidence to the board as to why such conviction should not be the basis for denial of a license such as the age of the conviction, exceptional circumstances surrounding the crime, or the completion of a course of rehabilitation

which substantially diminishes the likelihood of further criminal behavior.

An applicant, however, may, be permitted to present evidence to the board as to why such conviction should not be the basis for denial of a license such as the age of the conviction, exceptional circumstances surrounding the crime, or the completion of a course of rehabilitation which substantially diminishes the likelihood of further criminal behavior.

OFFICE OF THE GOVERNOR  
STATE OF HAWAII

**NINETEENTH PROCLAMATION  
RELATING TO WILDFIRES**

By the authority vested in me by the Constitution and laws of the State of Hawai'i, to provide relief for disaster damages, losses, and suffering, and to protect the health, safety, and welfare of the people, I, Josh Green, M.D., Governor of the State of Hawai'i, hereby proclaim as follows:

**WHEREAS**, on August 8, 2023, the first Proclamation Relating to Wildfires was issued declaring a state of emergency to exist in the counties of Maui and Hawai'i;

**WHEREAS**, on August 9, 2023, after wildfires spread considerably and burned a number of structures in and around Lāhainā, the Second Proclamation Relating to Wildfires was issued, extending the emergency declaration to the entire State;

**WHEREAS**, since August 9, 2023, sixteen additional proclamations relating to wildfires have been issued, including the most recent Eighteenth Proclamation Relating to Wildfires issued on October 8, 2024;

**WHEREAS**, these fires burned thousands of acres, cut off communications, and forced closure of roads and schools, and evacuations in the Kohala Ranch and Kula areas;

**WHEREAS**, the fires caused significant loss of life and property in Maui County, thousands of people are without adequate housing, and the town of Lāhainā has been destroyed;

**WHEREAS**, on October 30, 2023, a wildfire ignited in the Mililani Mauka area of Oahu which required considerable county, state, and federal resources to combat;

**WHEREAS**, on July 10, 2024, a new wildfire ignited in upcountry Maui in the vicinity of Crater Road that has burnt approximately 500 acres, requiring additional government resources to protect public health and safety, property, and natural resources;

**WHEREAS**, on July 11, 2024, two wildfires ignited in west Kauai, requiring additional government resources to protect public health and safety, property, and natural resources;

**WHEREAS**, on July 15, 2024, a new wildfire ignited in the Hanapepe area on Kauai and spread rapidly, requiring additional government resources to protect public health and safety, property, and natural resources;

**WHEREAS**, on the evening of July 18, 2024, another wildfire ignited on the Island of Kauai near Kokee Road and has spread in the direction of Waimea, requiring additional government resources to protect public health and safety, property, and natural resources;

**WHEREAS**, conditions such as drought continue to exist statewide that contribute to the risk of additional wildfires in all counties. Considerable government resources are required to mitigate these risks and to contain such wildfires as they ignite to protect the life, health, and safety of the public;

**WHEREAS**, it is necessary to continue recovery and mitigation efforts by federal, state, and county agencies, including ensuring adequate health services, shelter, and housing for survivors, as well as to mitigate conditions contributing to wildfire risks;

**WHEREAS**, it is necessary to supplement the eighteenth proclamation to ensure a continued and effective statewide response to the wildfire emergency, including the August 2023 Lāhainā wildfire;

**WHEREAS**, under sections 127A-14 and 127A-16, Hawaii Revised Statutes (HRS), the Governor may determine whether an emergency or disaster has occurred, or whether there is an imminent danger or threat of an emergency or disaster and authorize actions under chapter 127A, HRS, including expending funds;

**WHEREAS**, section 127A-9, HRS, provides immunity from civil liability for certain entities and individuals while engaging in emergency management functions, including volunteers whose services are accepted by authorized persons, except in cases of wilful misconduct, gross negligence, or recklessness; and

**NOW, THEREFORE**, I, JOSH GREEN, M.D., Governor of the State of Hawai'i, hereby determine that an emergency or disaster contemplated by section 127A-14, HRS, is occurring in the State of Hawai'i, and to continue response, recovery, and mitigation efforts, authorize and invoke the following emergency provisions, if not already in effect upon this declaration of an emergency:

## I. Invocation of Laws

Sections 127A-12 and 127A-13, HRS, for county and State agencies to provide emergency relief and engage in emergency management functions as defined in section 127A-2, HRS, as a result of and in response to this event.

Section 127A-13(a)(1), HRS, and determine that disaster-generated debris on private property in impacted areas constitutes an immediate threat to life, public health, and safety, and to the economic recovery of the community at large.

Sections 127A-13(a)(8), 127A-25, and 127A-29, HRS. I hereby order that making any unsolicited offer to an owner of real property located in the areas encompassed by United States Postal ZIP codes 96761, 96767, and 96790 on the island of Maui to purchase or otherwise acquire any interest in the real property is prohibited. I further prescribe and adopt this order as a rule having the force and effect of law under section 127A-25. Any person who intentionally, knowingly, or recklessly makes an unsolicited offer to an owner of real property located in in the areas encompassed by United States Postal ZIP codes 96761, 96767, and 96790 on the island of Maui to purchase or otherwise acquire any interest in the real property shall be guilty of a misdemeanor and upon conviction, the person shall be fined no more than \$5,000, imprisoned no more than one year, or both. The foregoing notwithstanding, it shall be an affirmative defense to prosecution if the property owner to whom the offer was made was not impacted by this wildfire emergency. For purposes of this order, "person" means any individual, partnership, corporation, limited liability company, association, or other group or entity, however organized. "Unsolicited" means not asked for or requested.

Section 127A-12(b)(16), HRS, directing all State agencies and officers to cooperate and extend their services, materials, and facilities as may be required to assist in emergency response efforts.

Section 127A-16, HRS, by activating the Major Disaster Fund.

Section 127A-30, HRS, **rental or sale of essential commodities during a state of emergency; prohibition against price increases**. For the island of Maui only, I hereby invoke, effective for the entire duration of this Eighteenth Proclamation Relating to Wildfires:

1. Section 127A-30(a)(1), HRS, the prohibition against price increases only for the essential commodity of rentals of residential dwellings. Prices for this essential commodity may not exceed regular prices that were in effect as of August 9, 2023, when Section 127A-30 was invoked in the Second Proclamation Relating to Wildfires, unless authorized by law or this Proclamation. Any additional operating expenses incurred by the landlord, and which can be documented, may be passed on to the tenant. If rent increases are contained in a written instrument that was signed by the tenant before August 9, 2023, the increases may take place under the written instrument. Provided, however, that affordable and workforce housing projects contain limited income housing units that are bound by Federal, State, and County regulatory agreements that ensure the continued affordability of the housing units by allowing reasonable tenancy terms and rental increases while protecting income limited tenants from being “priced” out of their units. Rent adjustments per the established regulatory agreements can balance affordability for residents with the operational and maintenance costs incurred. Rental income from market rate units within the projects is necessary to off-set the cost of limited income affordable units and keep the projects economically viable. This paragraph shall therefore not apply to housing projects where all the units are owned by the same entity and are: (1) subject to a regulatory agreement under chapter 201H, HRS, or chapters 2.96 or 2.97 of the Maui County Code; and (2) the regulatory agreement subjects units to governmental regulations relating to rent increases; notwithstanding that these housing projects may contain market rate units; and

2. Section 127A-30(a)(2), the prohibition against terminating any tenancy for a residential dwelling unit on Maui, except as suspended in section II, below.

Sections 127A-13(a)(8) and 127A-25, HRS. I hereby order that any tenancy between a hotel, motel, or condominium operated as a hotel or motel on the island of Maui and a person displaced by this wildfire emergency shall not be deemed to create a landlord tenant relationship, nor convert the dwelling unit of the tenancy into a residential dwelling unit, under section 127A-30, chapter 521, and chapter 666, HRS, unless specified otherwise in such tenancy agreement. I further prescribe and adopt this order as a rule having the force and effect of law under section 127A-25, HRS.

Section 201B-9, HRS. Upon the request of the Board of the Hawai'i Tourism Authority, I hereby declare that a tourism emergency exists in the State. I further authorize the Hawai'i Tourism Authority, in coordination with the Department of Budget and Finance, to use monies in the Tourism Emergency Special Fund to respond to the emergency and provide relief under section 201B-10, HRS.

Rules Relating to Immunities for Health Care Practices, as set forth in Exhibit A.

## II. **Suspension of Laws**

I suspend the following specific provisions of law under section 127A-13(a)(3) to the extent that the law impedes or tends to impede or be detrimental to the expeditious and efficient execution of, or to conflict with, emergency functions, including laws which by this chapter specifically are made applicable to emergency personnel:

Chapter 6E, HRS, **historic preservation**, only to the extent necessary to: (1) allow for emergency demolition, removal, and disposal of wildfire-generated debris; and (2) allow for the construction or erection of temporary housing for use by displaced victims of the Lāhainā wildfires, provided that construction or erection of temporary housing may commence after consultation with, and upon the approval of, the State Historic Preservation Division. Any work performed under this limited suspension shall be subject to cultural, historic, and archaeological monitoring as appropriate. I also order State agencies and personnel, to the extent allowed by law and in consultation with the State Historic Preservation Division, to protect and preserve items of historic or cultural significance to the town and historic character of Lāhainā regardless of age, including but not limited to, business signs and other landmarks.

Section 37-41, HRS, **appropriations to revert to state treasury; exceptions**, to the extent that appropriations lapse at the end of the fiscal year before completion of the emergency actions.

transfers or changes between programs to provide necessary funding to complete the emergency actions.

Section 37-77, HRS, **claims for legislative relief**, and section 662-11, HRS, **compromise**, only to the extent necessary to allow the Attorney General to settle claims presented for payment from the One Ohana Bank Trust Account.

Section 40-66, HRS, **lapsing of appropriations**, to the extent that the timing of the procurement of the construction of the emergency permanent repairs may occur the fiscal year following the original emergency proclamation.

Chapter 91, HRS, **administrative procedure**, to the extent necessary for the expeditious provision of interim housing, housing assistance programs, transportation, relocation assistance, supportive services or programs.

Chapter 92, HRS, **public agency meetings and records**, as follows: section 92-3.7(a), to suspend the physical location requirement for Maui-based boards; section 92-15, for boards with Maui-based members, to suspend the quorum requirements, and to the extent the absence of Maui-based members would prevent a board from meeting them, the voting requirements under section 92-4(a) (executive meetings); section 92-9(b), for Maui-based boards, to suspend the deadline for posting minutes; and section 92-3.1(a), for limited meetings of any board related to the emergency, suspend the requirement for the board's vote and concurrence by the Office of Information Practices.

Section 94-4, HRS, **certificate to same**, and section 3-20-9, HAR, **fees for services**, to the extent necessary to waive fees for copying, certifying, and other services provided by the State Archives Division to victims of the wildfires, provided that: (1) persons requesting services shall provide documentation of State or Federal assistance received or being processed due to the wildfire emergency (i.e., FEMA Disaster assistance ID number, receipts and/or declaration of loss of property, Lāhainā residency, etc.); (2) the services relate to those records needed to show evidence of identity, property, and individual rights that are available at the Public Archives and which the Archives Division would ordinarily be responsible for providing copies of; (3) requestors shall provide exact citations or references regarding the requested records; and (4) processing of requests is on a “first-come-first serve” basis, but priority will be given to those in immediate need to help establish identity.

Section 103-2, HRS, **general fund**, to the extent that compliance results in any additional delays.

Section 103-50(e), **building design to consider needs of persons with disabilities; review fees**, to waive the review fees for State Disaster Housing Projects supporting Lāhainā wildfire survivors.

Chapter 104, HRS, **wages and hours of employees on public works**, and implementing administrative rules, to the extent that compliance with this chapter requires additional time detrimental to the expeditious and efficient execution of emergency actions.

Sections 105-1 to 105-10, HRS, **use of government vehicles, limitations**, to the extent that compliance with this chapter requires additional time detrimental to the expeditious and efficient execution of emergency actions.

Section 127A-16(a)(2), HRS, **major disaster fund**, only to the extent necessary to suspend the \$10,000,000 limit on expenditures for a single emergency or disaster.

Section 127A-25(c), HRS, **rules and orders**, to the extent the requirement to publish rules adopted under chapter 127A, HRS, in a newspaper of general circulation in the State shall be suspended inasmuch as the posting of such rules on the applicable state or county government website or by other means of official announcement as provided by this section brings the rules' content to the attention of the general public.

Section 127A-30, HRS, **rental or sale of essential commodities during a state of emergency; prohibition against price increases**, except on the island of Maui as described in section I, above. The automatic, statewide invocation of this provision is not needed for this emergency.

Section 127A-30(a)(2), HRS, **rental or sale of essential commodities during a state of emergency; prohibition against price increases**, is further suspended only to the extent that it would permit the termination of any tenancy for a residential dwelling unit on the island of Maui for a breach of a material term of a rental agreement or lease resulting from a failure to pay all or any portion of the rent or lease, maintenance fees, utility charges, taxes or other fees required by the rental agreement or lease. The prohibition against residential rental increases on the island of Maui remains in full force and effect as described in section I, above. - §2 Definitions
- §3 Health Care Response to Emergency
- §4 Immunity of Health Care Facilities
- §5 Immunity of Health Care Professionals
- §6 Immunity of Health Care Volunteers
- §7 Miscellaneous

§1 Purpose and Authority. These rules are adopted pursuant to section 127A-9, 12, 13, 25, 29, and 31, Hawaii Revised Statutes (HRS), to respond to this wildfire emergency and have the full force and effect of law. The following rules are necessary to enable the healthcare system in Hawai'i to continue to function at acceptable levels of service for patients during a time when health care professionals are in short supply.

§2 Definitions. For the purpose of these rules, the following definitions apply:

"Health care facility" means any program, institution, site whether fixed or mobile, building, or agency, or portion thereof, private or public, other than federal facilities or services, whether organized for profit or not, used, operated, or designed to provide medical diagnosis, treatment, nursing, rehabilitative, or preventive care to any person or persons. The term includes but is not limited to facilities licensed or certified by DOH pursuant to section 321-11(10), HRS, and others providing similarly organized services regardless of nomenclature, and any state government-operated site providing health care services established for the purpose of responding to this wildfire emergency.

"Health care professional" means marriage and family therapists licensed pursuant to chapter 451J, physicians and surgeons and others licensed pursuant to chapter 453, mental health counselors licensed pursuant to chapter 453D, psychologists licensed pursuant to chapter 465, nurses licensed pursuant to chapter 457, respiratory therapists licensed pursuant to chapter 466D, radiographers, radiation therapists, and nuclear medicine technologists licensed pursuant to chapter 466J, social workers licensed pursuant to chapter 467E, and pharmacists licensed pursuant to

chapter 461 who: (i) are providing health care services at a health care facility in response to this wildfire emergency and are authorized to do so; or (ii) are working under the direction of the Hawai'i Emergency Management Agency (HIEMA) or Hawai'i Department of Health (HDOH) pursuant to any Governor's emergency proclamation or executive order related to this emergency (collectively, "emergency proclamations").

"Health care volunteer" means all volunteers or medical, nursing, social work, pharmacy, or respiratory therapist students who do not have licensure who: (i) are providing services, assistance, or support at a health care facility in response to the wildfire emergency and are authorized to do so; or (ii) are working under the direction of HIEMA or HDOH pursuant to the Governor's emergency proclamations.

§3 Health Care Response to Wildfire Emergency. Health care facilities, health care professionals, and health care volunteers shall render assistance in support of the State's response to the wildfire emergency. For health care facilities, "rendering assistance" in support of the State's response includes cancelling or postponing elective surgeries and procedures as each facility determines to be appropriate under the circumstances presented by the wildfire emergency if elective surgeries or procedures are performed at the health care facility. In addition, for health care facilities, "rendering assistance" in support of the State's response must include measures such as increasing the number of beds, preserving personal protective equipment, or taking necessary steps to prepare to treat patients in need of care because of the emergency. For health care professionals, "rendering assistance" in support of the State's response means providing health care services at a health care facility in response to the wildfire emergency, or working under the direction of HIEMA or HDOH pursuant to the Governor's emergency proclamations. For health care volunteers, "rendering assistance" in support of the State's response means providing services, assistance, or support at a health care facility in response to the wildfire emergency, or working under the direction of HIEMA or HDOH pursuant to the emergency proclamations.

§4 Immunity of Health Care Facilities. Health care facilities that in good faith comply completely with all

state and federal orders regarding this emergency, shall be immune from civil liability for any death or injury to persons, or property damage alleged to have been caused by any act or omission by the health care facility, which death of or injury to persons, or property damage occurred at a time when the health care facility was rendering assistance to the State by providing health care services in response to the wildfire emergency, unless it is established that such death or injury to persons, or property damage was caused by willful misconduct, gross negligence, or recklessness of the health care facility.

§5 Immunity of Health Care Professionals. Health care professionals who in good faith comply completely with all state and federal orders regarding the wildfire emergency, shall be immune from civil liability for any death or injury to persons, or property damage alleged to have been caused by any act or omission by the health care professional, which death of or injury to persons, or property damage occurred at a time when the health care professional was rendering assistance to the State by providing health care services in response to the wildfire emergency, unless it is established that such death or injury to persons, or property damage was caused by willful misconduct, gross negligence, or recklessness of the health care professional.

§6 Immunity of Health Care Volunteers. Any health care volunteer who in good faith complies completely with all state and federal orders regarding the wildfire emergency, shall be immune from civil liability for any death of or injury to persons, or property damage alleged to have been caused by any act or omission by the health care volunteer at a time when the health care volunteer was rendering assistance to the State by providing services, assistance, or support in response to the wildfire emergency, unless it is established that such death of or injury to persons, or property damage was caused by the willful misconduct, gross negligence, or recklessness of the health care volunteer.

§7 Miscellaneous. (a) Nothing in these rules shall be construed to preempt or limit any applicable immunity from civil liability available to any health care facility, health care professional, or health care volunteer.

(b) If any provision of these rules is held invalid by any court of competent jurisdiction, this invalidity does not affect any other provision, which can be given effect

without the invalid provision or application. To achieve this purpose, the provisions of this rule are declared to be severable.

(c) The provisions of these rules shall take effect nunc pro tunc to August 8, 2023, and shall remain in effect for the emergency period, unless terminated by separate proclamation, whichever shall occur first.

(b) Each board shall meet not less than twice a year at a time and place determined by the board.

(c) The majority of the members to which the board is entitled shall constitute a quorum. The concurrence of a majority of the members to which the board is entitled shall be necessary to make any action taken by the board valid.
