**Phone:** (669) 900 6833

**Meeting ID:** 825 8183 8247

**Passcode:** 297829

**AGENDA:** The agenda was posted on the State electronic calendar as required by Hawaii Revised Statutes (“HRS”) section 92-7(b).

If you wish to submit written testimony on any agenda item, please submit your testimony to [nursing@dcca.hawaii.gov](mailto:nursing@dcca.hawaii.gov) or by hard-copy mail to Attn: Board of Nursing, P.O. Box 3469, Honolulu, HI 96801. We request submission of testimony at least 24 hours prior to the meeting to ensure that it can be distributed to the Board members.

### **INTERNET ACCESS:**

To view the meeting and provide live oral testimony, please use the link at the top of the agenda. You will be asked to enter your name. The Board requests that you enter your full name, but you may use a pseudonym or other identifier if you wish to remain anonymous. You will also be asked for an email address. You may fill in this field with any entry in an email format, e.g., \*\*\*\*\*@\*\*\*mail.com.

Your microphone will be automatically muted. When the Chairperson asks for public testimony, you may click the Raise Hand button found on your Zoom screen to indicate that you wish to testify about that agenda item. The Chairperson will individually enable each testifier to unmute their microphone. When recognized by the Chairperson, please unmute your microphone before speaking and mute your microphone after you finish speaking.

### **PHONE ACCESS:**

If you cannot get internet access, you may get audio-only access by calling the Zoom Phone Number listed at the top on the agenda.

Upon dialing the number, you will be prompted to enter the Meeting ID which is also listed at the top of the agenda. After entering the Meeting ID, you will be asked to either enter your panelist number or wait to be admitted into the meeting. You will not have a panelist number. So, please wait until you are admitted into the meeting.

When the Chairperson asks for public testimony, you may indicate you want to testify by entering “\*” and then “9” on your phone’s keypad. After entering “\*” and then “9”, a voice prompt will let you know that the host of the meeting has been notified. When recognized by the Chairperson, you may unmute yourself by pressing “\*” and then “6” on your phone. A voice prompt will let you know that you are unmuted. Once you are finished speaking, please enter “\*” and then “6” again to mute yourself.

For both internet and phone access, when testifying, you will be asked to identify yourself and the organization, if any, that you represent. Each testifier will be limited to five minutes of testimony per agenda item.

If connection to the meeting is lost for more than 30 minutes, the meeting will be continued on a specified date and time. This information will be provided on the Board’s website at:

<https://cca.hawaii.gov/pvl/boards/nursing/board-meeting-schedule/>.

Virtual Meeting  
Instructions:

A short video regarding virtual meetings was played for attendees. The Chair provided information on internet and phone access for today's virtual meeting and announced that today's meeting was being recorded and that the recording will be posted on the Board's web page.

Call to Order:

The Chair took roll call of the Board members, noting that the Vice Chair was excused.

In accordance with Act 220, SLH 2021, all Board members attending virtually confirmed that they were alone in their nonpublic location.

After taking roll, quorum was established, and the meeting was called to order at 9:0 a.m.

Chair's Report:

The Chair had the following announcements:

- The National Council of State Boards of Nursing ("NCSBN") recently released their 2024 national workforce results, which is available on NCSBN's website at the following link - <https://www.ncsbn.org/research/recent-research/workforce/2024-workforce-rn.page>; and,
- NCSBN recently sent an email notifying that their Model Act and Rules Committee will be holding an informational meeting on May 22, 2025, reminding that the model act and rules define the scope and practice for nursing and are thus incorporated into our laws, by reference

Approval of  
Minutes:

**Approval of the Executive Session Minutes of the February 6, 2025 Meeting and the Open and Executive Session Minutes of the April 3, 2025 Meeting**

Upon a motion by Mr. Kuo, seconded by Ms. Moore, it was voted on and unanimously carried to approve the executive session minutes of the February 6, 2025 meeting and the open and executive session minutes of the April 3, 2025 meeting.

Education  
Committee:

**Approval of the Veritas Remedial Course for LPNs**

The Chair stated the Education Committee received an email inquiry from the University of Hawai'i – Maui College if the Board

would accept a Veritas remedial course for LPNs. After considering the course description and ensuring students will meet the 60-hour minimum of clinical requirements for a refresher course, the Education Committee voted to approve recommendation to the Board for Board approval.

Upon a motion by the Chair, seconded by Mr. Kuo, it was voted on and unanimously carried to approve the recommendation from the Education Committee related to acceptance of the Veritas LPN remedial course.

### **Delegation to the Education Committee**

EO Pang stated that he is proposing delegation to the Education Committee for authorization to approve staff faculty and nursing applications, due to the 2-month period between meetings, as meetings occur every other month. If not comfortable with making a decision, they still have the authority to bring any agenda item to the Board for review and approval.

DAG Wong advised that for a motion to pass, approval is required to come from majority of the Board.

After further discussion, EO Fukunaga clarified that similar to an application review committee, which is comprised member less than quorum of the Board, the Education Committee would make a recommendation that gets ratified by the Board.

Upon a motion by the Chair, seconded by the Vice Chair, it was voted on and unanimously carried to approve that the Education Committee may approve faculty staff and nursing applications subject to the ratification of the Board.

### Discussion on Continuing Competency Policies:

EO Pang stated he wants to begin discussions regarding the continuing competency booklet as it has been a while since the last updates were made. When nurses are restoring their license, he receives inquiries regarding acceptance of basic life support ("BLS"), pediatric advance life support ("PALS") and neonatal advanced life support ("NALS"). Even though the booklet does provide information on this in the booklet, it is located on page 32; the booklet is extensive and could possibly be shortened for ease of utilization.

DAG Wong added that she previously offered a suggestion to the previous EO to include the booklet into the Board's rules to which

she was told the process is lengthy. The Board at that time decided to create a booklet. She understands the booklet may continuously change, there is substantive inquiries or learning activity options which may benefit licensees if referenced in the rules. It would be beneficial to the Board, too, as the continuing competency requirements would be stated within the rules, rather than the policy of the Board.

EO Fukunaga understands DAG Wong's viewpoint but asked if this would pigeonhole the Board.

DAG Wong indicated no but there are substantive requirements, in the booklet, which will never change, such as the Board will always approve continuing education courses and other learning activity options; excluding the options which the Board may be amenable to in the future.

EO Pang expressed concern that if the Board were to follow DAG Wong's suggestion, it may lead to confusion with licensees as there will be two places to reference. As mentioned earlier, his recommendation is to trim down the booklet so it is not as extensive.

DAG Wong stated that she would prefer that the Board has at least one legally defensible source is better than having none and having only one reference point (booklet).

The Chair indicated that the Board needs to review the current booklet, provide suggestions for revisions for discussion at an upcoming Board meeting.

EO's Pang and Fukunaga stated to streamline and update the information provided for the varying learning activity options. An example would be to delete the column of dates provided next to each national certifying organization.

The Chair recommended that the Board eventually discusses the acceptable certifications without having to list all of them, which may require constant monitoring and updating.

EO Fukunaga asked the Board if they are okay with EO Pang and herself reviewing the booklet to provide revisions and presenting suggestions to the Board.

The Chair agreed and offered the Board to review the booklet as well to provide their suggestions.

Ms. Boyer asked to further the discussion of the Board to accept ACLS, PALS and NALS as continuing education, which she had brought to the Board during a previous meeting.

The Chair reminded that the Board did vote at that meeting though the motion did not pass with quorum and proposed for the Board to vote again today.

The Vice-Chair asked if instructors of ACLS, PALS, NALS courses will be accepted too.

The Chair stated that there is an existing learning activity option pertaining to licensees who have prepared continuing education.

Upon a motion by the Ms. Shields-Hanson, seconded by Ms. Boyer, it was voted on and unanimously carried to approve the following advanced life support courses to comply with continuing education: ACLS, PALS, NALS; including those who provided instruction for these courses.

BLS is not accepted as it is basic life support.

Executive Officer's  
Report:

**The Nurse Licensure Renewal Period is Open, and Ends on June 30, 2025**

EO Pang noted the date on the agenda should be June 30, 2025, not July 30, 2025.

He stated there are around 46,000 licenses eligible this renewal period and provided a reminder for all eligible nurses to renew and complete their continuing competency by June 30, 2025.

The Chair added that completion of a continuing competency learning activity option is to be completed between July 1, 2023 and June 30, 2025.

EO Fukunaga also stated that licensees are attesting that they complied with the continuing competency requirement when renewing their license.

**2025 Legislative Session**

**a. SB 119, SD1, HD1 RELATING TO NURSING**

EO Pang stated this bill is to appropriate funds to establish the BSN program at University of Hawaii-Maui. Conference

draft 1 passed its final reading and has been sent to the Governor's office.

b. SB 1373 SD2 HD1 RELATING TO ADMINISTRATIVE  
LICENSURE ACTIONS AGAINST SEX OFFENDERS

EO Pang stated this bill is to authorize the Department of Commerce and Consumer Affairs and certain licensing boards to automatically revoke and refuse to renew, restore, or reinstate the professional licenses of registered sex offenders.

Conference draft 1 passed its final reading and has been sent to the Governor's office.

Reports:

**Hawai'i State Center for Nursing –  
Laura Reichhardt, Executive Director**

Ms. Reichhardt reported:

- HSCN had a very successful Hawaii nursing transition to practice conference on April 25, 2025.
  - This conference was the first of its kind held by HCSN. She believes licensees were energized and there have been a sizable number of individuals going through residency programs, training as preceptors and receiving specialty training.
- Nursing workforce projections have been posted to their website ([hawaiicenterfornursing.org](http://hawaiicenterfornursing.org)) titled 'Hawaii Nurse Workforce Projections 2022-2037'.
  - A formal summary can be provided, upon request.
- Thankful for the link on the nursing renewals for licensees to complete the nursing workforce supply survey.
  - As of today, 3, 731 licensees have completed the survey. This figure is a little behind at this point in 2023.
- HB 303, preceptor tax credit bill, did not pass forward. The existing program as it was initially enacted in 2018, under Act 43, is still continuing.
- HB 796, relating to tax credits, passed its final reading and has been sent to the Governor's office.
  - This bill includes a 5-year sunset or an annual 1/3 reduction beginning in the 6<sup>th</sup> year of a credit for all tax credits that currently exist in any future tax credits.
    - As it relates to continuing competency, preceptors precepting is a big component in

our state and this bill affects preceptor tax credits.

**Hawai'i American Nurses Association –  
Linda Beechinor**

Ms. Beechinor filled in for Elizabeth Kahakua, Executive Director, and reported:

- HANA currently has over 500 members, though are reaching to have all 17,000 RNs who live and work in the State to join.
- May Nurses Day event on May 15, 2025
  - Free one hour CE will be offered
- Notebooks and pens will be sent to all members for nurses week.
- September 27, 2025 conference will be held at the Honolulu Country Club
  - 5 hours of CE will be offered
  - Governor Green, MD has been invited to be the keynote speaker; confirmation has not yet been received
- Elections are open for a new president-elect, which comes with a 4-year commitment with HANA. They are looking for an individual who has been involved in politics and healthcare policy.
  - They are also looking for a secretary, a neighbor island director, and others
- Spreading the word, in their survey, for licensees to complete the nursing workforce supply survey during renewal.
- HANA is following-up on safe-staffing bills with their health committees, the Legislature, Hawaii nursing agencies and organizations.
- Maintaining coalitions with several community organizations they are currently working with and providing testimony on (i.e. Youth Tobacco, Free Hawaii Group)
  - Testified on the patient bill of rights
  - Worked with moms and guns and are disappointed that the automatic weapons bill did not make it through this session, and will continue next session.
  - Worked with Mothers Against Drunk Driving on alcohol bills
- There was an article in the Honolulu Star-Advertiser, by Nina Wu, regarding emergency readiness and found it interesting that the number one reason why Hawaii is listed so low is due to not being part of the nurse compact.

- HANA is working on a response to this article which will be sent to the newspaper agency

**Hawai'i Association of Professional Nurses –  
Jeremy Creekmore, President**

Mr. Creekmore reported:

- Continue to have monthly meetings
- Getting settled in Board wise
- Preparing to pass the baton over to their president-elect at the end of this year
- Collaborating with provider shortage task force
  - There are bills which passed this session and are working its way up to the national level, hopefully with prior authorization
- Working with HMSA regarding reimbursements. HAPN is not prepared or moving forward at the moment as they are gathering more data.

**Executive  
Session:**

The Chair motioned to move into executive session in accordance with HRS §92-4 and 92-5(a)(1) and (4) “To consider and evaluate personal information relating to individuals applying for professional or vocational cited in section 29-6 or both;” and “To consult with the Board’s attorney on questions and issues pertaining to the Board’s powers, duties, privileges, immunities, and liabilities;”.

It was seconded by the Vice Chair, voted on and unanimously carried to move into executive session at 10:00 a.m.

Upon a motion the Chair, seconded by Mr. Kuo, it was voted on and unanimously carried to move out of executive session at 10:17 a.m.

**Applications:**

**Ratification Lists**

Upon a motion by the Chair, seconded by the Vice Chair, it was voted on and unanimously carried to approve the following ratification lists:

LPNs, license numbers 21356 – 21371  
LPN temporary permit, license number 4  
RNs, license number 124510 – 124706; and  
APRNs and APRNs with prescriptive authority

**Applications**

The Chair called for a motion regarding the applications.

Registered Nurses

Upon a motion by the Vice Chair, seconded by Mr. Kuo, it was voted on and unanimously carried to approve the following applications:

Marc,

Thank you for the booklet and allowing me to read it again after reading on line. I just wanted to confirm. I would say the learning activity option would be the 120 hours as a preceptor for one nursing student or employee transitioning into a new clinical practice. The verbiage is there, although it is very general so I'm not sure in what angle you folks are taking it as far as it being accepted towards CE credits.

Based on your learning activity options, it says during the biennium if you act as a preceptor for at least one nursing student or employee transitioning into a new clinical practice areas for at least 120 hours in a one to one relationship as part of an organized preceptorship program provided that these licensee may preset more than one student or employee during the 120 hours and she'll be evidence by documentation of ours completed and objectives of the preceptorship by the institution supervising the student or employee. This will satisfy as one of their learning activity option on page 24

By definition, a preceptor is a mentorship relationship in a clinical setting, where an experienced healthcare professional like a nurse or doctor guides and supports a less experience individual such as a student or a newly qualified practitioner in their training and development. It involves a fixation close, ended relationship where the preceptor helps, the preceptor gain skills, confidence, and competency, and a specific field.

This semester I taught at UH Manoa for 2 Nursing clinicals for a total of 16 students of 240 hrs of clinical work. Please confirm to me that this teaching does count as I do not want to assume that my interpretation of your learning activity option for the 120 hours as a preceptor for one nursing student or employee transitioning into new clinical

practice area is correct.

Thank you for the information that you have provided and please confirm to me if my interpretation of the learning activity option is acceptable for my situation as an instructor.

Sincerely,

Kelly Ann Bayudan, RN, MSN

To: Whom it may concern,

I am writing in regards to CEU credits. Wanted to know if teaching a nursing clinical class counts towards CEU credits. It says preceptor to a student. What about an instructor to students in the nursing program? Please let me know.

Thank you,

### **LEARNING ACTIVITY OPTIONS**

#### **120 Hours as a Preceptor for One (1) Nursing Student or Employee Transitioning into New Clinical Practice Area**

During the biennium, if you act as a preceptor for at least one nursing student or employee transitioning into new clinical practice areas for at least one hundred twenty (120) hours, in a one-to-one relationship as part of an organized preceptorship program; provided that the licensee may precept more than one student or employee during the one hundred twenty hours and shall be evidenced by documentation of hours completed and objectives of the preceptorship by the institution supervising the student or employee, this will satisfy as one of the learning activity options.

*Precepting for orientation specific to employment (i.e. computer course, documentation, human resource policies or being oriented/precepted to a position) does **NOT** count.*

## **LEARNING ACTIVITY OPTIONS**

### **Similar Type of Learning Activity Option Recognized by the Board**

The Board recommends preapproval for any learning activity option that does not fall under any of the previously mentioned activities. Please provide information on the provider, instructor, course content, objectives, etc. Insufficient information will delay the review process.

Hi,

I was wondering if there was an updated list of certifications that were exempt from the continuing competency for the RN license. At the last renewal, I was told that Certified Clinical Transplant Coordinator (CCTC) would be added to the exempt list. This is a ABTC certification. From what I can tell, the list online is from 2017. Is there an updated list of certifications that are exempt for the RN license?

Thanks,  
Cherie

Whether you are a transplant coordinator, transplant nurse, procurement transplant coordinator or transplant preservationist, the work you do is very meaningful and vitally important in saving and improving lives. Depending on your transplant specialty consider becoming ABTC certified in one or more following roles:

## **NCCA**

### **(<https://www.credentialingexcellence.org/Accreditation/Earn-Accreditation/NCCA>) Accredited Certifications**

- **Transplant Procurement Coordinators:** Certified Procurement Transplant Coordinator (CPTC®) – Professionals who are responsible for the clinical duties related to donor identification, authorization, management, organ recovery, and post-donation follow-up.
- **Clinical Transplant Coordinators:** Certified Clinical Transplant Coordinator (CCTC®) – Professionals who are responsible for the coordination of processes related to solid organ transplantation for both live and deceased donors and transplant recipients.
- **Clinical Transplant Registered Nurses (RN):** Certified Clinical Transplant Nurse (CCTN®) – Registered nurse professionals who monitor and educate patients pre- and post-transplant, providing psycho-social support. Transplant nurses deliver post-transplant immediate care of the patient and evaluate the function of recipient's graft while monitoring complications for infection, rejection, metabolic disorder, and malignancies. Additionally, transplant RNs administer prescribed medications and support the discharge of the transplant donor and recipient.

## **Professional Certifications**

- **Transplant Preservationists:** Certified Transplant Preservationist (CTP®) – Professionals who are responsible for organ recovery, aseptic techniques, organ preservations, specimen collection, and packing, labeling, and shipping.
- **Transplant Financial Coordinators:** Certified Transplant Financial Coordinator (CTFC) – Professionals who provide accurate financial information to patients and their families in a compassionate and tactful manner, while maximizing reimbursement for transplant centers.

# WHAT IS TRANSPLANT CERTIFICATION

In general, certification is a voluntary process by which a non-governmental agency formally recognizes specialized knowledge, skills and ability in a designated area through examination. Successful exam candidates are able to use the credential to identify their achievements. Additionally, a public registry of credentialed individuals is provided for verification by employers and members of the public.

Certification establishes the minimum standard in the specialty and offers recognition for those who have met this standard. Test specifications for the exam are derived through an industry-recognized process, in accordance with best practice guidelines, known as a Job Task Analysis or Role Delineation Study.

Through the requirements of the recertification process, certificants demonstrate continuing competence in the field of transplantation.

In particular, practitioners who achieve certification on the CPTC, CCTC, CCTN or CTP meet recognized certification standards and through established recertification procedures continue to demonstrate continuing competency.

## BENEFITS OF TRANSPLANT CERTIFICATION

(<https://abtc.net/sites/abtc/files/documents/Summary-of-Benefits-updated-3-16-22.pdf>)

Practitioners dedicate years of hard work and study to their profession and should be recognized for their transplant specialty skills and dedication, as well as their enormous personal commitment to patients and families. ABTC certification provides that recognition, along with many other benefits associated with certification:

- **Greater control over your career** - With certification in organ donation or transplantation, practitioners will be recognized for jobs with higher salaries at quality institutions.
- **Professional excellence** - Certification signals to employers, colleagues and patients that your skills are highly specialized – that you embody exceptional expertise in your area of specialty.
- **Personal achievement** - Becoming certified in your field boosts confidence and competence, which can lead to greater job satisfaction and improved patient safety.
- **Expert guidance and support** - Transplant certification welcomes you into an elite community of ABTC-certified professionals. Through ABTC's growing channels of connectivity among candidates and certified professionals, you will have many opportunities to seek guidance and support from other ABTC-certified professionals in your field.
- **Error Reduction** - Certification programs often emphasize patient safety protocols, critical thinking, and problem-solving skills, which help prevent errors in medical treatment.

## Why Transplant Centers and OPOs Support Certification

For transplant centers and organ procurement organizations (OPOs), there are many benefits to having ABTC-certified professionals on your transplant team.

- **Elevated competitive positioning** - When organ donation and transplantation professionals hold specialty certifications from ABTC, it signals to the entire community and practice – and to the public – that your team embodies exceptional expertise in organ transplantation.
- **Public Trust and Confidence** - Patients are more likely to trust certified professionals, knowing they have met stringent qualifications and maintain high standards in their practice.
- **Continuous education and professional growth for your team** - By encouraging transplant certification, you can help ensure ongoing professional and intellectual growth for members of your transplant or organ procurement team.
- **Magnet-Recognized Transplant Certification** - ABTC certifications are Magnet-recognized, which bolsters your organization's efforts in achieving and maintaining Magnet designation.
- **Demonstrated Commitment to Excellence**: CCTC®, CPTC® and CCTN® ABTC certifications are accredited by the National Commission for Certifying Agencies, so having certified professionals on your transplant team underscores your organization's commitment to very high standards of practice.

ABTC certification is granted to qualified candidates who complete and pass the certification examination. Each certification is valid for three years, and ABTC-certified professionals can recertify through continuing education activities or by successfully retaking the examination. The number of Continuing Education Points for Transplant Certification (CEPTCs) required for recertification through continuing education is 60.

**Empower your transplant team with professional certification through the American Board for Transplant Certification (ABTC)! Organizations can support their transplant professionals by facilitating the certification process, which validates expertise and enhances patient care standards.**

To get your team certified:

- ✓ **Identify Eligible Candidates** – Ensure your professionals meet the required experience for their respective certification exams.
- ✓ **Provide Resources** – Encourage candidates to review the **ABTC Candidate Handbook** and utilize self-assessment tools.
- ✓ **Streamline the Application Process** – Assist employees in creating an account and submitting applications via ABTC's **Certemy** portal.
- ✓ **Facilitate Exam Scheduling** – Coordinate with PSI Exam Centers, which offer nearly 200 secure testing locations nationwide.
- ✓ **Support Continued Education** – Encourage professionals to maintain certification by becoming an Approved Provider (<https://abtc.net/abtc-partners>) of **Continuing Education Points for Transplant Certification (CEPTCs)**.

**Below is a table summarizing the benefits of certifications in healthcare and nursing with corresponding source:**

## Continuing Excellence in Organ Donation and Transplantation

Demonstrating your competence through certification is an important first step in maintaining control over your career, but rapid changes in methodologies and technologies require you to keep current with new developments over time. Through recertification, you help ensure continuous intellectual growth and exhibit your continued competence to colleagues and employers, as well as patients and families.

The recertification program facilitates continuing competence in the specialty over the course of a practitioner's certification period. Through continuing competence, the practitioner integrates and applies the knowledge, skills, and judgment to practice safely, effectively, and ethically in a designated role, serving a specific patient population.

Each ABTC certification (CCTC®, CPTC®, CCTN®, CTP®, and CTFC) is valid for three years. There are two ways to recertify:

1. You may retake the certification examination – a passing grade will result in recertification.
2. You may attend continuing education (<https://abtc.net/certified-professionals/continuing-education>) courses to earn Continuing Education Points for Transplant Certification (CEPTCs)

**ABTC's recertification system, Certemy**, makes it easier for certificants to keep track of recertification credits and ease the process of recertification.

Click here (<https://abtc.certemy.com/entry/login>) to access the system. The user ID will be the email address that you used to register for your ABTC exam. If you do not recall your email address please contact ABTC at [info@abtc.net](mailto:info@abtc.net) (<mailto:info@abtc.net>)

When you access your account for the first time, navigate to the login page and select the Reset Password link. It will then prompt you to enter your email address and choose the SEND ME THE LINK button. Certemy will then send you an email. ### Requirements for Recertification through Continuing Education

The number of CEPTCs required for recertification through continuing education is 60. Organ donation and transplantation professionals who are dually certified through ABTC must accumulate 90 CEPTCs within the same three-year period.

A recertification fee of \$395 and \$495 for dual credentials is required to complete recertification. The annual deadline for recertification submission is December 31 for individuals certified prior to April 2020. Effective April 2020, newly certified individual's three-year cycle will begin on the date of initial certification (the date on which the practitioner passed the test) through 3 years from the date of initial certification.

### Additional Information and CEPTC Resources

To support your need for convenient, cost-effective access to CEPTCs, our Approved Provider (<https://abtc.net/certified-professionals/continuing-education>) program incentivizes employers, vendors and partners to provide CEPTCs at your work site or a nearby location, eliminating the need for travel and added expense. For your convenience, ABTC also offers an Online Recertification System that makes it easy to enter and track your continuing education activity from your desktop, tablet or other mobile devices.

## Required Qualifications for Certification Exams

To be eligible for a certification examination – which tests knowledge on all solid organ transplants – candidates must have completed the following requirements:

- Certified Procurement Transplant Coordinator (CPTC®): Candidates must have completed 12 months of work experience as an organ procurement coordinator.
- Certified Clinical Transplant Coordinator (CCTC®): Candidates must have completed 12 months of clinical vascular organ coordinator work experience.
- Certified Clinical Transplant Nurse (CCTN®): Candidates must have completed 24 months of work experience as a registered nurse, including 12 months of direct involvement in the care of the solid organ transplant patient. For information on the conversion of standard units to international units for the CCTN examination, visit Jay Clinical Services (<http://dwjay.tripod.com/conversion.html>).
- Certified Transplant Preservationist (CTP®): Candidates must have completed 12 months of work experience in organ preservation (though organ preservation does not have to be the full-time work responsibility).
- Certified Transplant Financial Coordinator (CTFC): Candidates must have completed 12 months of work experience as a transplant financial coordinator or equivalent position.

## Applying for an Exam

You may complete an online electronic application by creating an account in Certemy (<https://abtc.certemy.com/organization/dashboard>).

1. To create an account, follow the Apply for an ABTC Certification exam (<https://abtc.certemy.com/entry/self-enrollments/Exam-Application/cb2c741a-a4d9-4d0e-8995-62cd35653fba>) link below, and complete the required fields. A verification email will be forwarded to the email address you indicated. Click on the blue “COMPLETE REGISTRATION” button to begin the completion of your application. If you do not receive the email, please check your spam or junk folder. Please be prepared to complete and upload the Employer Attestation form (<https://abtc.net/sites/abtc/files/docs/ABTC%20Employer%20Attestation%20Updated%201118%202024.pdf>).
2. Once your application has been approved, eligibility will be confirmed by email. Click the blue “DIGITAL WALLET” button in the email for a message that provides the nine-digit number needed to schedule your exam with PSI. Remember to keep this email for your records.
3. Acceptance is valid for 90 days from the date the candidate is confirmed exam eligible (as specified in the confirmation notice). A candidate who fails to schedule an appointment for an examination within the 90-day period forfeits the application and all fees paid to take the examination. The candidate will be required to reapply for a future examination.

OFFICE OF THE GOVERNOR  
STATE OF HAWAII

**TWENTY-FIRST PROCLAMATION  
RELATING TO WILDFIRES**

By the authority vested in me by the Constitution and laws of the State of Hawai'i, to provide relief for disaster damages, losses, and suffering, and to protect the health, safety, and welfare of the people, I, Josh Green, M.D., Governor of the State of Hawai'i, hereby proclaim as follows:

**WHEREAS**, on August 8, 2023, the first Proclamation Relating to Wildfires was issued declaring a state of emergency to exist in the counties of Maui and Hawai'i;

**WHEREAS**, on August 9, 2023, after wildfires spread considerably and burned a number of structures in and around Lāhainā, the Second Proclamation Relating to Wildfires was issued, extending the emergency declaration to the entire State;

**WHEREAS**, since August 9, 2023, eighteen additional proclamations relating to wildfires have been issued, including the most recent Twentieth Proclamation Relating to Wildfires issued on February 4, 2025;

**WHEREAS**, these fires burned thousands of acres, cut off communications, and forced closure of roads and schools, and evacuations in the Kohala Ranch and Kula areas;

**WHEREAS**, the fires caused significant loss of life and property in Maui County, thousands of people are without adequate housing, and the town of Lāhainā has been destroyed;

**WHEREAS**, on October 30, 2023, a wildfire ignited in the Mililani Mauka area of Oahu which required considerable county, state, and federal resources to combat;

**WHEREAS**, on July 10, 2024, a new wildfire ignited in upcountry Maui in the vicinity of Crater Road that has burnt approximately 500 acres, requiring additional government resources to protect public health and safety, property, and natural resources;

**WHEREAS**, on July 11, 2024, two wildfires ignited in west Kauai, requiring additional government resources to protect public health and safety, property, and natural resources;

**WHEREAS**, on July 15, 2024, a new wildfire ignited in the Hanapepe area on Kauai and spread rapidly, requiring additional government resources to protect public health and safety, property, and natural resources;

**WHEREAS**, on the evening of July 18, 2024, another wildfire ignited on the Island of Kauai near Kokee Road and has spread in the direction of Waimea, requiring additional government resources to protect public health and safety, property, and natural resources;

**WHEREAS**, conditions such as drought continue to exist statewide that contribute to the risk of additional wildfires in all counties. Considerable government resources are required to mitigate these risks and to contain such wildfires as they ignite to protect the life, health, and safety of the public;

**WHEREAS**, it is necessary to continue recovery and mitigation efforts by federal, state, and county agencies, including ensuring adequate health services, shelter, and housing for survivors, as well as to mitigate conditions contributing to wildfire risks;

**WHEREAS**, it is necessary to supplement the twentieth proclamation to ensure a continued and effective statewide response to the wildfire emergency, including the August 2023 Lāhainā wildfire;

**WHEREAS**, under sections 127A-14 and 127A-16, Hawaii Revised Statutes (HRS), the Governor may determine whether an emergency or disaster has occurred, or whether there is an imminent danger or threat of an emergency or disaster and authorize actions under chapter 127A, HRS, including expending funds;

**WHEREAS**, section 127A-9, HRS, provides immunity from civil liability for certain entities and individuals while engaging in emergency management functions, including volunteers whose services are accepted by authorized persons, except in cases of wilful misconduct, gross negligence, or recklessness; and

**NOW, THEREFORE**, I, JOSH GREEN, M.D., Governor of the State of Hawai'i, hereby determine that an emergency or disaster contemplated by section 127A-14, HRS, is occurring in the State of Hawai'i, and to continue response, recovery, and mitigation efforts, authorize and invoke the following emergency provisions, if not already in effect upon this declaration of an emergency:

## I. Invocation of Laws

Sections 127A-12 and 127A-13, HRS, for county and State agencies to provide emergency relief and engage in emergency management functions as defined in section 127A-2, HRS, as a result of and in response to this event.

Section 127A-13(a)(1), HRS, and determine that disaster-generated debris on private property in impacted areas constitutes an immediate threat to life, public health, and safety, and to the economic recovery of the community at large.

Sections 127A-13(a)(8), 127A-25, and 127A-29, HRS. I hereby order that making any unsolicited offer to an owner of real property located in the areas encompassed by United States Postal ZIP codes 96761, 96767, and 96790 on the island of Maui to purchase or otherwise acquire any interest in the real property is prohibited. I further prescribe and adopt this order as a rule having the force and effect of law under section 127A-25. Any person who intentionally, knowingly, or recklessly makes an unsolicited offer to an owner of real property located in in the areas encompassed by United States Postal ZIP codes 96761, 96767, and 96790 on the island of Maui to purchase or otherwise acquire any interest in the real property shall be guilty of a misdemeanor and upon conviction, the person shall be fined no more than \$5,000, imprisoned no more than one year, or both. The foregoing notwithstanding, it shall be an affirmative defense to prosecution if the property owner to whom the offer was made was not impacted by this wildfire emergency. For purposes of this order, “person” means any individual, partnership, corporation, limited liability company, association, or other group or entity, however organized. “Unsolicited” means not asked for or requested.

Section 127A-12(b)(16), HRS, directing all State agencies and officers to cooperate and extend their services, materials, and facilities as may be required to assist in emergency response efforts.

Section 127A-16, HRS, by activating the Major Disaster Fund.

Section 127A-30, HRS, **rental or sale of essential commodities during a state of emergency; prohibition against price increases**. For the island of Maui only, I hereby invoke, effective for the entire duration of this Twenty-First Proclamation Relating to Wildfires, section 127A-30(a)(1), HRS, the prohibition against price

increases only for the essential commodity of rentals of residential dwellings. Prices for this essential commodity may not exceed regular prices that were in effect as of August 9, 2023, when Section 127A-30 was invoked in the Second Proclamation Relating to Wildfires, unless authorized by law or this Proclamation. Any additional operating expenses incurred by the landlord, and which can be documented, may be passed on to the tenant. If rent increases are contained in a written instrument that was signed by the tenant before August 9, 2023, the increases may take place under the written instrument. Provided, however, that affordable and workforce housing projects contain limited income housing units that are bound by Federal, State, and County regulatory agreements that ensure the continued affordability of the housing units by allowing reasonable tenancy terms and rental increases while protecting income limited tenants from being “priced” out of their units. Rent adjustments per the established regulatory agreements can balance affordability for residents with the operational and maintenance costs incurred. Rental income from market rate units within the projects is necessary to off-set the cost of limited income affordable units and keep the projects economically viable. This paragraph shall therefore not apply to housing projects where all the units are owned by the same entity and are: (1) subject to a regulatory agreement under chapter 201H, HRS, or chapters 2.96 or 2.97 of the Maui County Code; and (2) the regulatory agreement subjects units to governmental regulations relating to rent increases; notwithstanding that these housing projects may contain market rate units.

Sections 127A-13(a)(8) and 127A-25, HRS. I hereby order that any tenancy between a hotel, motel, or condominium operated as a hotel or motel on the island of Maui and a person displaced by this wildfire emergency shall not be deemed to create a landlord tenant relationship, nor convert the dwelling unit of the tenancy into a residential dwelling unit, under section 127A-30, chapter 521, and chapter 666, HRS, unless specified otherwise in such tenancy agreement. I further prescribe and adopt this order as a rule having the force and effect of law under section 127A-25, HRS.

Section 201B-9, HRS. Upon the request of the Board of the Hawai'i Tourism Authority, I hereby declare that a tourism emergency exists in the State. I further authorize the Hawai'i Tourism Authority, in coordination with the Department of Budget

and Finance, to use monies in the Tourism Emergency Special Fund to respond to the emergency and provide relief under section 201B-10, HRS.

Rules Relating to Immunities for Health Care Practices, as set forth in Exhibit A.

## II. Suspension of Laws

I suspend the following specific provisions of law under section 127A-13(a)(3) to the extent that the law impedes or tends to impede or be detrimental to the expeditious and efficient execution of, or to conflict with, emergency functions, including laws which by this chapter specifically are made applicable to emergency personnel:

Chapter 6E, HRS, **historic preservation**, only to the extent necessary to: (1) allow for emergency demolition, removal, and disposal of wildfire-generated debris; and (2) allow for the construction or erection of temporary housing for use by displaced victims of the Lāhainā wildfires, provided that construction or erection of temporary housing may commence after consultation with, and upon the approval of, the State Historic Preservation Division. Any work performed under this limited suspension shall be subject to cultural, historic, and archaeological monitoring as appropriate. I also order State agencies and personnel, to the extent allowed by law and in consultation with the State Historic Preservation Division, to protect and preserve items of historic or cultural significance to the town and historic character of Lāhainā regardless of age, including but not limited to, business signs and other landmarks.

Section 37-41, HRS, **appropriations to revert to state treasury; exceptions**, to the extent that appropriations lapse at the end of the fiscal year before completion of the emergency actions.

Section 37-74(d), HRS, **program execution**, except for sub-sections 37-74(d)(2) and 37-74(d)(3), HRS, and any such transfers or changes considered to be authorized transfers or changes for purposes of section 34-74(d)(1) for legislative reporting requirements, to the extent that legislative authorization would likely delay appropriation transfers or changes between programs to provide necessary funding to complete the emergency actions.

Section 37-77, HRS, **claims for legislative relief**, and section 662-11, HRS, **compromise**, only to the extent necessary to allow the Attorney General to settle claims presented for payment from the One Ohana Bank Trust Account.

Section 40-66, HRS, **lapsing of appropriations**, to the extent that the timing of the procurement of the construction of the emergency permanent repairs may occur the fiscal year following the original emergency proclamation.

Chapter 46, HRS, **county organization and administration, provisions applicable to all counties, general provisions**, to the extent necessary to respond to the emergency.

Chapter 76, HRS, **civil service law**, to the extent necessary to respond to the emergency.

Chapter 89, HRS, **collective bargaining in public employment**, to the extent that compliance with this chapter is detrimental to the expeditious and efficient execution of employment actions relating to the emergency.

Chapter 89C, HRS, **public officers and employees excluded from collective bargaining**, to the extent that compliance with this chapter requires additional time detrimental to the expeditious and efficient execution of emergency actions.

Chapter 91, HRS, **administrative procedure**, to the extent necessary for the expeditious provision of interim housing, housing assistance programs, transportation, relocation assistance, supportive services or programs.

Chapter 92, HRS, **public agency meetings and records**, as follows: section 92-3.7(a), to suspend the physical location requirement for Maui-based boards; section 92-15, for boards with Maui-based members, to suspend the quorum requirements, and to the extent the absence of Maui-based members would prevent a board from meeting them, the voting requirements under section 92-4(a) (executive meetings); section 92-9(b), for Maui-based boards, to suspend the deadline for posting minutes; and section 92-3.1(a), for limited meetings of any board related to the emergency, suspend the requirement for the board's vote and concurrence by the Office of Information Practices.

Section 94-4, HRS, **certificate to same**, and section 3-20-9, HAR, **fees for services**, to the extent necessary to waive fees for copying, certifying, and other services provided by the State Archives Division to victims of the wildfires, provided

that: (1) persons requesting services shall provide documentation of State or Federal assistance received or being processed due to the wildfire emergency (i.e., FEMA Disaster assistance ID number, receipts and/or declaration of loss of property, Lāhainā residency, etc.); (2) the services relate to those records needed to show evidence of identity, property, and individual rights that are available at the Public Archives and which the Archives Division would ordinarily be responsible for providing copies of; (3) requestors shall provide exact citations or references regarding the requested records; and (4) processing of requests is on a “first-come-first serve” basis, but priority will be given to those in immediate need to help establish identity.

Section 103-2, HRS, **general fund**, to the extent that compliance results in any additional delays.

Section 103-50(e), **building design to consider needs of persons with disabilities; review fees**, to waive the review fees for State Disaster Housing Projects supporting Lāhainā wildfire survivors.

Section 103-53, HRS, **contracts with the State or counties; tax clearances, assignments**, only to the extent necessary to waive the Internal Revenue Service (IRS) tax clearance requirement.

Section 103-55, HRS, **wages, hours, and working conditions of employees of contractors performing services**, to the extent that compliance results in any additional delays.

Chapter 103D, HRS, **Hawaii public procurement code**, to the extent that compliance results in any additional delays involved in meeting procurement requirements for selecting contractors in a timely manner to respond to emergency situations.

Chapter 103F, HRS, **purchases of health and human services**, to the extent that compliance results in any additional delays involved in meeting procurement requirements for selecting contractors in a timely manner to respond to emergency situations.

Chapter 104, HRS, **wages and hours of employees on public works**, and implementing administrative rules, to the extent that compliance with this chapter

requires additional time detrimental to the expeditious and efficient execution of emergency actions.

Sections 105-1 to 105-10, HRS, **use of government vehicles, limitations**, to the extent that compliance with this chapter requires additional time detrimental to the expeditious and efficient execution of emergency actions.

Section 127A-16(a)(2), HRS, **major disaster fund**, only to the extent necessary to suspend the \$10,000,000 limit on expenditures for a single emergency or disaster.

Section 127A-25(c), HRS, **rules and orders**, to the extent the requirement to publish rules adopted under chapter 127A, HRS, in a newspaper of general circulation in the State shall be suspended inasmuch as the posting of such rules on the applicable state or county government website or by other means of official announcement as provided by this section brings the rules' content to the attention of the general public.

Section 127A-30, HRS, **rental or sale of essential commodities during a state of emergency; prohibition against price increases**, except on the island of Maui as described in section I, above. The automatic, statewide invocation of this provision is not needed for this emergency.

Chapter 171, HRS, **public lands, management and disposition of**, to the extent necessary to respond to the emergency.

Chapter 180, HRS, **soil and water conservation districts**, to the extent necessary to respond to the emergency.

Chapter 180C, HRS, **soil erosion and sediment control**, to the extent necessary to respond to the emergency.

Chapter 183, HRS, **forest reserves, water development, zoning**, to the extent necessary to respond to the emergency.

Chapter 183C, HRS, **conservation district**, to the extent necessary to respond to the emergency.

Chapter 183D, HRS, **wildlife**, to the extent necessary to respond to the emergency.

Chapter 184, HRS, **state parks and recreation areas**, to the extent necessary to respond to the emergency.

Chapter 187A, HRS, **aquatic resources**, to the extent necessary to respond to the emergency.

Chapter 195, HRS, **natural area reserves system**, to the extent necessary to respond to the emergency.

Chapter 195D, HRS, **conservation of aquatic life, wildlife, and land plants**, to the extent necessary to respond to the emergency.

Chapter 200, HRS, **ocean recreation and coastal areas programs**, to the extent necessary to respond to the emergency.

Chapter 205, HRS, **land use commission**, to the extent necessary to respond to the emergency.

Chapter 205A, HRS, **coastal zone management**, to the extent necessary to respond to the emergency, which includes repairs and reconstruction of structures affected by the Lahaina Wildfire and redevelopment of existing affordable housing projects affected by the Lahaina Wildfire located on State owned property or financed by State funds, subject to compliance with the Hawaii's coastal zone management program objectives, the West Maui Community Plan, and conditions of approval by the Maui County Planning Director to reduce substantial negative impacts on the Special Management Area. Further, that the Special Management Area and shoreline area regulations shall only be applied to parcels located makai of Front Street as determined by the Maui County Planning Director.

Section 231-28, HRS, **tax clearance before procuring liquor licenses**, section 281-31(s), HRS, **licenses, classes**, section 281-32(a), HRS, **licenses, temporary**, section 281-45(3) and (4), HRS, **no license issued, when**, and section 281-53.5, HRS, **county liquor commissions; criminal history record check**, to the extent necessary to allow licensees of premises that are no longer in operation due to the August 8, 2023 wildfires to transfer their operations to new premises within the County of Maui under temporary licenses or permits, provided that the licensees and their operations were in compliance with these sections before August 8, 2023.

Chapter 269, HRS, **public utilities commission**, to the extent necessary to respond to the emergency during the emergency period.

Chapter 271, HRS, **motor carrier law**, to the extent necessary to respond to the emergency during the emergency period.

Chapter 271G, HRS, **Hawaii water carrier act**, to the extent necessary to respond to the emergency during the emergency period.

Chapter 302A, Part VI, Subpart B, **school impact fees**, to the extent necessary to waive the collection of all school impact fees for proposed dwelling units in the West Maui School Impact District designated by the Board of Education.

Section 321-11, HRS, **subjects of health rules, generally**, and title 11, chapter 22, Hawaii Administrative Rules (HAR), **mortuaries, cemeteries, embalmers, undertakers, and mortuary authorities**, only to the extent necessary to extend the time that a dead human body must be embalmed, cremated, or buried, on the island of Maui from within 30 hours after death to the later of: 30 days after death or 30 days after release from the custody of the coroner, medical examiner, county, or county physician.

Section 329-38(h)(1), HRS, **prescriptions**, to the extent necessary to waive the requirement that a prescription for controlled substances originate from within the State when prescribed to treat mental, behavioral, neurodevelopmental, or substance-related or addictive disorders.

Section 329-41(a)(8), HRS, **prohibited acts**, to the extent necessary to allow, subject to any federal regulation, a practitioner who is not physically located in the State to facilitate the issuance or distribution of a written prescription or to issue an oral prescription for a controlled substance for a patient, currently in State, who is directly affected by the wildfire emergency during the emergency period.

Section 329-32, HRS, **registration requirements**, to the extent necessary to allow an out-of-state physician or advanced practice registered nurse with a current and active license, and who holds a current United States Drug Enforcement Administration (DEA) registration in at least one state, to administer, prescribe, dispense, or store a controlled substance, on the island of Maui without a current Hawaii controlled substance registration; provided that they have never had their professional vocational license or their authority to work with controlled substances revoked or suspended and are hired by a State or county agency or entity, or by a hospital, including related clinics and rehabilitation hospitals, nursing home, hospice, pharmacy, clinical laboratory, or other

health care entity. This suspension is contingent on the out-of-state physician or advanced practice registered nurse receiving federal authority from the DEA to administer, prescribe, dispense, or store a controlled substance in Hawaii beforehand and complying with any further instruction from the State Narcotics Enforcement Division (NED).

Chapter 342D, HRS, **water pollution**, and implementing rules including but not limited to HAR chapters 11-53, 11-54, 11-55, 11-56, and 11-62, to the extent necessary to respond to the emergency and conduct emergency management functions, provided that the suspension of these laws is applicable only to: (1) the discharges of water pollutants (making unnecessary the need to obtain National Pollutant Discharge Elimination System permits for industrial, construction and municipal related discharges, including stormwater discharges) or water quality certifications associated with (a) demolition, structural restoration and new construction performed by persons utilizing pollution and erosion control best management practices to minimize debris and sediment runoff and erosion, (b) design, construction, operation, maintenance, and closure of the West Maui Temporary Debris Storage Site and the Permanent Disposal Site, commonly referred to as the "Central Maui Landfill, Phase VII, Part 1" performed by persons utilizing pollution and erosion control best management practices to minimize debris and sediment runoff and erosion; and (2) the restoration and continued use of existing cesspools including the use of existing cesspools with the restoration of existing dwellings and the construction of new dwellings for the purpose of replacing that which was lost to fire, provided that such use also otherwise conforms with chapter 11-62, HAR, and the attached DOH Guidance documents, as may be amended or supplemented from time-to-time – "DEPARTMENT OF HEALTH, GUIDANCE FOR EXISTING CESSPOOL USE IN THE WAHIKULI HOUSELOTS SUBDIVISION, Effective March 19, 2024" and "DEPARTMENT OF HEALTH (DOH), GUIDANCE FOR EXISTING CESSPOOL USE IN RESIDENTIAL KULA, MAUI, Effective October 18, 2024.

Chapter 342E, HRS, **non-point source pollution management and control**, to the extent necessary to support emergency management functions.

Chapter 342F, HRS, **noise pollution**, to the extent necessary to respond to the emergency.

Chapter 342H, HRS, **solid waste pollution**, and implementing rules including section 11-58.1, HAR, to allow for the collection, removal and transportation of fire-related debris from its various sources, wherever located, to the West Maui Temporary Debris Storage Site; for temporary storage of fire-related debris at the West Maui Temporary Debris Storage Site; for the operation, maintenance, and closure (removal and remediation) of the West Maui Temporary Debris Storage Site; for the transportation of the fire-related debris to the Permanent Disposal Site, commonly referred to as the "Central Maui Landfill, Phase VII, Part 1;" for the permanent landfilling of the fire-related debris at the Permanent Disposal Site; and for the design, construction, operation, maintenance, and final encapsulation of fire debris with closure cap of the Permanent Disposal Site and associated work, conditioned upon this closure consisting of a hydraulic separation of the fire debris from any other waste cell and the PDS design including appropriate leachate capture and removal. Notwithstanding anything contained in this paragraph, the suspension of laws contained in this proclamation relating to wildfires does not apply to either (1) the acceptance of non-fire-related debris or municipal solid waste at the Permanent Disposal Site; or (2) the expansion of the Permanent Disposal Site beyond the Central Maui Landfill, Phase VII, Part 1.

Chapter 343, HRS, **environmental impact statements**, to the extent necessary to respond to the emergency.

Section 412:3-503, HRS, **Opening or relocating principal office, branch, or agency**, and 16-25-10(b)(4), HAR, **Applications by Hawaii financial institutions**, to the extent necessary to waive the requirement that a Hawaii financial institution file an application, pay a fee, and obtain the Commissioner of Financial Institutions' prior approval before opening or relocating any branch or agency on the island of Maui.

by a hospital, including related clinics and rehabilitation hospitals, nursing home, hospice, pharmacy, or clinical laboratory, or other health care entity.

Section 451J-5, HRS, **prohibited acts**, and section 451J-7, HRS, **application for licensure**, to the extent necessary to waive the licensure and accompanying requirements so as to enable out-of-state marriage and family therapists with a current and active license, to engage in telehealth practices with Hawai'i patients without an in-person consultation or a prior existing provider-patient relationship, provided that they have never had their license revoked or suspended and are subject to the same conditions, limitations, or restrictions as in their home jurisdiction.

Chapter 453, HRS, **medicine and surgery**, and Chapters 16-85, HAR, **medical examiners**, to the extent necessary to allow out-of-state physicians, osteopathic physicians, emergency medical service personnel, and physician assistants with a current and active license, or those previously licensed under Chapter 453, HRS, but who are no longer current and active, to practice statewide without a Hawai'i license; provided that they have never had their license revoked or suspended and are hired by a State or county agency or facility, or hospital, including related clinics and rehabilitation hospitals, nursing home, hospice, pharmacy, or clinical laboratory, or other health care entity.

Section 453-1.3, HRS, **practice of telehealth**, to the extent necessary to allow individuals currently and actively licensed under Chapter 453, HRS, to engage in telehealth without an in-person consultation or a prior existing physician-patient relationship; and to the extent necessary to enable out-of-state physicians, osteopathic physicians, and physician assistants with a current and active license, or those who were previously licensed under Chapter 453, HRS, but who are no longer current and active, to engage in telehealth in Hawai'i without a license, in-person consultation, or prior existing physician-patient relationship, provided that they have never had their license revoked or suspended and are subject to the same conditions, limitations, or restrictions as in their home jurisdiction.

Section 453D-5, HRS, **prohibited acts**, and 453D-7, HRS, **application for licensure as a mental health counselor**, to the extent necessary to allow out-of-state licensed mental health counselors with a current and active license, or those previously

licensed under Chapter 453D, HRS, but are no longer current and active, to practice statewide without a Hawai'i license; provided that they have never had their license revoked or suspended and are hired by a State or county agency or facility, or by a hospital, including related clinics and rehabilitation hospitals, nursing home, hospice, pharmacy, or clinical laboratory, or other health care entity.

Section 453D-5, HRS, **prohibited acts**, and section 453D-7, HRS, **application for licensure as a mental health counselor**, to the extent necessary to waive the licensure and accompanying requirements so as to enable out-of-state mental health counselors to engage in telehealth practices with Hawai'i patients without an in-person consultation or a prior existing provider-patient relationship, provided that they have never had their license revoked or suspended and are subject to the same conditions, limitations, or restrictions as in their home jurisdiction.

Chapter 457, HRS, **nurses**, and chapter 16-89, HAR, **nurses**, to the extent necessary to allow out-of-state licensed practical nurses, registered nurses, advanced practice registered nurses and advanced practice registered nurses with prescriptive authority with a current and active license, or those previously licensed under Chapter 457, HRS, but who are no longer current and active, to practice statewide without a Hawai'i license; provided that they have never had their license revoked or suspended and are hired by a State or county agency or facility, or by a hospital, including related clinics and rehabilitation hospitals, nursing home, hospice, pharmacy, or clinical laboratory, or other health care entity.

Section 461-7, HRS, **temporary license**, section 461-8.5, HRS, **reciprocity**, section 16-95-18, HAR, **license or permit required**, section 16-95-22.5, HAR, **application and requirements for pharmacist license by reciprocity** and section 16-95-23, HAR, **temporary license**, to the extent necessary to allow out-of-state pharmacists to engage in the practice of pharmacy in the State and under this emergency proclamation, provided that: 1) their license is not revoked or suspended by any jurisdiction in which they hold a license; and 2) they are working in a pharmacy, mobile pharmacy in the State that shares common ownership with at least one currently licensed pharmacy in good standing in the State.

Section 463-10.5, HRS, **guards; registration, instruction, training, testing, and continuing education required; renewal of registration**, to the extent necessary to allow out-of-state licensed guards with a current and active license, or those previously licensed under Chapter 463, HRS, but who are no longer current and active, to engage in the business of guarding statewide without a Hawai'i license; provided that they have never had their license revoked or suspended, have not been convicted of a felony within the last five years, and are hired by a Hawai'i licensed guard agency whose license is current, active, and in good standing.

Section 464-4, HRS, **public works required to be supervised by certain professionals**, to the extent necessary to respond to the emergency.

Chapter 465, HRS, **psychologists**, and Chapter 16-98, HAR, **psychologists**, to the extent necessary to allow out-of-state psychologists with a current and active license, or those previously licensed under Chapter 465, HRS, but who are no longer current and active, to practice statewide without a Hawai'i license; provided that they have never had their license revoked or suspended and are hired by a State or county agency or facility, or by a hospital, including related clinics and rehabilitation hospitals, nursing home, hospice, pharmacy, or clinical laboratory, or other health care entity.

Section 465-2, HRS, **license required**, and section 465-15, HRS, **prohibited acts; penalties**, to the extent necessary to waive the licensure and accompanying requirements so as to enable out-of-state psychologists licensed to engage in telehealth practices with Hawai'i patients without an in-person consultation or a prior existing provider-patient relationship, provided that they have never had their license revoked or suspended and are subject to the same conditions, limitations, or restrictions as in their home jurisdiction.

Chapter 466D, **respiratory therapists**, to the extent necessary to allow an out-of-state respiratory therapist with a current and active license, or those previously licensed under Chapter 466D, HRS, but who are no longer current and active, to practice statewide without a Hawai'i license; provided that they have never had their license revoked or suspended and are hired by a State or county agency or facility, or by a hospital, including related clinics and rehabilitation hospitals, nursing home, hospice, pharmacy, or clinical laboratory, or other health care entity.

Section 466J-4, HRS, **licenses required**, section 466J-5, HRS, **radiographers, radiation therapists, and nuclear medicine technologists, qualifications and licenses**, section 11-44-3, HAR, **licenses required**, section 11-44-4, HAR, **application for license**, and section 11-44-5, HAR, **minimum eligibility requirements for license**, to the extent necessary to allow an out-of-state radiographer, radiation therapist, or nuclear medicine technologist, with a current and active registration or certification in good standing with the American Registry of Radiologic Technologists (ARRT) in radiography, radiation therapy technology, or nuclear medicine technology or with the Nuclear Medicine Technology Certification Board (NMTCB) in nuclear medicine technology, or those previously licensed under Chapter 466J, HRS, but who are no longer current and active, to practice statewide without a Hawai'i license; provided that they have never had their license revoked or suspended and are hired by a state or county agency or other health care entity that possesses a current and valid radiation facility license. Facilities are required to submit to the Radiologic Technology Board the following information for individuals performing radiologic technology under this exemption: full name; ARRT, NMTCB or previous license number; and a photocopy of the current ARRT or NMTCB credential card.

Section 467-7, HRS, **licenses required to act as real estate broker and salesperson**, as it applies to the management and operation, including rental, of State-owned temporary lodging for persons displaced by the Lāhainā wildfire and those assisting with the Lāhainā wildfire recovery.

Chapter 467E, **social workers**, to the extent necessary to allow an out-of-state clinical social worker with a current and active license, or those previously licensed under Chapter 467E, HRS, but who are no longer current and active, to practice statewide without a Hawai'i license; provided that they have never had their license revoked or suspended and are hired by a State or county agency or facility, or by a hospital, including related clinics and rehabilitation hospitals, nursing home, hospice, pharmacy, or clinical laboratory, or other health care entity.

Section 467E-5, HRS, **license required**, and section 467E-13, HRS, **prohibited acts; penalties**, to the extent necessary to waive the licensure and accompanying requirements so as to enable out-of-state social workers to engage in telehealth

practices with Hawai'i patients without an in-person consultation or a prior existing provider-patient relationship, provided that they have never had their license revoked or suspended and are subject to the same conditions, limitations, or restrictions as in their home jurisdiction.

Section 514B-112(c), HRS, **condominium community mutual obligations**, to the extent necessary to allow condominiums and condominium owners to house persons displaced by the wildfire emergency in excess of time limits contained in declarations, by-laws, and house rules.

Section 16-95-26(b)(1), HAR, **pharmacy permit**, to the extent necessary to reopen existing pharmacy locations in areas impacted by the wildfire emergency without a sink with hot and cold water and sewage outlet, provided that: 1) reasonable alternative sources for water and sanitation are established; and 2) all other requirements under section 16-95-26 are met.

Section 23-200-10, HAR, only to the extent necessary to (1) allow registrants whose principal place of business or professional practice is directly impacted by wildfire to relocate controlled substances to another healthcare facility so long as the registrant inventories the relocated substances, segregates the stock of controlled substances, and keeps the substances secure; and (2) allow licensed Hawai'i registrants who may respond to the emergency on the islands of Hawai'i or Maui from another island to prescribe, administer, dispense, or store a controlled substance without the need for a separate controlled substance registration. This suspension is conditioned on the registrant informing the State NED beforehand and complying with any further instruction from NED.

### III. Severability

If any provision of this Proclamation is rendered or declared illegal for any reason, or shall be invalid or unenforceable, such provision shall be modified or deleted, and the remainder of this Proclamation and the application of such provision to other persons or circumstances shall not be affected thereby but shall be enforced to the greatest extent permitted by applicable law.

#### IV. Enforcement

No provision of this Proclamation, or any rule or regulation hereunder, shall be construed as authorizing any private right of action to enforce any requirement of this Proclamation, or of any rule or regulation. Unless the Governor, Director of Emergency Management, or their designee issues an express order to a non-judicial public officer, no provision of this Proclamation, or any rule or regulation hereunder, shall be construed as imposing any ministerial duty upon any non-judicial public officer and shall not bind the officer to any specific course of action or planning in response to the emergency or interfere with the officer's authority to utilize his or her discretion.

**I FURTHER DECLARE** that this proclamation supersedes all earlier proclamations relating to wildfires. The disaster emergency relief period shall commence immediately and continue through June 3, 2025, unless terminated or superseded by separate proclamation, whichever shall occur first. Notwithstanding the termination of a disaster emergency relief period, any contracts, agreements, procurements, programs, or employment of personnel entered into, started, amended, or continued by reason of the provisions of the proclamation relating to this emergency shall continue in full force and effect.

Attorney General, State of Hawai'i

RULES RELATING TO  
IMMUNITIES FOR HEALTH CARE PRACTICES

- §1 Purpose and Authority
- §2 Definitions
- §3 Health Care Response to Emergency
- §4 Immunity of Health Care Facilities
- §5 Immunity of Health Care Professionals
- §6 Immunity of Health Care Volunteers
- §7 Miscellaneous

§1 Purpose and Authority. These rules are adopted pursuant to section 127A-9, 12, 13, 25, 29, and 31, Hawaii Revised Statutes (HRS), to respond to this wildfire emergency and have the full force and effect of law. The following rules are necessary to enable the healthcare system in Hawai'i to continue to function at acceptable levels of service for patients during a time when health care professionals are in short supply.

§2 Definitions. For the purpose of these rules, the following definitions apply:

"Health care facility" means any program, institution, site whether fixed or mobile, building, or agency, or portion thereof, private or public, other than federal facilities or services, whether organized for profit or not, used, operated, or designed to provide medical diagnosis, treatment, nursing, rehabilitative, or preventive care to any person or persons. The term includes but is not limited to facilities licensed or certified by DOH pursuant to section 321-11(10), HRS, and others providing similarly organized services regardless of nomenclature, and any state government-operated site providing health care services established for the purpose of responding to this wildfire emergency.

"Health care professional" means marriage and family therapists licensed pursuant to chapter 451J, physicians and surgeons and others licensed pursuant to chapter 453, mental health counselors licensed pursuant to chapter 453D, psychologists licensed pursuant to chapter 465, nurses licensed pursuant to chapter 457, respiratory therapists licensed pursuant to chapter 466D, radiographers, radiation therapists, and nuclear medicine technologists licensed pursuant to chapter 466J, social workers licensed pursuant to chapter 467E, and pharmacists licensed pursuant to

chapter 461 who: (i) are providing health care services at a health care facility in response to this wildfire emergency and are authorized to do so; or (ii) are working under the direction of the Hawai'i Emergency Management Agency (HIEMA) or Hawai'i Department of Health (HDOH) pursuant to any Governor's emergency proclamation or executive order related to this emergency (collectively, "emergency proclamations").

"Health care volunteer" means all volunteers or medical, nursing, social work, pharmacy, or respiratory therapist students who do not have licensure who: (i) are providing services, assistance, or support at a health care facility in response to the wildfire emergency and are authorized to do so; or (ii) are working under the direction of HIEMA or HDOH pursuant to the Governor's emergency proclamations.

§3 Health Care Response to Wildfire Emergency. Health care facilities, health care professionals, and health care volunteers shall render assistance in support of the State's response to the wildfire emergency. For health care facilities, "rendering assistance" in support of the State's response includes cancelling or postponing elective surgeries and procedures as each facility determines to be appropriate under the circumstances presented by the wildfire emergency if elective surgeries or procedures are performed at the health care facility. In addition, for health care facilities, "rendering assistance" in support of the State's response must include measures such as increasing the number of beds, preserving personal protective equipment, or taking necessary steps to prepare to treat patients in need of care because of the emergency. For health care professionals, "rendering assistance" in support of the State's response means providing health care services at a health care facility in response to the wildfire emergency, or working under the direction of HIEMA or HDOH pursuant to the Governor's emergency proclamations. For health care volunteers, "rendering assistance" in support of the State's response means providing services, assistance, or support at a health care facility in response to the wildfire emergency, or working under the direction of HIEMA or HDOH pursuant to the emergency proclamations.

§4 Immunity of Health Care Facilities. Health care facilities that in good faith comply completely with all

state and federal orders regarding this emergency, shall be immune from civil liability for any death or injury to persons, or property damage alleged to have been caused by any act or omission by the health care facility, which death of or injury to persons, or property damage occurred at a time when the health care facility was rendering assistance to the State by providing health care services in response to the wildfire emergency, unless it is established that such death or injury to persons, or property damage was caused by willful misconduct, gross negligence, or recklessness of the health care facility.

§5 Immunity of Health Care Professionals. Health care professionals who in good faith comply completely with all state and federal orders regarding the wildfire emergency, shall be immune from civil liability for any death or injury to persons, or property damage alleged to have been caused by any act or omission by the health care professional, which death of or injury to persons, or property damage occurred at a time when the health care professional was rendering assistance to the State by providing health care services in response to the wildfire emergency, unless it is established that such death or injury to persons, or property damage was caused by willful misconduct, gross negligence, or recklessness of the health care professional.

§6 Immunity of Health Care Volunteers. Any health care volunteer who in good faith complies completely with all state and federal orders regarding the wildfire emergency, shall be immune from civil liability for any death of or injury to persons, or property damage alleged to have been caused by any act or omission by the health care volunteer at a time when the health care volunteer was rendering assistance to the State by providing services, assistance, or support in response to the wildfire emergency, unless it is established that such death of or injury to persons, or property damage was caused by the willful misconduct, gross negligence, or recklessness of the health care volunteer.

§7 Miscellaneous. (a) Nothing in these rules shall be construed to preempt or limit any applicable immunity from civil liability available to any health care facility, health care professional, or health care volunteer.

(b) If any provision of these rules is held invalid by any court of competent jurisdiction, this invalidity does not affect any other provision, which can be given effect

without the invalid provision or application. To achieve this purpose, the provisions of this rule are declared to be severable.

(c) The provisions of these rules shall take effect nunc pro tunc to August 8, 2023, and shall remain in effect for the emergency period, unless terminated by separate proclamation, whichever shall occur first.
