Program of Work: Recodification of Chapter 514A

Condominium Recodification Attorney Arakaki reported that he, along with Chair Imanaka, have been making power point presentations relating to the recodification project to interested groups. The actual redrafting started on July 1st.

Vice Chair Rice requested that Mr. Arakaki circulate or email a list of presentations to the Commissioners in case they are interested in sitting in on a presentation.

Commissioner Evangelista requested that an extensive report be presented on the recodification project when the Commission takes its committee meetings to Kona on August 6th. Vice Chair Rice suggested that Mr. Arakaki work with HAR to schedule a power point presentation on the recodification project in Kona on the day of the Committee meetings.

Marsha Shimizu of HAR agreed to try to work in a presentation during HAR's convention in Kona.

Commissioner Evangelista also requested that Mr. Arakaki prepare a one page report to distribute to those interested individuals that will provide them with information on where to go to get more information on the recodification project.

Mr. Arakaki reported that he has been updating the current draft and information on the recodification project. Many of the issues raised by the Hawaii County confuse land ownership and land use. In the presentation to the Land Use Research Foundation, Mr. Arakaki made it known that the Condominium Property Regime Law is a land ownership law and not a land use law.

Condominium Reference Library

Specialist Leong reported that the Real Estate Branch has been granted permission by CAI to place on line at no cost, the contents of CAI's periodicals dated at least 12 months earlier than the date they are placed on line. Staff is waiting for clarification from CAI as to how one would obtain the materials to print CAI's references online.
