

## VIEWING YOUR AGENT'S CE HISTORY (MYPVL ACCOUNT)

If you are the PB of a brokerage and would like to view the CE requirements of your agents, you will need to click on the brokerage's license number and NOT your individual license number.

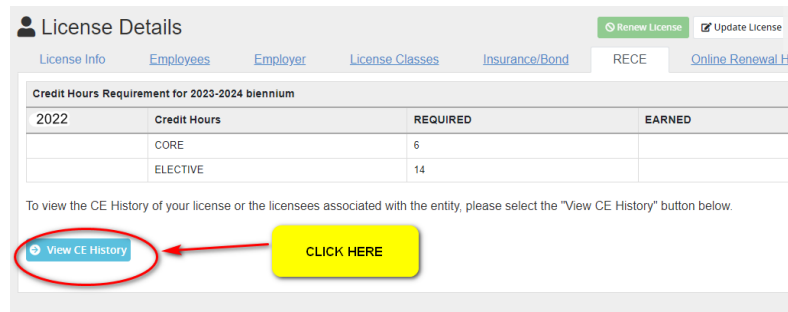

- 1) Click on the entity's license number. If the brokerage license number is not linked to your personal account, you may choose to add it to yours by using the "Find My License" button OR you may create a separate MyPVL account to link the company's license to.

- 2) Once on the "License Details" page. Please click on the "RECE" tab.

- 3) Next select "View CE HISTORY"

- 4) Finally, select the "My Agents" tab to view a list of your agents' CE Requirements for the upcoming renewal.
