Hawaii's Used Car Sales & Warranty Law

Here are some things to keep in mind about Hawaii's used car sales and warranty law.

WHAT IS THE RESPONSIBILITY OF THE DEALERSHIP?

The dealer must provide the following:

- 1) A written disclosure of all material mechanical defects known to the dealer and whether any inspections have been conducted to determine if there are any; and
- 2) A written warranty on covered major mechanical parts of the vehicle if they fail during the specified warranty period.

(A material mechanical defect is one which affects the vehicle's safety and use)

DOES MY CAR REQUIRE A WARRANTY?

Generally, if your car:

- is less than 5 years old;
- costs more than \$1,500;
- has between 12,000 and 75,000 miles;
- is not custom built or modified for show purposes or racing;
- is not inoperable or deemed a "total loss,"

it must be sold with a written warranty.

WHAT HAPPENS IF THE DEALERSHIP IS UNABLE TO REPAIR MY CAR?

If the dealer fails to correct a defect or malfunction as required by the warranty after a reasonable period of time, the dealer must either refund your money or replace the car.

WHAT ARE THE WARRANTY PERIODS?

Cars with:

Less than 25,000 miles – 90 days or 5,000 miles

Between 25,000 and 49,000 – 60 days or 3,000 miles

Between 50,000 and 74,999 – 30 days or 1,000 miles.

WHAT PARTS ARE COVERED BY THE WARRANTY?

Only specified major mechanical parts are covered by this warranty. Parts that are of a cosmetic nature are not included.

Covered parts are:

- Engine, including all lubricated parts, water pump, fuel pump, manifolds, engine block, cylinder head, rotary engine housings, flywheel gaskets, and seals;
- Transmission, including the transmission case, internal parts, torque converter, gaskets, and seals, except four-wheel drive vehicles are excluded from coverage as provided for in this paragraph;
- Drive axle, including front and rear drive axle housings and internal parts, axle shafts, propeller shafts, and universal joints, except four-wheel drive vehicles are excluded from coverage as provided in this paragraph;
- Brakes, including master cylinder, vacuum assist booster, wheel cylinders, hydraulic lines and fittings, and disc brake calipers;
- Radiator;
- Steering, including the steering gear housing and all internal parts, power steering pump, valve body, piston, and rack; and
- Alternator, generator, starter, and ignition system, excluding the battery.

WHAT DO I HAVE TO DO TO GET MY CAR REPAIRED UNDER THE WARRANTY?

You must take the car back to the dealer before the warranty expires and provide written notice of the defect to the dealer.
