#### Association of Real Estate License Law Officials (ARELLO) 2026 Mid-Year Meeting Report, Louisville, Kentucky, April 14-16, 2026

Real Estate Specialist Jackson highlighted that the ARELLO 2026 Mid-Year Meeting allowed members from all jurisdictions to explore industry innovations and collaborate on modern challenges, particularly combating cheating in prelicensing and continuing education courses.

Vice Chair Senter commented on the growing prominence of Artificial Intelligence (AI) at the recent ARELLO meeting. Specifically, she pointed to New York's legislative efforts to restrict chatbots from delivering professional services, while expressing interest in an ARELLO session covering the first-ever real estate sale executed by AI.

Commissioner La Costa remarked that ARELLO conferences are very informative, and she has learned a lot by attending them.

### **Condominium Review Committee**

#### Contract for Condominium Seminars and Educational Sessions – Real Estate Commission's Option to Renew its Condominium Education Seminar Contract with Community Association Institute Hawai'i Chapter (CAI Hawai'i) for Two Years Pursuant to the Same Terms and Conditions of the Existing Contract as Procured through HlePRO – State of Hawaii eProcurement System

Condominium Specialist Choy spoke about the services that Community Associations Institute Hawai'i Chapter (CAI Hawai'i) provides under its current contract with the Commission, including providing seven condominium seminars each fiscal year to unit owners of AOUOs currently registered with the Commission. He informed the Commission, that they have the option to renew the Contract with CAI Hawai'i for two years from July 1, 2026 to June 30, 2028 if they so choose as stipulated in the terms and conditions of the existing Contract procured through HlePRO – State of Hawaii eProcurement System.

Upon a motion by Commissioner La Costa, seconded by Commissioner Abe, it was voted on and carried to renew the Contract with CAI Hawai'i for two years from July 1, 2026 to June 30, 2028 as stipulated in the terms and conditions of the existing Contract procured through HlePRO – State of Hawaii eProcurement System.

Commissioner Emery disclosed that he is a member of CAI Hawai'i and therefore chose to abstain from voting.

Report on the HCCA – HPD Meeting Regarding Condominium Complaints and Complaint Intake Procedures

Condominium Specialist Araki reported that the Hawaii Council of Community Associations (HCCA) held a meeting on May 7, 2026, with Honolulu Police Department (HPD) assistant chiefs to discuss the recurring condominium and association complaints involving suspected embezzlement, misuse of funds, harassment, threats, service-animal issues, and related complaint intake procedures. Many of these matters require more than a patrol-level response because they may involve invoices, checks, financial statements, bank records, audits, and board actions that need further review. Patrol officers can take initial information, prepare a report when appropriate, and forward the matter to detectives for further investigation. The recommendations from the meeting included: routing suspected financial misconduct through patrol intake and detective review, encourage complainants to submit documentation rather than only verbal allegations, coordinating with the Attorney General's office and prosecutors on training and intake guidance, and developing an educational handout or "condo-insider" guide for boards and officers.

Commissioner La Costa asked if there was a breakdown presented at the meeting regarding what the most common condominium complaints were.

Condominium Specialist Araki responded that embezzlement was one of the primary concerns raised.

Commissioner Abe commented that condominiums should have their own internal auditors to look into white collar crimes.

Condominium Specialist Araki added that because auditors are typically retained through the management company, maintaining independent auditing processes supports a complete, objective, and thorough financial review.

Commissioner Emery commented that it is required that a condominium conduct an audit if there are more than 20 units, by an independent certified public accountant. He said that associations are also required to buy a crime policy to protect them in the event of a financial loss. Commissioner Emery went on to say that "there are safeguards in place today to protect the associations from financial loss due to crime."

Condominium Specialist Araki added that there is also a need to train condominium board members to identify discrepancies in financial documents.

Commissioner Abe commented on the lack of oversight of condominium board members to solve financial issues that arise. She also mentioned that it is expensive to hire a certified public accountant, but it is something that condominiums should consider doing.

Vice Chair Senter asked how the Real Estate Branch staff got involved in this meeting.

Condominium Specialist Araki responded that HCCA invited the Real Estate Branch staff “to speak to the kinds of complaints the Real Estate Branch staff receives for condominium unit owners.” She added that the meeting reflected a need for better coordination between HCCA, HPD, and prosecutorial partners to address owner needs and concerns.

Chair Yamane asked if the meeting was “well attended.”

Condominium Specialist Araki mentioned that attendance mainly consisted of HCCA and HPD members.

Vice Chair Senter asked about the Commission’s responsibilities in this matter other than providing educational materials. She also mentioned that investigation matters would be a RICO responsibility, as RICO has the authority to investigate licensed managing agents.

Commissioner Emery commented that “twenty percent of Hawaii’s condos don’t have a managing agent or a licensed real estate broker, twenty percent are quote self-managed.”

Commissioner Abe noted that it is hard to prove white collar crime and there needs to be substantial evidence already present in order for an investigation to be conducted.

Vice Chair Senter reiterated that the support from the Commission would be in the form of education and “legislative lobbying changes.”
